The accompanying notes and schedules are an integral part of these consolidated financial statements.

GOVERNMENT OF YUKON

Notes to Consolidated Financial Statements  
March 31, 2017

1. **Authority and operations**

(a) Authority

The Government of Yukon ("the Government") operates under the authority of the *Yukon Act* (Canada). All disbursements for operations and loans are authorized by the Yukon Legislative Assembly.

(b) Budget

The Budget figures are based on the Consolidated Budget of the Government Reporting Entity as published in the Government's 2016/2017 Operation & Maintenance and Capital Estimates.

(c) Investments

The *Financial Administration Act* (Yukon) allows the Government to invest money from the consolidated revenue fund in the following investments:

- securities that are obligations of, or guaranteed by, the Government of Canada or a province;
- fixed deposits, notes, certificates and other short-term paper of, or guaranteed by, a bank including swapped deposit transactions in the currency of the United States of America;
- commercial paper issued by a company incorporated under the laws of the Government of Canada or a province, the securities of which are rated in the highest rating category by at least two recognized security rating institutions.

2. **Significant accounting policies**

These consolidated financial statements are prepared in accordance with Canadian public sector accounting standards as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada.

(a) Reporting entity and method of consolidation

The consolidated financial statements include the accounts of all government sector entities and government not-for-profit organizations.

Government sector entities include departments and government-controlled corporations. Government not-for-profit organizations comprise government-controlled education and health institutions.

The accounts of government sector entities and not-for-profit organizations, except for those that are commercial in nature and are classified as government business enterprises, are consolidated using the full consolidation method. With the full consolidation method, revenue and expense transactions, capital, investing and financing transactions, and related assets and liability accounts between consolidated entities have been eliminated.

GOVERNMENT OF YUKON

**Notes to Consolidated Financial Statements  
March 31, 2017**

The accounts of government business enterprises are consolidated using the modified equity method. Under the modified equity method of consolidation, the accounting policies of consolidated entities are not adjusted to conform with those of the government organizations that are consolidated using the full consolidation method. Inter-entity revenue and expense transactions and related asset and liability balances are not eliminated.

All accounts of the government reporting entity are consolidated using the financial information for the year ended March 31, 2017. As for the organizations that use a fiscal year-end other than March 31, the Government used their interim financial statements as at March 31, 2017.

Trusts administered by the Government on behalf of other parties (Note 23) are excluded from the government reporting entity.

The organizations comprising the government reporting entity, categorized by the consolidation method, and their specific operating authority are as follows:

Full consolidation:

Government of Yukon departments  
Yukon College  
Yukon Hospital Corporation  
Yukon Housing Corporation

Authority for operations:

*Financial Administration Act*  
*Yukon College Act*  
*Hospital Act*  
*Housing Corporation Act*

Modified equity:

Yukon Development Corporation  
Yukon Liquor Corporation

*Yukon Development Corporation Act*  
*Liquor Act*

(b) Basis of accounting

Revenues

Revenues are recorded on an accrual basis.

Grants from the Government of Canada are recognized as revenues when entitlement for the transfer occurs. The Government receives a Formula Financing grant and the Canada health and the Canada social transfers from the Government of Canada in accordance with the *Federal-Provincial Fiscal Arrangements Act* (Canada) which expires in 2018/19. The Formula Financing grant is principle-based and the Canada health transfer and the Canada social transfer are simple equal cash per capita grants. Adjustments for health and social transfers are made in the year they are known.

Government transfers are recognized as revenue when the funding is authorized and any eligibility criteria are met, except to the extent that funding stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as unearned revenue when transfer stipulations give rise to a liability. Transfer revenues are recognized as the stipulation liabilities are settled.

## GOVERNMENT OF YUKON

### Notes to Consolidated Financial Statements March 31, 2017

Income taxes, levied under the *Income Tax Act* (Yukon), are collected by the Government of Canada on behalf of the Government under a tax collection agreement and are remitted to the Government monthly. The remittances are based on the Government of Canada's Department of Finance's best estimates for the taxation year, which are periodically adjusted until the income tax assessments for the year are final. The Government recognizes income tax revenues based on the estimates made by the Government of Canada, adjusted for known factors. Any adjustments upon finalization are reflected in the accounts in the year they are identified. Tax concessions are accrued on the same basis as the associated tax revenues and reduce gross taxation revenue.

Fuel and tobacco taxes are levied under the authority of the *Fuel Oil Tax Act* (Yukon) and the *Tobacco Tax Act* (Yukon). Revenues are recognized based on the statements received from collectors and estimates. Adjustments from reassessments are recorded in revenue in the year they are identified.

#### Expenses

Expenses are recorded on an accrual basis. Transfer payments are recorded as expenses when authorized and recipients have met eligibility criteria.

Recovery of prior years' expenses includes reversal of amounts accrued in prior years which are in excess of actual expenses. These amounts cannot be used to increase the amount appropriated for the current year.

#### Assets

##### Financial assets

Cash and cash equivalents include cash on hand, balances with banks, and short-term investments that have terms to maturity of less than 90 days from the date of acquisition.

Temporary investments include treasury bills, GICs, term deposits, and funds that include short term debt securities of Canadian governments and corporate issuers with terms to maturity of 90 days or more but less than one year from the date of acquisition. When the market value of temporary investments has declined below the carrying value, they are carried at market value.

Portfolio investments are accounted for by the cost method and include floating rate notes and funds that include bonds and equities. These investments are expected to be realized or have terms to maturity greater than one year from the date of acquisition. When there has been a loss in value of a portfolio investment that is other than a temporary decline, the investment is written down to recognize the loss.

## GOVERNMENT OF YUKON

### Notes to Consolidated Financial Statements March 31, 2017

Loans receivable are stated at the lower of principal amounts and net recoverable value. Valuation allowances, which are recorded to reduce loans receivable to their net recoverable amount, are based on historical experience, current conditions and all circumstances known at the date of the preparation of the financial statements. The loan receivable is reduced by the amount of a loss when the amount is known with sufficient precision, and there is no realistic prospect of recovery. Interest revenue is recognized on an accrual basis until such time that the collectability of either principal or interest is not reasonably assured. Loans with significant concessionary terms are reviewed annually. Each year a provision based on the present value of the loans at the average borrowing rate is recorded.

Inventories for resale include land that has been developed by the Government and supplies held for eventual sale. Land is comprised of the costs of acquiring, planning and developing lots. The lots are valued at cost, except, when there has been a loss in value that is other than a temporary decline, in which case the lots are written down to net recoverable value to recognize the loss. Supplies held for sale are recorded at the lower of cost and net realizable value.

#### Non-financial assets

The costs of acquiring land, buildings, equipment and other capital property are capitalized as tangible capital assets and are amortized to expense over the estimated useful lives of the assets.

Inventories of supplies consist primarily of fuel and lubricants, repair parts, stationery and office supplies, highway materials that are tracked through revolving funds and medical supplies of the Yukon Hospital Corporation. Inventories are valued at the lower of cost and replacement value. These assets are not held for sale and are intended to be used in providing government services. Other materials and supplies are expensed at the time of acquisition.

#### Liabilities

Liabilities include financial claims payable by the Government and unearned revenues.

Unearned revenues are cash received for which goods and services have not been provided by year-end, and are primarily comprised of motor vehicle licence fees for the following fiscal years and transfer payments from the Government of Canada, which have associated stipulations that gave rise to a liability as of year-end.

