

GEOLOGY OF THE CANADIAN ARCTIC ARCHIPELAGO

COMPILED BY A. V. KRULICH

SCALE: 1:3,000,000

ACKNOWLEDGMENTS: Compilation was assisted by H. P. Treth, P. Gern, A. L. Zittel, G. A. ...

OPEN FILE (DISSEMINATED) 185 COMMISSION GÉOLOGIQUE DU CANADA

WESTERN ARCTIC LOWLANDS AND NORTHERN INTERIOR PLAINS KING WILLIAM ISLAND, ANDERSON AND HORTON PLAINS

Geological legend table for the Western Arctic Lowlands and Northern Interior Plains region, listing units such as Quaternary, Neogene, Paleogene, Cretaceous, Paleozoic, and Proterozoic with their corresponding symbols.

Geological legend table for the Western Nunavut Region, listing units like Quaternary, Neogene, Paleogene, Cretaceous, Paleozoic, and Proterozoic.

WESTERN NUNAVUT REGION FRANZ FLETCHER, MELVILLE, BRIDGES, BORDEN, ANDERSON, KING, LEONARD, ELLEN, RINDERS, AMUNDSEN, AND CORNWALL ISLANDS

Geological legend table for the Western Nunavut Region, listing units from Quaternary to Proterozoic.

CENTRAL ARCTIC LOWLANDS, BOOTHIA AND EASTERN PART OF PENINSULA BOOTHIA PENINSULA, COMBET, EASTERN PORT OF WELLS, CORNWALL, EASTERN EASTWEST AND NORTHWEST DEVON ISLANDS

Geological legend table for the Central Arctic Lowlands, Boothia, and Eastern Part of Peninsula Boothia, listing units from Quaternary to Proterozoic.

CENTRAL ARCTIC LOWLANDS, BOOTHIA AND EASTERN PART OF PENINSULA BOOTHIA PENINSULA, COMBET, EASTERN PORT OF WELLS, CORNWALL, EASTERN EASTWEST AND NORTHWEST DEVON ISLANDS

Geological legend table for the Central Arctic Lowlands, Boothia, and Eastern Part of Peninsula Boothia, listing units from Quaternary to Proterozoic.

NORTHERN ELLESMERE AND NORTHERN AXEL HEIBERG ISLANDS CENTRAL ELLESMERE ISLAND PALEOZOIC ARCTIC FLATLAND AND JAMES STRAIT BASIN

Geological legend table for the Northern Ellesmere and Northern Axel Heiberg Islands, listing units from Quaternary to Proterozoic.

NORTHERN ELLESMERE ISLAND CENTRAL ELLESMERE ISLAND PALEOZOIC ARCTIC FLATLAND AND JAMES STRAIT BASIN

Geological legend table for the Northern Ellesmere Island and Central Ellesmere Island, listing units from Quaternary to Proterozoic.

NORTHERN ELLESMERE AND NORTHERN AXEL HEIBERG ISLANDS CENTRAL ELLESMERE ISLAND PALEOZOIC ARCTIC FLATLAND AND JAMES STRAIT BASIN

Geological legend table for the Northern Ellesmere and Northern Axel Heiberg Islands, listing units from Quaternary to Proterozoic.

EASTERN NUNAVUT REGION CENTRAL ELLESMERE ISLAND PALEOZOIC ARCTIC FLATLAND AND JAMES STRAIT BASIN

Geological legend table for the Eastern Nunavut Region, listing units from Quaternary to Proterozoic.

EASTERN NUNAVUT REGION CENTRAL ELLESMERE ISLAND PALEOZOIC ARCTIC FLATLAND AND JAMES STRAIT BASIN

Geological legend table for the Eastern Nunavut Region, listing units from Quaternary to Proterozoic.

EASTERN NUNAVUT REGION CENTRAL ELLESMERE ISLAND PALEOZOIC ARCTIC FLATLAND AND JAMES STRAIT BASIN

Geological legend table for the Eastern Nunavut Region, listing units from Quaternary to Proterozoic.

EASTERN NUNAVUT REGION CENTRAL ELLESMERE ISLAND PALEOZOIC ARCTIC FLATLAND AND JAMES STRAIT BASIN

Geological legend table for the Eastern Nunavut Region, listing units from Quaternary to Proterozoic.

EASTERN NUNAVUT REGION CENTRAL ELLESMERE ISLAND PALEOZOIC ARCTIC FLATLAND AND JAMES STRAIT BASIN

Geological legend table for the Eastern Nunavut Region, listing units from Quaternary to Proterozoic.

EASTERN NUNAVUT REGION CENTRAL ELLESMERE ISLAND PALEOZOIC ARCTIC FLATLAND AND JAMES STRAIT BASIN

Geological legend table for the Eastern Nunavut Region, listing units from Quaternary to Proterozoic.

EASTERN NUNAVUT REGION CENTRAL ELLESMERE ISLAND PALEOZOIC ARCTIC FLATLAND AND JAMES STRAIT BASIN

Geological legend table for the Eastern Nunavut Region, listing units from Quaternary to Proterozoic.

EASTERN NUNAVUT REGION CENTRAL ELLESMERE ISLAND PALEOZOIC ARCTIC FLATLAND AND JAMES STRAIT BASIN

Geological legend table for the Eastern Nunavut Region, listing units from Quaternary to Proterozoic.

NOTE: Symbols are defined by the following table...

SYMBOLS table defining the symbols used in the geological map, including various patterns and colors for different geological units.
