Director of Surveys and Mapping
Surveys and Mapping Branch
Department of Lands and Forests
Victoria, B.C.

Attention: Mr. D. Pearmain, Chief
Legal Surveys Division

Dear Sir:-

Thank you for your letter, File 014225-44 of 20 Jun 55 with the attached plans of the lots surveyed by Mr. Killianovs along the Alaska Highway and Fairies Road, during the 1954 season.

You requested further information regarding lot 6625 in the vicinity of Mile 49, Heines Road. It is requested that this lot be reserved for the use of the United States Government rather than the Canadian Government. It is understood that formal arrangements have been completed between the provincial and Dominion Governments regarding the Heines-Fairbanks projects line-line and its legal survey which is now being carried out by the Department of Mines and Technical Surveys. We requested that lot 6625 be surveyed by you because of its proximity within the right-of-way of the Road. It is hoped this information will make it easier for you to establish the conditions of registration or tenure of this lot.

Yours very truly,

For the Director, Controller
Department Highway System

Original copy of this letter is in the file of the Alaska Highway Survey. The copy of this letter is in the file of the Heines Road Survey.
