Director of Surveys and Mapping
Surveys and Mapping Branch,
Department of Lands and Forests
Victoria, B.C.

Attention Mr. D. Pearmain, Chief
Legal Surveys Division

Dear Sir:-

Thank you for your letter, File 0146735 #4 of 20 Jun 55 with the attached plans of the lots surveyed by Mr. W. H. Grove R.C.S.S. along the Alaska Highway and Fairies Road, during the 1954 season.

You requested further information regarding lot 6625 in the vicinity of Mile 48, Heines Road. It is requested that this lot be reserved for the use of the United States Government rather than the Canadian Government. It is understood that formal arrangements have been completed between the Provincial and Dominion Governments regarding the Heines-Fairbanks projects line-line and its legal survey which is now being carried out by the Department of Mines and Technical Surveys. We requested that lot 6625 be surveyed by you because of its proximity within the right-of-way of the Road. It is hoped this information will make it easier for you to establish the conditions of registration or tenure of this lot.

Yours very truly,

For the (1955) Controller
Comptroller,
Northwest Highway System

6625 is in the right-of-way of the Alaska Highway and Fairies Road. It is requested that this lot be reserved for the use of the United States Government rather than the Canadian Government. It is understood that formal arrangements have been completed between the Provincial and Dominion Governments regarding the Heines-Fairbanks projects line-line and its legal survey which is now being carried out by the Department of Mines and Technical Surveys. We requested that lot 6625 be surveyed by you because of its proximity within the right-of-way of the Road. It is hoped this information will make it easier for you to establish the conditions of registration or tenure of this lot.