Liabilities for leased tangible capital assets are recorded with a corresponding asset at the lower of the present value of the minimum lease payments, excluding the portion relating to executory costs, and the fair value of the asset. The present value is based on the Government's borrowing rate at the time the obligation is incurred.

The contingencies of the Government are potential liabilities which may become actual liabilities when one or more future events occur or fail to occur. If the future event is considered likely to occur and is quantifiable, an estimated liability is accrued. If the likelihood is not determinable or the amount cannot be reasonably estimated, the contingency is disclosed.

GOVERNMENT OF YUKON

**Notes to Consolidated Financial Statements**  
**March 31, 2017**

(c) Tangible capital assets

Tangible capital assets are buildings, roads, equipment, and other items, whose useful life extends beyond the fiscal year and are intended to be used on an ongoing basis for delivering services. These assets are recorded at cost, or fair value if donated. For certain tangible capital assets that have previously been transferred from the Government of Canada or where the original costs are not readily available, estimated costs have been extrapolated back in time in a systematic and rational manner to approximate the appropriate transfer value of the assets at the time of transfer. Interest costs on loans that are directly attributable to the acquisition of tangible capital assets are capitalized.

The value of works of art, historical treasures, all intangibles, and items inherited by right of the Crown, such as Crown lands, forests, water, and mineral resources are not recorded as tangible capital assets. Historical treasures and works of art are expensed when they are acquired.

Tangible capital assets that are held and available for use by the Government are generally amortized on a straight-line basis over their estimated useful life of the asset as follows:

<u>Asset category</u>	<u>Estimated useful life</u>
Land	N/A
Buildings	
Buildings	40 - 50 years
Leasehold improvements	Shorter of the lease term or useful economic life
Equipment and vehicles	
Heavy equipment	7 - 30 years
Operating equipment	5 - 25 years
Vehicles	6 - 20 years
Computer hardware and software	
Computer hardware	5 years
Computer software	Expected usage of the system before overhaul
Transportation infrastructure	
Forestry access roads	10 years
Highways	As determined by the Department of Highways and Public Works to a maximum of 75 years
Pavement/surfaces	
Bridges	
Airport runways	
Other	
Portable classrooms/housing trailers	25 years
Land improvements and fixtures	up to 50 years
Sewage and water systems	up to 50 years
Mobile radio system infrastructure	15 years

Tangible capital assets under construction or development are reported as work-in-progress with no amortization until the asset is placed in service.

GOVERNMENT OF YUKON

**Notes to Consolidated Financial Statements**  
**March 31, 2017**

(d) Post-employment benefits and compensated absences

Post-employment benefits are expected to be provided after employment but before retirement to employees. These benefits include severance benefits, accumulated sick and vacation leave benefits that are paid in cash when employment is terminated. Compensated absences are benefits such as sick leave and vacation leave that are paid to employees during their employment. The Government recognizes the obligation for these benefits as a liability and uses actuaries to estimate the amount of the obligation. Expenses related to post-employment benefits and compensated absences are recognized in the period in which the employee's service is rendered and the benefits are earned. The accrued benefit liability for these benefits is calculated as the accrued benefit obligation adjusted by unamortized actuarial gains or losses.

(e) Retirement benefits

The Government's employees participate in the Public Service Pension Plan administered by the Government of Canada. The Government's contributions are expensed during the year in which the services are rendered and represent its total pension obligation. The Government is not currently required to make contributions with respect to any actuarial deficiencies of the pension plan. Other retirement benefits include extended health care for retired employees who choose to participate in the plan and a life insurance plan for retirees who meet certain criteria. Liabilities for these benefits are valued on an actuarial basis.

Retirement benefits to Members of the Legislative Assembly, territorial court judges, and the employees of Yukon College and the Yukon Hospital Corporation are defined benefit plans and are valued on an actuarial basis. Actuarial valuations of these benefits are performed triennially using the projected benefit method prorated on service, with an actuarial valuation for accounting purposes updated annually. Pension expenses for these plans are recognized as members render services. Actuarial gains and losses are amortized on a straight-line basis over the estimated average remaining service lives of the participants. The accrued benefit liability for these plans is calculated as the accrued benefit obligation less plan assets, if any, adjusted by unamortized actuarial gains or losses. Plan assets are valued at the fair market value.

(f) Environmental liabilities

Environmental liabilities consist of the estimated costs related to the remediation of environmentally contaminated sites. An environmental liability is accrued, net of recoveries, and an expense recorded based on management's best estimates when the contamination occurs, when the Government becomes aware of the contamination or, in the case of solid waste landfill closure and post-closure care, as the landfill site's capacity is used, and when the Government is obligated to incur such costs. If the likelihood of the Government's obligation to incur these costs is not determinable, the contingency is disclosed in the notes to the financial statements.

GOVERNMENT OF YUKON

Notes to Consolidated Financial Statements  
March 31, 2017

(g) Measurement uncertainty

The preparation of financial statements in accordance with Canadian public sector accounting standards requires the Government to make estimates and assumptions that affect the amounts of assets, liabilities, revenues and expenses reported in the financial statements. By their nature, these estimates are subject to measurement uncertainty. The effect on the financial statements of changes to such estimates and assumptions in future periods could be significant although, at the time of preparation of these statements, the Government believes the estimates and assumptions to be reasonable.

Some of the more significant management estimates relate to portfolio investments, post-employment and retirement benefits, environmental liabilities, valuation of the Dawson wastewater treatment plant, amortization of tangible capital assets, corporate and personal income tax revenue and contingencies.

The provision for environmental liabilities is subject to a high degree of measurement uncertainty because the existence and extent of contamination, the responsibility for, and the timing and cost of remediation cannot be reliably estimated in all circumstances. The degree of measurement uncertainty resulting from the estimation of the provision cannot be reasonably determined.

3. **Cash and cash equivalents**

	<u>2017</u>	<u>2016</u>
	(thousands of dollars)	
Bank balances	\$ 26,424	\$ 21,391
Short-term investments	4,662	5,882
Cash on hand	<u>74</u>	<u>73</u>
	<u>\$ 31,160</u>	<u>\$ 27,346</u>

4. **Temporary investments**

	<u>2017</u>		<u>2016</u>	
	<u>Market Value</u>	<u>Carrying Value</u>	<u>Market Value</u>	<u>Carrying Value</u>
	(thousands of dollars)			
Term deposit	\$ 125,944	\$ 125,944	\$ 80,179	\$ 80,179
Treasury bills and GICs	87,902	87,901	146,579	146,577
Provincial debenture	-	-	607	613
Other	<u>654</u>	<u>652</u>	<u>500</u>	<u>498</u>
	<u>\$ 214,500</u>	<u>\$ 214,497</u>	<u>\$ 227,865</u>	<u>\$ 227,867</u>

The term deposit, treasury bills and GICs held during the year had a weighted average effective yield of 1.14% (2016 – 1.13%) per annum and the remaining temporary investments had a weighted average effective yield of 1.0% (2016 – 0.7%) per annum.

