

**Author: D.J. Tempelmann-Kluit**

Geology by D.J. Tempelmann-Kluit (1974 - 1977) with contributions from previous work by J.A. Roddick, L.H. Green, and J.O. Wheeler

Digital cartography by R. Chan, A. Makepeace (Geological Survey of Canada), and R. Cocking (Data Dissemination Division)

Any revisions or additional geological information known to the user would be welcomed by the Geological Survey of Canada

Digital base map from data compiled by Geomatics Canada, modified by GSC Pacific

See Sheet 3 for map legend

Mean magnetic declination 2012, 22°3'E, decreasing 23.1' annually. Readings vary from 21°48'E in the southwest corner to 22°18'E in the northeast corner of the map

Elevations in meters above mean sea level
