

Game Branch,
Box 2703,
Whitehorse, Yukon Territory.

6, May, 1968.

Raymond J. Rugani,
U.S. Army (USARAF),
Fort Richardson, Alaska.

Dear Sir:

This will acknowledge your letter of April 9th, 1968 concerning the use of Fenuron Weed and Brush Killer in lieu of Eastron Brush Killer Herbicide on the Haines-Fairbanks Pipeline Right-of-Way and Pump Stations.

The Canadian Wildlife Service and Fisheries Department are now in the process of evaluating just what effect this herbicide will have on fish and game in the area, and in a fairly short while we hope to again be in touch with you.

The delay in this connection is regretted.

Sincerely, .

J. B. Fitzgerald,
Director of Game.
