1. Attached hereto is a copy of a letter dated 3 December 1953, from the Denimex Development Corporation, P. O. Box 213, Briarcliff Manor, N. Y., with a reproducible copy of a preliminary report prepared by that organization.
2. It is desired that the points raised by the Denimex Corporation be studied to determine if they have any merit and whether or not they should have been considered in the design of the pipeline. It is requested that comments be furnished the Office of the Chief of Engineers by 4 January, 1953, as a basis for reply to the Denimex Corporation.
3. If it is necessary to discuss this report with the Fluor Corporation, it is suggested that the source of criticism not be disclosed.
