INDEX TO REPORTS OF GEOLOGICAL SURVEY OF CANADA FROM 1951-59

1,700—1964—5132

95237—1

PREFACE

The need for a general index became obvious as the publications of the Geological Survey of Canada grew in number and complexity after the first *Report of Progress* in 1843. Over the years six of these indices have been published; the last one was issued in 1962 and brought the coverage of all publications up to 1950. This index, the seventh of the series, covers the period 1951-59.

INTRODUCTION

This index is the seventh in a series issued by the Geological Survey of Canada. The first covers reports published from 1863 to 1884; the second, those from 1884 to 1904; the third Separate Reports from 1906 to 1910 and Summary Reports from 1905 to 1916; the fourth Palaeontology in reports from 1847 to 1916; the fifth Memoirs 1910 to 1926, Bulletins from 1913 to 1926, and Summary Reports from 1917 to 1926; the sixth, publications issued from 1927 to 1950.

This index covers publications from 1951 to 1959 inclusive, except for the following reports and maps dated 1959 but issued after April 1, 1960: Annual Reports for 1958, 1959; Memoirs 302, 303; Water Supply Paper 328; Preliminary Papers 59-8, 59-9, 59-11, 59-12, 59-13 and 59-15; and Preliminary Maps 39-1959, 45-1959, 50-1959, 52-1959, 53-1959, 54-1959, 56-1959, 58-1959, and 59-1959.

ABBREVIATIONS
