2 March 1954

Danmax Development Corporation  
P. O. Box 213  
Brookliff Manor, New York

Attention:

Reference is made to letter from the Office of the Chief of Engineers, dated 30 December 1953, which furnished an interim reply to previous correspondence from your organization, subject: "Report and letter by the Danmax Development Corporation dated 3 December 1953 'Products Pipeline Haines to Fairbanks, Alaska,'" in which you criticized the design of the Haines-Fairbanks Products Pipeline.

The merits of the suggestions made in your report have been studied and the conclusion reached is that the pipeline, as now designed, is in accordance with requirements. It is not contemplated that any additional engineering work will be required which will exceed the capabilities of personnel within the Corps of Engineers or currently under contract.
