UTILITY DIAGRAM "CROQUIS D'EXACTITUDE"

This map has been reproduced from a  
hardcopy version of the digital map  
file.

Compiled, photogrammetric, from aerial photographs taken in 1959-60.  
Rédigé, photogramétrique, à partir des

Original 1:60,000 SURVEYS AND MAPPING BRANCH  
DEPARTMENT OF MINES AND TECHNICAL SURVEYS  
Feld Survey 1962. Printed 1962.

The data shown on the 1:60,000 map were the magnetic  
contour information in the area. Magnetic declination 1960 average  
from 11°50' westward to center of sheet edge to 10°50' westward of  
center of sheet edge.