GOVERNMENT OF YUKON

Notes to Consolidated Financial Statements  
March 31, 2017

5. **Due from/to Government of Canada**

	<u>2017</u>	<u>2016</u>
	(thousands of dollars)	
Due from Government of Canada		
Cost-sharing agreements and projects delivered on behalf of the Government of Canada	\$ 56,514	\$ 47,482
Other	<u>1,469</u>	<u>1,239</u>
	<u>\$ 57,983</u>	<u>\$ 48,721</u>
Due to Government of Canada		
Income tax payable	\$ 16,011	\$ 14,831
Public Service Pension Plan contribution payable	7,609	7,637
Type II mine sites	6,602	7,077
RCMP	6,377	6,264
Payroll taxes payable	5,106	-
Other	<u>1,682</u>	<u>2,369</u>
	<u>\$ 43,387</u>	<u>\$ 38,178</u>

Amounts due from and due to the Government of Canada are payable on demand and are non-interest bearing. The carrying amounts approximate fair market values because of their short term to maturity.

6. **Accounts receivable**

	<u>2017</u>	<u>2016</u>
	(thousands of dollars)	
Taxes, interest and other revenue receivables	\$ 18,045	\$ 14,769
Less valuation allowances	<u>(2,001)</u>	<u>(1,536)</u>

Due from Territorial corporations that are not fully consolidated	<u>2,179</u>	<u>2,708</u>
	<u>\$ 18,223</u>	<u>\$ 15,941</u>

GOVERNMENT OF YUKON

Notes to Consolidated Financial Statements  
March 31, 2017

7. Portfolio investments

	2017		2016	
	Face Value	Carrying Value	Face Value	Carrying Value
	(thousands of dollars)			
Marketable securities	\$ 27,065	\$ 27,065	\$ 28,987	\$ 28,988
Other	265	21	36,256	34,554
	<u>\$ 27,330</u>	<u>\$ 27,086</u>	<u>\$ 65,243</u>	<u>\$ 63,542</u>

Marketable Securities

Marketable securities are designated investments (see Note 8) set aside within the Consolidated Revenue Fund for use in meeting certain post-employment and retirement benefit obligations for Members of the Legislative Assembly. The investments are managed by a third party.

Other

On March 31, 2017 the Government held portfolio investments in floating rate notes with a carrying value of \$21,000 (2016 - \$34,554,000) as a result of a restructuring process related to previous investments. Upon the restructuring, on January 21, 2009, the Government received notes with a face value of \$36,300,000 of various classes issued by a trust referred to as the "Master Asset Vehicle II" ("MAV II"). All but one class of the notes were redeemed in full during the fiscal year.

GOVERNMENT OF YUKON

Notes to Consolidated Financial Statements  
March 31, 2017

8. **Designated assets**

The Government has designated a portion of its assets for the purpose of meeting the obligations under Part 3 (Supplemental Plan) of the *Legislative Assembly Retirement Allowances Act* (Yukon) as well as the "Severance allowance" section of the *Legislative Assembly Act* (Yukon).

Designated assets are included in cash and cash equivalents, temporary investments and portfolio investments as follows:

	<u>2017</u>	<u>2016</u>
	(thousands of dollars)	
Cash and cash equivalents	\$ 138	\$ 37
Temporary investments (market value \$1,530,000; 2016 – \$2,019,000)	1,527	2,016
Portfolio investments – marketable securities (market value \$30,466,000; 2016 – \$26,760,000)	<u>27,065</u>	<u>24,687</u>
	<u>\$ 28,730</u>	<u>\$ 26,740</u>

11. Investment in government business enterprises

(a) Summary financial statements

Summary financial statements of the government entities accounted for by the modified equity method are provided below. The Yukon Development Corporation has a fiscal year-end of December 31. The Yukon Liquor Corporation has a fiscal year-end of March 31.

	Yukon Development Corporation	Yukon Liquor Corporation	2017 Total	2016 Total
	(thousands of dollars)			
<b>Assets</b>				
Current	\$ 13,833	\$ 4,903	\$ 18,736	\$ 29,231
Capital assets	443,755	1,557	445,312	441,928
Regulatory deferral (Note 11 (g))	26,423	-	26,423	20,248
Other	5,181	-	5,181	4,527
	<u>\$ 489,192</u>	<u>\$ 6,460</u>	<u>\$ 495,652</u>	<u>\$ 495,934</u>
<b>Liabilities</b>				
Current	\$ 7,556	\$ 3,604	\$ 11,160	\$ 10,188
Long-term debt	176,536	-	176,536	181,561
Regulatory deferral (Note 11 (g))	18,869	-	18,869	20,375
Contributions in aid of construction	95,780	-	95,780	97,795
Other	8,509	1,299	9,808	9,203
Equity	<u>181,942</u>	<u>1,557</u>	<u>183,499</u>	<u>176,812</u>
	<u>\$ 489,192</u>	<u>\$ 6,460</u>	<u>\$ 495,652</u>	<u>\$ 495,934</u>
Revenues	\$ 54,020	\$ 17,598 <sup>1</sup>	\$ 71,618	\$ 70,008
Expenses	<u>55,071</u>	<u>8,586</u>	<u>63,657</u>	<u>58,915</u>
(Deficit) Surplus	(1,051)	9,012	7,961	11,093
Net movement in regulatory deferral (Note 11(g))	7,895	-	7,895	(2,005)
Other comprehensive (loss) gain	(483)	(190)	(673)	563
Remitted to the Government	-	(8,496)	(8,496)	(8,717)
Equity, beginning of year	175,581	1,231	176,812	180,911
Transition adjustment (Note 11(f))	<u>-</u>	<u>-</u>	<u>-</u>	<u>(5,033)</u>
Equity, end of year	<u>\$ 181,942</u>	<u>\$ 1,557</u>	<u>\$ 183,499</u>	<u>\$ 176,812</u>

Equity represents the Government's investment in the government business enterprises.

Other comprehensive income of the Yukon Liquor Corporation resulted from the actuarial gain (loss) on its employee non-pension benefit liability.

<sup>1</sup> Yukon Liquor Corporation revenue is shown as net of cost of goods sold of \$20,507 (2016 - \$19,473).

GOVERNMENT OF YUKON

<sup>1</sup> Includes cost of electricity of \$10,333,000 (2016 – \$9,991,000) purchased by the Government from an unrelated third party. This unrelated party buys electricity from the Yukon Development Corporation's wholly owned subsidiary, Yukon Energy Corporation.

(c) Advance receivable

Yukon Development Corporation

In December 2013 and September 2014, the Government entered into loan agreements with the Yukon Development Corporation ("YDC") and advanced \$18,000,000 and \$21,200,000, respectively, in order to assist in the development of the Whitehorse diesel – natural gas conversion project, which was completed by the Yukon Energy Corporation, YDC's wholly owned subsidiary. The current loan term commenced April 1, 2016 and matures March 31, 2018. The per annum interest rate will be set based on the one-year CDOR plus 30 basis points in effect on April 1 each year. The rate of interest on the loans is 1.382% (2016 – 1.131%).

GOVERNMENT OF YUKON

**Notes to Consolidated Financial Statements  
March 31, 2017**

(d) Commitments

Yukon Development Corporation

In June 2010, the Yukon Development Corporation ("YDC") issued 30-year bonds in the amount of \$100 million at a fixed coupon rate of 5.0% per annum in part to finance the grant from the Yukon Development Corporation Fund and ratepayers' future contributions towards the construction of the Mayo B hydro enhancement and the Carmacks-Stewart transmission phase II projects. In the Memorandum of Understanding ("the MOU") between the Government and YDC dated March 10, 2011, the Government agreed to provide YDC with financial assistance to a maximum of \$2,625,000 annually from April 1, 2011, to March 31, 2042, based on a prescribed formula where, depending on the annual financial results of YDC, the Government funding will be reduced or eliminated. In 2016/2017, the Government paid \$2,625,000 (2016 – \$2,455,000) to YDC based on the MOU.

