to the Ambassador's Note No. 63 of August 17, 1959, requesting an extension until July 1961 of the permission granted in External Affairs Note No. 13 of January 16, 1957,* for the United States Army to use the Haines Cut-off Road for winter maintenance of the Haines-Fairbanks Pipeline.

The Secretary of State for External Affairs notes that the conditions contained in sub-paragraph (a) through (h) of Note No. 13 dated January 16, 1957,* from the Department of External Affairs will continue to apply and is pleased to approve the extension of this permission until July 1961, as requested in the Ambassador's Note No. 63 of August 17, 1959. The Secretary of State for External Affairs is also pleased to confirm that the assistance of the Canadian Northwest Highway System will continue to be available on a reimbursable basis in the event snow removal operations on the road become necessary, in accordance with the conditions outlined in the Embassy's Note No. 158 of December 10, 1957.

I

The Ambassador of the United States of America to Canada to the
Secretary of State for External Affairs

THE FOREIGN SERVICE OF THE UNITED STATES OF AMERICA

Note No. 158

The Ambassador of the United States of America presents his compliments to the Secretary of State for External Affairs and has the honor to refer to the Agreement regarding winter maintenance of the Haines-Fairbanks Pipeline (Canadian Note 13 of January 16, 1957* and United States Note 178 of January 17, 1957).*

The Ambassador has been informed that the United States Army and the Canadian Army have reached agreement on the following arrangements for the Canadian Northwest Highway System to provide assistance in the snow removal operations along the Haines Cut-off Road on a reimbursable basis:

1. The Northwest Highway System will be responsible for clearing the Haines Road from Haines Junction to Mile 103 upon request from the United States Army. If emergencies arise simultaneously on both the Northwest Highway System and the Haines Road, priority will be given to the Highway proper.

2. Over-snow vehicles or other transport shall be used between Mile 103 and Mile 48. Any equipment or effort needed to cover this distance will normally be provided by the United States Army. However, in an extreme emergency, such as a break in the pipeline or under such extremely severe weather conditions that a line break might threaten, the Northwest Highway System will lend such assistance as it can, for the

duration of the emergency, upon request from the United States Army. It is understood that the Commanding General, United States Army, Alaska, will call for such assistance only when there are no other possible means of reaching the trouble area.

3. The Alaska Road Commission or some other United States agency may continue to keep the Haines Road clear from the border to Mile 48.

4. The United States Army will be charged for any Canadian Army effort provided at the specific request of the Commanding General, United States Army, Alaska, on a reimbursable basis.

5. The detailed implementation of the above conditions will be worked out by the United States Army Alaska Command and the Northwest Highway System.

The above cited arrangements, agreed to by the United States Army and the Canadian Army are regarded by the United States Government as coming within the purview of sub-paragraph (h) of Canadian Note No. 13 dated January 16, 1957* from the Secretary of State for External Affairs.

The Ambassador would appreciate being informed whether these arrangements are acceptable to the Canadian Government.

DEPARTMENT OF EXTERNAL AFFAIRS

No. 289

The Secretary of State for External Affairs presents his compliments to the Ambassador of the United States of America and has the honour to refer to United States Note No. 158 of December 10, 1957, concerning arrangements which have been agreed to by the United States Army and the Canadian Army with respect to snow removal operations along the Haines Cut-off Road.

The Secretary of State for External Affairs is pleased to inform the Ambassador of the United States of America that the arrangements set out in Note No. 158 are acceptable to the Canadian Government.
