Attention "Easements"

Dear Sir:

I refer to your letter of December 19th, 1956 and copy of your letter dated October 26th, 1956 which was addressed to the Land Registry Office, Vancouver, B.C.

Survey of the pipeline redefining the lands granted by British Columbia Order-in-Council No. 1071 of May 2nd, 1953, has been received and deposited in the Land Registry Office, Prince Rupert, B.C.

As soon as possible an amending Order will be presented to the Lieutenant-Governor in Council substituting for the description given in Order-in-Council No. 1071, paragraphs 1 and 2 of page 1, the description of the land as defined by the survey and plan.

At the same time, a reservation will be made in favour of the Government of the United States of the parcel of land necessary to the operation of Pumping Station No. 2, as per copy of survey notes attached.

In the meantime, our records will be noted accordingly.

Yours truly,

C.T.W. HYSLOP,  
Superintendent of Lands.

MWH/am  
Encls.