The Government authorized the continuation of the Interim Electrical Rebate program to March 31, 2017. This rebate program provides subsidies to non-government residential customers. It was initially implemented in 2009 as an Interim replacement of the Rate Stabilization Fund. During the fiscal year 2016/2017, the Government provided \$3,460,000 (2016 – \$3,351,000) to YDC for this purpose. The Government is committed to fund up to \$3,500,000 in the fiscal year 2017/2018.

As at March 31, 2017, the Yukon Energy Corporation, the wholly-owned subsidiary of YDC, had contractual obligations or future purchases of products or services in the amount of \$6,300,000 (2016 – \$5,700,000).

Yukon Liquor Corporation

In the normal course of operations, the Yukon Liquor Corporation enters into multi-year arrangements for the provision of freight and other services. The total commitments as at March 31, 2017 for future years ending on March 31, 2018 are \$323,000 (2016 for 2017 – \$633,000).

(e) Contingencies

Yukon Development Corporation

At March 31, 2016, the Yukon Energy Corporation ("YEC"), Yukon Development Corporations' wholly owned subsidiary, had a claim from a contractor in the amount of \$4,000,000 plus interest and legal costs. During 2016, the judge awarded the plaintiff \$1,682,000 of which \$1,308,000 has already been accrued for in the financial statements. The Corporation is also required to reimburse the plaintiff for its legal costs and interest. The Corporation has recognized an estimate for this amount as a liability in the Consolidated Statement of Financial Position. The Corporation has appealed the decision. The outcome of the appeal is not determinable at this time and no estimate of appeal settlement has been recognized in the financial statements.

YEC has not recognized a provision for asset retirement obligations for the closure and restoration obligations for certain generation, transmission and distribution assets. YEC anticipates maintaining and operating these assets for an indefinite period, making the dates of retirement of the assets indeterminate. The significant uncertainties around the timing of any potential future cash outflows are such that a reasonable estimate of the liability is not possible at this time. A provision will be recognized when the timing of the retirement of these assets can be reasonably estimated.

GOVERNMENT OF YUKON

**Notes to Consolidated Financial Statements**  
**March 31, 2017**

(f) Explanation of transition to IFRS

Yukon Development Corporation

The Yukon Development Corporation ("YDC") prepared financial statements for its fiscal year ending December 31, 2015 in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"). These financial statements were prepared in accordance with IFRS and IFRS 1, First-time Adoption of International Financial Reporting Standards. IFRS 1 provides specific requirements for an entity's initial adoption of IFRS.

In preparing its opening IFRS statement of financial position, YDC adjusted amounts reported previously in its financial statements prepared in accordance with Part V of the Chartered Professional Accountants of Canada Handbook ("Previous GAAP"). The most significant impact of the transition to IFRS was in the area of post-employment benefits. Accounting policies selected on transition to IFRS required YDC to immediately recognize actuarial gains and losses related to post-employment benefits in full on transition and as they arise in other comprehensive gains or losses, without reclassifying to surplus or deficit in subsequent periods.

As a result of YDC's transition to IFRS, certain opening balances in the Government's consolidated financial statements were affected. The opening balance of accumulated surplus and net financial assets decreased by \$5,033,000, primarily due to IFRS transition adjustments in the area of post-employment benefits.

(g) IFRS 14, Regulatory Deferral Accounts

Yukon Development Corporation

The IASB issued IFRS 14, Regulatory Deferral Accounts, which allows an entity subject to rate regulation to continue to apply its Previous GAAP accounting policies for regulatory deferral account balances when it first adopts IFRS. IFRS 14 provides certain exceptions to, or exemptions from other standards, modifies the presentation requirements of regulatory deferral account balances and related activity and adds disclosure on the amount, timing and uncertainty of future cash flows from any regulatory account balances. The standard is effective for fiscal years beginning on or after January 1, 2016 and earlier adoption is permitted. YDC elected to early adopt this standard.

Regulatory deferral accounts in YDC's financial statements are accounted for differently than they would be in the absence of rate regulation. Where regulatory decisions dictate, YDC defers certain expenses or revenues as regulatory deferral account debit balances or regulatory deferral account credit balances and recognizes them in the net movement in regulatory deferral account balances as it collects or refunds amounts through future customer rates. Any adjustments to these regulatory deferral accounts are recognized in the net movement in regulatory deferral account balances in the period that the Yukon Utilities Board ("YUB") renders a subsequent decision. All amounts maintained as regulatory deferral account debit balances and regulatory deferral account credit balances are expected to be recovered or settled and are assessed on an annual basis by comparing the rates approved by the YUB to the current balances.

The net movement in regulatory deferral account balances is included in income from investment in government business enterprises in the Government's consolidated statement of operations and accumulated surplus.

GOVERNMENT OF YUKON

Notes to Consolidated Financial Statements  
March 31, 2017

12. Accounts payable and accrued liabilities

	2017	2016
	(thousands of dollars)	
Accounts payable	\$ 56,135	\$ 54,239
Accrued liabilities	42,805	49,770
Contractors' holdbacks and security deposits	19,908	10,438
Due to Territorial corporations that are not fully consolidated	2,986	2,298
	<u>\$ 121,834</u>	<u>\$ 116,745</u>

13. Environmental liabilities

(a) Contaminated sites and other environmental liabilities

The Government has recorded environmental liabilities of \$23,499,000 (2016 – \$23,047,000). These liabilities consist of estimated costs related to the remediation of contaminated sites as well as estimated costs associated with other liabilities related to these sites. The liabilities are determined on a site-by-site basis and are based on preliminary environmental assessments or estimation for those sites where an assessment has not been conducted. The amount recorded is based on management's best estimates utilizing the information available at the financial statement date. The amount of liabilities becomes determinable over a continuum of events and activities as information becomes available. As a result, the actual amount of liabilities to remediate these sites could vary significantly.

As at March 31, 2017, the Government was aware of 95 sites (2016 – 96 sites) where the Government is obligated or is likely obligated to incur such costs. During the year remediation work was undertaken at 16 sites, including the Marwell Tar Pit.

One of the 95 sites, Marwell Tar Pit, has been formally designated as contaminated under the *Environment Act* (Yukon) and the *Contaminated Sites Regulation*. The Government is not a "responsible party" as defined by the *Environment Act* (Yukon) and determined by the *Contaminated Sites Regulation*. The Government of Canada was the landowner when the contamination occurred. In September 2010, the Government and the Government of Canada entered into an agreement to remediate the site over 11 years with a total estimated cost of \$6,800,000, of which the Government is to fund 30% or \$2,040,000 and the Government of Canada \$4,760,000. As at March 31, 2017, \$1,596,000 (2016 – \$1,663,000) was recorded as a liability for this site, which is part of the \$23,499,000 noted above.

(b) Landfill sites

There are 28 active, decommissioned or abandoned landfill sites that are outside incorporated communities and, therefore, are the responsibility of the Government. The Government is the sole operator of these landfills. Twenty-three of these sites are subject to the *Environment Act* (Yukon) – *Solid Waste Regulations* which includes requirements for closure and abandonment of a dump. The remaining five sites are old abandoned dumps which are not subject to the *Solid Waste Regulations*.

