Proposed reservation at Klukshu, Y.F.
Your file: 166/30-5 (R.8)

Before preparing the instructions for the survey of the above parcel, the Surveyor General has offered a suggestion regarding access to the 1 acre parcel occupied by The Roman Catholic Mission.

This 1 acre parcel is to be excepted from the land which you require and is shown marked in red on the attached sketch. The access road is also shown and follows, in general, the direction of a trail at present in use.

The suggested access road deviates from the present trail in order that the Indian cemetery should not be separated in any way from the village.

Due to opposition expressed by certain members of the Indian Band some years ago, it is not proposed at this time to monument the 1 acre parcel, but provision will be made in the survey of the reservation area for the exclusion of the Mission parcel and the access road.

I will be obliged if you would let me know whether the position of the road, as suggested by the Surveyor General, is satisfactory.
