trip into Clear Creek area

(Quartz creek)

drove into left fork and then down left to forks of left and Right - walked up to Quartz creek and made camp at cut clearing about 2000' up Quartz. stayed 9 days and worked up creek panning and also working side benches - took some small Alaker. walked up to headwaters and found quite a few old diggings.

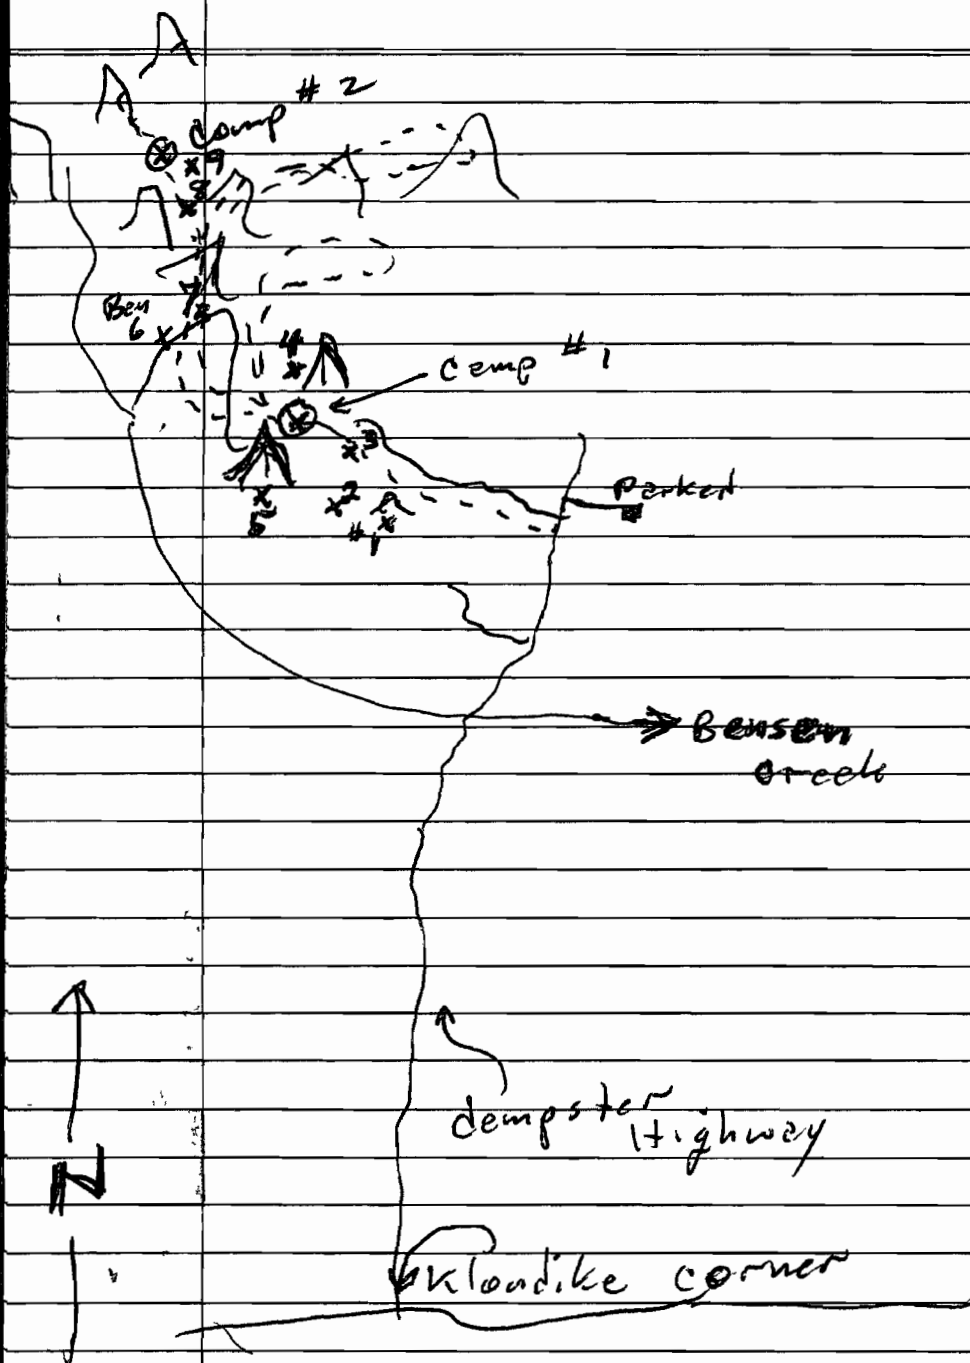

Jewell
Gulch

found hand dug ditch on left limit that ran for over mile to deliver water to some diggings about half way down creek.

Prospected up hills on both sides - but not much to get excited about. Some Quartz mixed with country Rock.