A liability is recognized as the landfill site's capacity is used with usage measured on a volumetric basis. As at March 31, 2017, the net present value of total expenditures for closure and post-closure care is estimated to be \$11,768,000 (2016 – \$10,204,000) and a liability in the amount of \$10,232,000 (2016 – \$8,468,000) has been recorded for these sites. The amount remaining to be recognized in the future is \$1,536,000 (2016 – \$1,736,000). No assets are designated for settling these liabilities.

GOVERNMENT OF YUKON

Notes to Consolidated Financial Statements  
March 31, 2017

In calculation of the above liability, the remaining landfill life was estimated to be from zero to 50 years. Solid waste permits issued under the *Solid Waste Regulations* specify 25 years of post-closure monitoring; therefore, 25 years is used as an estimated length of time needed for post-closure care. A discount rate of 3.20% (2016 – 3.56%) was used for the net present value calculation for active and closed landfill sites.

(c) Type II sites

Pursuant to the Devolution Transfer Agreement, the Government of Canada retained responsibility for the clean-up of waste sites that were identified on lands transferred effective April 1, 2003. The Government of Canada also accepted financial responsibility for the remediation of impacts attributable to activities that took place prior to April 2003 on the mine sites identified as Type II sites, where they have been abandoned by their owner/operator. Except for the Ketz River mine site as discussed below, the Government is not aware of any financial obligations on its part in relation to these mine sites.

On April 10, 2015 Veris Gold Corporation abandoned the Ketz River mine site (“the site”). The site is identified as a Type II mine site in the Devolution Transfer Agreement (“DTA”) between the Government and the Government of Canada. The Government has provided notice to the Government of Canada pursuant to the DTA that the site has been abandoned by its owner/operator. Once a Type II site becomes abandoned the DTA requires that an Independent Assessor assess the condition of the site and develop a remediation plan. The Government is responsible for the cost of this assessment. Under the DTA, the Government of Canada accepted financial responsibility for the remediation of impacts attributable to activities that were permitted by the Government of Canada. The Government will be financially responsible for remediation of impacts of activities it permitted after devolution. The Government’s costs, if any, may be offset by the security bond it holds. The financial obligations related to the assessment required under the DTA are estimated to be \$5,000,000 and remediation costs, if any, which are the Government’s responsibility, are currently undeterminable.

The following table presents the total estimated amounts of these liabilities as at March 31, 2017.

	2017		2016	
	Number of sites	Estimated Liability	Number of sites	Estimated Liability
	(thousands of dollars)			
Liabilities for contaminated sites <sup>1</sup>				
Highway maintenance camps and airports	36	\$ 11,680	36	\$ 10,894
Other storage tanks and buildings	50	8,293	51	8,590
Marwell Tar Pit	1	1,596	1	1,663
Other	8	1,930	8	1,900
	95	23,499	96	23,047
Landfill sites	28	10,232	27	8,468
Type II sites	1	5,000	-	-
	124	\$ 38,731	123	\$ 31,515

<sup>1</sup> Contamination primarily includes petroleum hydrocarbons, salts and/or occasionally metals.

GOVERNMENT OF YUKON

**Notes to Consolidated Financial Statements  
March 31, 2017**

14. **Unearned revenues**

	<u>2017</u>	<u>2016</u>
	(thousands of dollars)	
Liability portion of government transfers	\$ 23,340	\$ 14,667
Motor vehicle fees for future years	2,949	3,313
Other	<u>2,003</u>	<u>2,278</u>
	<u>\$ 28,292</u>	<u>\$ 20,258</u>

The liability portion of government transfers represents transfer payments from the Government of Canada, which have funding stipulations that gave rise to a liability as of year-end. The amount of \$23,340,000 (2016 – \$14,667,000) includes \$0 (2016 – \$4,252,000) of transfer payments received under the Building Canada Fund, which are yet to be spent on eligible infrastructure projects under the terms and conditions of the funding agreement.

15. **Post-employment benefits and compensated absences**

(a) The Government of Yukon and Yukon Housing Corporation

Employees of the Government of Yukon and the Yukon Housing Corporation receive severance benefits that are paid on termination of service or upon retirement based on the number of years worked, the level of the pay at the time of termination or retirement and the category of employment. In addition, if an employee has at least five years of continuous service, a cash-in of sick leave will be paid. The cash-in amount is calculated as 1/3 of unused sick leave credits to a maximum of 60 days multiplied by the daily pay rate at termination or retirement.

The actuarial obligation for sick and vacation leave payouts and severance benefits is calculated using the projected benefit method prorated on service. The Government and the Yukon Housing Corporation have conducted actuarial valuations of post-employment benefits at March 31, 2016. March 31, 2017 amounts are based on an extrapolation of March 31, 2016 amounts. These post-employment benefits are not funded and thus have no assets, resulting in a plan deficit equal to the accrued benefit obligation.

The Government and the Yukon Housing Corporation also account for compensated absences liabilities in accordance with Canadian public sector accounting standards. Compensated absences include special leave benefits and educational leave benefits.

Members of the Yukon Legislative Assembly receive a severance benefit in accordance with the *Legislative Assembly Retirement Allowance Act, 2007* (Yukon). The accrued benefit obligation is calculated actuarially using the projected benefit method prorated on service. The valuation included in these financial statements is based on membership data as of March 31, 2015. The Government has designated a portion of its assets for the purpose of meeting this obligation (Note 8).

GOVERNMENT OF YUKON

Notes to Consolidated Financial Statements  
March 31, 2017

(b) Yukon College

Yukon College's cost of benefit plans, other than pensions, including severance benefits, sick leave and managers' accrued leave, payable upon termination of employment, death or retirement, is actuarially determined using the projected accrued benefit method prorated on employment services. These post-employment benefits are not funded and thus have no assets, resulting in a plan deficit equal to the accrued benefit obligation. The actuarial valuation of the accrued benefit liability was performed as at June 30, 2016.

Yukon College accrues vacation leave and other compensated absences for employees as earned.

(c) Yukon Hospital Corporation

Employees of the Yukon Hospital Corporation are entitled to specified severance, special leave and sick leave benefits as provided for under union contracts and conditions of employment. There are no segregated assets for these post-employment benefits.

The Yukon Hospital Corporation accrues vacation leave as earned. This liability is included in accounts payable and accrued liabilities.

The accrued liabilities for the above benefits as of March 31, 2017 were as follows:

	<u>2017</u>	<u>2016</u>
	(thousands of dollars)	
Post-employment benefits and compensated absences liability		
Government of Yukon employees	\$ 107,450	\$ 103,313
Yukon College	6,988	6,563
Yukon Hospital Corporation	2,890	3,111
Yukon Housing Corporation	1,835	1,970
Members of Yukon Legislative Assembly	<u>214</u>	<u>691</u>
(Schedule D)	<u>\$ 119,377</u>	<u>\$ 115,648</u>

16. **Retirement benefits**

(a) Public Service Pension Plan

The Government's employees participate in the Public Service Pension Plan administered by the Government of Canada. In this plan, employees accumulate pension benefits up to a maximum period of 35 years at 2% per year of pensionable service based on the average of their five consecutive years of highest paid services. In December 2012, the Government of Canada passed legislation to create a new group of plan members for the employees who join the plan on or after January 1, 2013. This group of plan members is eligible to retire with an unreduced public service pension benefit at age 65 with at least two years of pensionable service (or at age 60 with at least 30 years of service) while the old group of members is eligible to retire with an unreduced public service pension benefit at age 60 with at least two years of pensionable service (or at age 55 with at least 30 years of service).

