G.S. Andrews, Esq.,  
Director of Surveys and Mapping  
and Surveyor General,  
Surveys and Mapping Branch,  
Dept. of Lands and Forests,  
VICTORIA, British Columbia.

Dear Sir:

Re: Plans 3, 4 and 5 of Haines-  
Fairbanks Pipe Line -  
Cassiar District, B.C.

We are forwarding to you under separate regis-  
tered cover the original linen plans of sheets 3 and 4  
together with 2 sepia linen prints of each of sheets 3  
and 4 of the subject pipe line.

We cannot obtain the required linen opaque  
prints without undue delay, therefore, we would appreciate  
it if you would take it upon yourself to order these  
prints and bill the Chief of Lands Division, Department  
of Northern Affairs and National Resources at Ottawa.

We feel that the cost of sending Mr. Fox to  
change the marking on the witness monument determining  
the intersection of the pipe line with the British Columbia  
Yukon Boundary shown on sheet 5 of the Right-of-Way would  
be unwarranted. Mr. Fox discovered the error on preparing  
the returns and indicated the correct distance on the plan.

We would appreciate your acceptance of sheet 5  
on the basis of the above explanation.

Yours truly,

Pcl.Reg'd.

cc: C.K. LeCapelain, Esq.
