Feedback on YMEP

White Golf Corp. sincerely acknowledges and appreciates the generous financial support provided by the YMEP program, which remains a crucial incentive for mineral exploration in the Yukon. The program continues to be instrumental in fostering advancements in the mineral exploration sector. This initiative has played a pivotal role in advancing our scientific understanding of the geology and distribution of mineralization, extending beyond the target level to encompass the entire White Gold district and the Yukon as a whole. The financial assistance and resources made available through this program have not only empowered our team to conduct comprehensive geological surveys, but have also paved the way for groundbreaking discoveries benefiting numerous other companies and individuals.