GOVERNMENT OF YUKON

**Notes to Consolidated Financial Statements**  
**March 31, 2017**

The above changes also resulted in the two groups paying different rates of contributions to the plan. In the calendar year 2016, the Government contributed \$1.15 for every dollar contributed by the old group of plan members and \$1.11 for the new group of plan members. For the portion of the employee's salary above \$161,700, the Government contributed \$6.67 for every dollar contributed by both groups of plan members. In the calendar year 2017, the Government contributes \$1.01 for every dollar contributed by the old group of plan members and \$1.00 for the new group of plan members. For the portion of the employee's salary above \$163,100, the Government contributes \$7.74 for every dollar contributed by both groups of plan members.

The Government's contributions to the Public Service Pension Plan during the year and recorded as expenses were \$35,510,000 (2016 – \$36,030,000).

(b) Legislative Assembly Retirement Allowances Plan

The Legislative Assembly Retirement Allowances Plan is a contributory defined benefit pension plan. These benefits are based on service and earnings. The Members' Services Board of the Legislative Assembly is responsible, pursuant to the *Legislative Assembly Retirement Allowances Act* (Yukon), for the administration of the Plan.

The funds are held by an investment manager in two different accounts. The first account holds the assets of the trust fund for the registered pension plan established pursuant to Parts 1 and 2 of the *Legislative Assembly Retirement Allowances Act*. The second account holds the assets of the Government, from which benefits under Part 3 of the *Legislative Assembly Retirement Allowances Act* are paid (Note 8). It is the Government's policy to fully fund Parts 1 and 2 of this pension plan.

The *Legislative Assembly Retirement Allowances Act* stipulates that actuarial valuations for funding purposes must be performed at least triennially. An actuarial valuation is based on a number of assumptions about future events, such as inflation rates, interest rates, salary increases and member turnover and mortality. The assumptions used in a valuation for funding purposes are based on the actuary's best estimates with margins for conservatism and are accepted by the Members' Services Board of the Legislative Assembly. The last actuarial valuation for funding purposes was performed as of March 31, 2015. The accrued benefit obligation as at March 31, 2017 is based on an actuarial valuation performed for accounting purposes using the membership data as of March 31, 2015.

(c) Territorial Court Judiciary Pension Plan

The Territorial Court Judiciary Pension Plan is a defined benefit pension plan, which is comprised of a judiciary registered pension plan, a judiciary retirement compensation arrangement and a supplementary judiciary pension plan. In addition to pension payments, these plans also contain a provision for payment of lump sum death and severance allowances. The Plan is administered by the Public Service Commissioner in the meaning assigned by the *Public Service Act* (Yukon).

Pursuant to the *Territorial Court Judiciary Pension Plan Act* (Yukon), the pension fund assets for the judiciary registered pension plan and the judiciary retirement compensation arrangement are held separate and distinct from the Government's operations, and are managed by an investment manager. The *Territorial Court Judiciary Pension Plan Act* stipulates that no contributions are to be made to the supplementary judiciary pension plan, and no fund is to be maintained for this plan.

Actuarial valuations for the Territorial Court Judiciary Pension Plan for accounting and funding purposes were conducted using the membership data as at March 31, 2014.

GOVERNMENT OF YUKON

**Notes to Consolidated Financial Statements**  
**March 31, 2017**

(d) Yukon College Employees' Pension Plan

The Yukon College ("the College") Employees' Pension Plan is a contributory defined benefit pension plan. The College's pension plan provides mandatory pension benefits for all full-time employees and optional benefits for part-time employees after 24 months of continuous service. The College's pension plan provides for defined retirement benefits based on an employee's years of service and average final earnings, in accordance with the *Pension Benefits Standards Act, 1985* (Canada). The College has contracted with external organizations to provide the services of trustee, administration, consulting and investment manager for the pension plan. The pension plan assets are held by a trustee and separate financial statements are prepared for the pension plan.

An actuarial valuation for accounting purposes was performed as of June 30, 2015 following Canadian public sector accounting standards. An actuarial valuation for funding purposes was performed as of June 30, 2015, which established Yukon College's required contributions as 142.3% (2016 – 161.3%) of employee contributions.

The actuarial valuation for funding purposes as at June 30, 2016 indicates the College had an actuarial surplus of \$8,044,000 (2015 – \$6,810,000) at the measurement date on a going-concern basis and a deficit of \$19,310,000 (2015 – \$14,385,000) if valued on the basis that the pension plan were terminated/wound up as at June 30, 2016. The solvency ratio of the plan was 84.1% at June 30, 2016 (87.1% at June 30, 2015).

For any unfunded pension liability, the College has obtained a letter of credit in lieu of making solvency payments. The amount of the letter of credit is equal to the amount of solvency payments required as determined by the actuary. The Government has issued letters to a bank guaranteeing that, should there be a requirement to draw upon the letters of credit required by Yukon College to address its solvency deficit in its pension plan, the Government will provide the necessary financial support to address any resulting debt, interest and costs that may be required under the federal pension legislation. This guarantee remains in effect to July 31, 2018. The maximum amount of letters of credit to which this guarantee applies will be \$13,586,000 (2016 – \$14,845,000).

(e) Yukon Hospital Corporation Employees' Pension Plan

The Yukon Hospital Corporation Employees' Pension Plan is a contributory defined benefit pension plan, which provides defined retirement benefits based on the length of service and final average earnings of an employee, and is administered by the Corporation's Board of Trustees. A separate pension fund is maintained to hold plan assets. The Yukon Hospital Corporation has contracted with external organizations to provide trustee and investment management services for the fund.

An actuarial valuation for funding purposes was performed at December 31, 2016, which established Yukon Hospital Corporation's required contribution as 138% (2015 – 133%) of employee contributions. This valuation reported that, as at December 31, 2016, the pension plan had a surplus of \$21,835,000 (2015 – \$18,324,000) on a going concern basis, and a deficit of \$32,481,000 (2015 – \$31,471,000) if valued on the basis that the pension plan were terminated/wound up. The solvency ratio of the plan is 80% (78% at December 31, 2015).

GOVERNMENT OF YUKON

**Notes to Consolidated Financial Statements  
March 31, 2017**

In accordance with the *Pension Benefits Standards Act, 1985* (Canada), the Corporation is required to make special payments to eliminate the solvency shortfall. The payments have been actuarially determined as monthly payments of \$496,000 over the 2017 year. The Corporation will obtain a conforming letter of credit for a portion of the solvency shortfall for the calendar year and will contribute \$3,189,000 (2015 - \$3,463,000) in cash payments. During the fiscal year, the Corporation entered into letters of credit totaling \$14,826,000 (2016 – \$13,799,000) related to solvency deficiency payments.

An actuarial valuation for accounting purposes was performed as of March 31, 2017 following Canadian public sector accounting standards.

(f) Extended health care and life insurance retirement benefits

The Government provides optional extended health care benefits to retired employees as well as life insurance coverage to eligible retirees. They are both non-pension defined benefit plans. The extended health care plan is self-insured. The accrued benefit obligation as at March 31, 2017 is based on an extrapolation of an actuarial valuation conducted as at March 31, 2016. Extended health care and life insurance retirement benefits are not funded and thus have no assets, resulting in a plan deficit equal to the accrued benefit obligation.

The accrued benefit liability for the above retirement benefits as of March 31, 2017 was as follows:

	<u>2017</u>	<u>2016</u>
	(thousands of dollars)	
Accrued benefit liability (asset)		
Extended health care retirement benefit	\$ 45,598	\$ 42,126
Legislative Assembly Retirement Allowances Plan	24,521	23,663
Territorial Court Judiciary Pension Plan	6,106	5,754
Life insurance retirement benefit	2,222	1,968
Yukon College Employees' Pension Plan	(15,476)	(14,819)
Yukon Hospital Corporation Employees' Pension Plan	<u>(41,145)</u>	<u>(35,233)</u>
 (Schedule E)	 <u>\$ 21,826</u>	 <u>\$ 23,459</u>

Borrowing Limit

An Order in Council (P.C. 2012-280) issued pursuant to subsection 23(2) of the *Yukon Act* (Canada) provides authority to the Government and its entities to borrow in aggregate to a maximum of \$400 million. The current *Yukon Borrowing Limits Regulations* came into force on March 8, 2013. These regulations prescribe what constitutes borrowing, the entities whose borrowing must be taken into account, and the manner in which the value of a borrowing is determined.

	<u>2017</u>	<u>2016</u>
	(thousands of dollars)	
Authorized borrowing limit	\$ 400,000	\$ 400,000
Loans of money by government reporting entity:

18. Liabilities for leased tangible capital assets

	<u>2017</u>	<u>2016</u>
	(thousands of dollars)	
Building lease obligation payable monthly until the year 2023, with imputed interest rate of 3.7%.	\$ 3,682	\$ 4,208
Building lease obligation payable monthly until the year 2025, with imputed interest rate of 3.7%.	1,893	2,071
Building lease obligation payable monthly until the year 2025, with imputed interest rate of 3.3%.	1,488	1,686
Equipment lease obligation payable quarterly until the year 2020, with imputed interest rate of 1.9%.	<u>129</u>	<u>-</u>
	<u>\$ 7,192</u>	<u>\$ 7,965</u>

Interest expense related to liabilities for leased tangible capital assets for the year was \$240,000 (2016 – \$243,000) at an imputed average interest rate of 3.1% (2016 – 3.6%).

The following is a schedule of future minimum lease payments under the liabilities for leased tangible capital assets:

	(thousands of dollars)
2018	\$ 1,758
2019	1,787
2020	1,830
2021	1,797
2022 and thereafter	<u>4,997</u>
Total minimum lease payments	12,169
Less: amount representing executory costs	(3,119)
amount representing rental of land	(1,073)
amount representing interest	<u>(785)</u>
	<u>\$ 7,192</u>

GOVERNMENT OF YUKON  
**Notes to Consolidated Financial Statements**  
**March 31, 2017**

19. **Financial instruments**

The balances in cash and cash equivalents, due to/from Government of Canada, accounts receivable, advances to Territorial corporations, and accounts payable and accrued liabilities have fair values that approximate their carrying amount due to their short term to maturity.

The fair value and the methods of calculation and assumptions used for the Government's other financial instruments are detailed below:

	2017		2016	
	Carrying Value	Fair Value	Carrying Value	Fair Value
	(thousands of dollars)			
Temporary investments	\$ 214,497	\$ 214,500	\$ 227,867	\$ 227,865
Portfolio investments				
Marketable securities	\$ 27,065	\$ 30,466	\$ 28,988	\$ 31,062
Other	21	26	34,554	34,012
	<u>\$ 27,086</u>	<u>\$ 30,492</u>	<u>\$ 63,542</u>	<u>\$ 65,074</u>
Loans receivable				
Mortgages receivable, net of valuation allowance	\$ 46,680	\$ 45,709	\$ 44,308	\$ 42,373
Other loans receivable, net of valuation allowance	27,046	27,818	22,169	22,694
	<u>\$ 73,726</u>	<u>\$ 73,527</u>	<u>\$ 66,477</u>	<u>\$ 65,067</u>
Borrowings				
Demand term installment loan	\$ 39,742	\$ 44,949	\$ 42,844	\$ 48,988
Mortgages payable	2,750	2,326	3,296	2,826
Loans payable	1,024	1,090	1,214	1,276
Other	117	104	117	140
	<u>\$ 43,633</u>	<u>\$ 48,469</u>	<u>\$ 47,471</u>	<u>\$ 53,230</u>

An active and established market exists for the temporary and portfolio investments. Consequently the estimated fair value is calculated using observed market data.

Since the above valuation is based on market information available at March 31, 2017, the fair value of the investments may change materially in future periods as a result of fluctuations in the market. However, these changes are not expected to result in a significant impact on the Government's future operations.

GOVERNMENT OF YUKON

Notes to Consolidated Financial Statements  
March 31, 2017

The estimated fair values of loans receivable were determined using the present value of future cash flows discounted at the March 31, 2017 average market rate for mortgages and loans with similar maturities. Until settled, the fair value of loans receivable will fluctuate based on changes in interest rates. The Government believes the carrying amount of loans receivable will be fully recovered.

The estimated fair value for borrowings is calculated by discounting the expected future cash flows at year-end market interest rates for equivalent terms to maturity.

20. Tangible capital assets

	<u>2017</u> Net Book Value	<u>2016</u> Net Book Value
	(thousands of dollars)	
Land	\$ 18,836	\$ 13,293
Buildings	666,571	587,843
Equipment and vehicles	66,440	59,465
Computer hardware and software	29,432	23,936
Transportation infrastructure	636,816	647,138
Land improvements and fixtures	35,677	35,487
Sewage and water systems	49,325	50,015
Other	<u>10,206</u>	<u>8,358</u>
(Schedule C)	<u>\$ 1,513,303</u>	<u>\$ 1,425,535</u>

Leased tangible capital assets are reported as part of the respective asset category. These leased assets are amortized on a straight-line basis over the lease term or estimated economic life. The amortization expense for the year was \$991,000 (2016 – \$991, 000). The cost and accumulated amortization of leased capital assets that are included in the schedule of tangible capital assets are as follows:

	<u>2017</u> (thousands of dollars)	<u>2016</u> (thousands of dollars)
Buildings (cost)	\$ 9,907	\$ 10,582
Operating equipment (cost)	<u>141</u>	<u>-</u>
	10,048	10,582
Less accumulated amortization	<u>(3,311)</u>	<u>(2,321)</u>
	<u>\$ 6,737</u>	<u>\$ 8,261</u>

GOVERNMENT OF YUKON

Notes to Consolidated Financial Statements  
March 31, 2017

21. **Expenses by object**

	<u>2017</u>	<u>2016</u>
	(thousands of dollars)	
Personnel	\$ 560,307	\$ 533,998
Contract and special services	232,260	226,540
Government transfers	212,539	201,204
Materials, supplies and utilities	104,649	107,333
Amortization expenses	62,187	60,219
Communication and transportation	39,391	39,593
Rent	32,560	34,879
Interest on long-term debt and capital lease obligations	2,509	2,683
Other	9,266	8,825
	<u>\$ 1,255,668</u>	<u>\$ 1,215,274</u>

22. **Recovery of prior years' expenses**

In February 2016, the Government announced it would retain and operate the Dawson wastewater treatment plant (the plant) on an on-going basis. The cost of the plant was expensed in prior years. As a result, the Government recorded \$0 (2016 - \$24,902,000) increase to tangible capital assets and recovery of prior years' expenses. The tangible capital asset addition recorded reflected the plant's estimated fair value.

23. **Trust assets**

The Government administers trust accounts on behalf of third parties which are not included in the Government's assets.

The largest such trust account, the Compensation Fund (Yukon) has a fiscal year-end of December 31. Details of the assets of the Compensation Fund (Yukon), principally investments, are available from its financial statements, which are reproduced in Section III of the Public Accounts of the Government. At March 31, 2017, the remaining trust assets were held in bank accounts or invested in term deposits and GICs.

Investments of the Compensation Fund (Yukon) are valued at fair value. Investments of the remainder of the trust accounts are valued at the lower of cost and market. Any other assets held under administration such as property, securities and valuables are reflected in trust accounts only upon conversion to cash.

GOVERNMENT OF YUKON

Notes to Consolidated Financial Statements  
March 31, 2017

	2017	2016
	(thousands of dollars)	
Compensation Fund (Yukon)	\$ 224,583	\$ 233,404

GOVERNMENT OF YUKON

Notes to Consolidated Financial Statements  
March 31, 2017

25. **Overexpenditure**

During the year, one (2016 – none) department exceeded their vote with a total of \$3,117,000 (2016 - \$0). Overexpenditure of a vote contravenes subsection 17(2) of the *Financial Administration Act* (Yukon) which specifies that “a vote does not authorize any payment to be made in excess of the amount specified in the vote”.

(thousands of dollars)

The vote that was over expended is as follows:

Operations and maintenance	
Health and Social Services	\$ 3,117

The *Appropriation Acts* (Yukon) state that the Government is not to expend grant payments except in accordance with the Act. During the year, two (2016 – one) departments exceeded the authorized amounts as follows:

(thousands of dollars)

Operations and maintenance grants	
Community Services	
- Home Owner Grants	\$ 51
Health and Social Services	
- Social Assistance – Whitehorse	900
- Social Assistance – region	291

26. **Guarantees**

The Government has guaranteed repayment of loans payable by the Yukon Energy Corporation, the wholly-owned subsidiary of the Yukon Development Corporation, of \$0 (2016 – \$600,000). At March 31, 2017, on a consolidated basis, the Yukon Development Corporation had borrowings of \$137,300,000 (2016 – \$142,400,000) and a credit facility of up to \$17,500,000. While the Government has not issued guarantees for all of these instruments, as the Yukon Development Corporation is an agent of the Government, lenders may have recourse to the Government. Except for the amounts committed as described in note 11(d), it is expected that no significant costs will be incurred by the Government with respect to these guarantees and debts.

27. **Land claims**

Between February 1995 and March 31, 2017, eleven Yukon First Nation Final and Self-government Agreements came into effect. The Government of Canada's negotiating mandate expired prior to the completion of the remaining three Yukon agreements. Settlements for these outstanding claims would not result in a general liability to the Government as they are to be funded by the Government of Canada. The Government would, however, be responsible for any financial obligations it might agree to during the negotiations.

GOVERNMENT OF YUKON

**Notes to Consolidated Financial Statements  
March 31, 2017**

The bilateral funding agreement with the Government of Canada that had been in place since June 24, 1993 and which provided funding towards the Government's additional implementation costs expired on March 31, 2009. However, there are no additional costs for the Government as all of the existing funding commitments are captured elsewhere, either through a specific funding agreement with the Government of Canada or as a component of the base funding received by the Government. The specific implementation costs include Board and Council funding arising from the various Final Agreement Implementation Plans and other negotiated funding amounts.

**28. Contingencies**

In the normal course of operations, the Government is subject to legal claims. These claims include items with pleading amounts and items where an amount is not specified. At March 31, 2017, the amounts claimed, excluding the claim from Commission scolaire francophone du Yukon, which is described below, is \$2,070,000 (2016 – \$12,200,000). No provision for these claims has been made as it is unlikely or undeterminable that a liability has been incurred at the date of the financial statements.

In the Statement of Claim filed by the Commission scolaire francophone du Yukon ("CSFY") in 2009, the Government was named as defendant. In addition to other claims, CSFY sought payment in the amount of \$1,954,000. As part of the Yukon Supreme Court's ruling in 2011, the court ordered the Government to hold \$1,954,000 in trust for CSFY. The case in its entirety was appealed, eventually to the Supreme Court of Canada. In May 2015, the Supreme Court of Canada determined that the trial judge had been biased, with the effect that the trial court's order for the Government to repay the \$1,954,000 is null and void. Consequently although there are on-going discussions between the parties, no liability has been recorded in relation to this matter.

The Government established a Risk Management Revolving Fund in December 2004, with a limit of \$5,000,000, which is to be used for providing limited insurance and risk management services to Government departments. Expenses relating to some of the property and liability losses incurred by the Government are to be paid out of this fund. The Government purchases legal liability and property insurance with a \$2,000,000 deductible. In 2016/2017, the Government paid \$576,000 (2016 – \$2,240,000) for liability claims such as bodily injury, property damage and automobile liability. The Government had unpaid claims against the fund in the amount of \$1,066,000 as at March 31, 2017 (2016 – \$1,143,000). This amount is reported as part of the Government's accrued liabilities. The fund balance at March 31, 2017 was \$4,400,000 (2016 – \$3,700,000).

In addition to the environmental liabilities discussed in Note 13, there may be other sites that have not yet been identified for which the Government may be obligated to incur remediation costs. No liability has been recognized for these sites as the future costs of remediation and the Government's obligation to incur these costs are undeterminable at the date of the financial statements.

GOVERNMENT OF YUKON

Notes to Consolidated Financial Statements  
March 31, 2017

29. **Related parties**

Related party transactions not disclosed elsewhere in the financial statements are as follows:

	2017	2016
	(thousands of dollars)	
Revenues from:		
Compensation Fund (Yukon)	\$ 3,168	\$ 3,030
Yukon Lotteries Commission	816	837
	<u>\$ 3,984</u>	<u>\$ 3,867</u>
Expenses to:		
Compensation Fund (Yukon)	\$ 6,058	\$ 6,192
Yukon Legal Services Society	2,260	2,334
Yukon Arts Centre Corporation	1,403	1,373
Yukon Human Rights Commission	692	602
	<u>\$ 10,413</u>	<u>\$ 10,501</u>

30. **Subsequent events**

On April 4, 2017, Northern Cross (Yukon) Ltd. ("Northern Cross"), filed a Statement of Claim in the Supreme Court of Yukon against the Government of Yukon and the Minister of Energy, Mines and Resources. Northern Cross identified a number of causes of action although all of these are based upon its allegation that due to the moratorium on hydraulic fracturing Northern Cross' exploration rights in the Eagle Plains area have been adversely affected. The claim seeks up to \$2.26 billion which is comprised of \$395 million for refund of work deposits, application fees, rental amounts, sunk costs and interest and \$1.86 billion in damages for loss of opportunity of 8.6 billion barrels of oil, at fair market value, identified as being in the area through a resource evaluation. No provision for this claim has been made as it is unlikely that a liability has been incurred at the date of the financial statements and no reasonable estimate of the financial effect can be made.

On April 12, 2017, Northern Cross changes its name to Chance Oil and Gas Limited.

In July 2017, the Government issued a letter of credit providing guarantee to the bank in relation to the Yukon Hospital Employee's Pension Plan's solvency deficit. This guarantee is to remain in effect from June 30, 2017 to June 30, 2018. The maximum amount of letters of credit to which the guarantee applies will be \$21,506,000 (2016 - \$0).

31. **Comparative figures**

Certain comparative figures for 2016 have been reclassified to conform with the 2017 presentation.
