

FIGURE 2
CORRELATION CHART OF THE UPPER CRETACEOUS ZONES AND SUBZONES OF THE WESTERN INTERIOR OF CANADA

STANDARD STAGES AND SUBSTAGES	EUROPEAN ZONES AND SUBZONES				ZONES AND SUBZONES OF THE WESTERN INTERIOR OF CANADA	ZONES AND SUBZONES OF THE WESTERN INTERIOR OF UNITED STATES			
	AMMONITES ZONES AND SUBZONES		BELEMNITES	INOCERAMUS			ECHINODERMS		
MAESTRICHTIAN	UPPER	Scaphites (Hoploscaphtes) constrictus s. lato	Sphenodiscus binckhorsti	Belemnella casimirovensis	Inoceramus tegulatus s. lato	Inoceramus tegulatus s. str.	MARINE ROCKS TOTALLY UNKNOWN. ASSUMED TO BE ABSENT	UNKNOWN HOW MUCH OF THE UPPER MAESTRICHTIAN TIME IS REPRESENTED BY NON-MARINE ROCKS	
	LOWER	Scaphites (Acanthoscaphites) tridens and variants	Pachydiscus neubergicus (? = P. egertoni)	Belemnella cimbrica Birkelund Belemnella lanceolata mut. junior Now em. Jel.	Inoceramus tegulatus s. lato	Inoceramus caucasicus		Hemipneustes striatoradiatus	Scaphites (Discoscaphites) nebrascensis Scaphites (Hoploscaphtes) nicolletii UNNAMED ZONE Baculites grandis Baculites grandis Scaphites constrictus and Inoceramus fibrosus ? Baculites baculus ?
CAMPANIAN	UPPER	Bostrychoceras polyplocum and Pachydiscus oldhami	Hoplitoplacenticeras vari	Belemnitella langei s. str. and Belemnitella mucronata mut. minor	Inoceramus regularis s. lato (? above) and Inoceramus balticus s. lato (? below)		Echinocorys ovatus	Baculites compressus s. lato Scaphites quadrangularis and Scaphites brevis Scaphites nodosus s. str. Rhaeboceras spp. Zone K Zone J Baculites obtusus	Unnamed Baculites form Baculites compressus var. reesidei Baculites compressus s. str. Baculites compressus var. corrugatus Baculites pseudovatus Baculites gregoriensis Baculites asperiformis
	LOWER	Scaphites binodosus and Scaphites hippocrepis	Pachydiscus dulmensis and Scaphites aquisgranensis Placenticeras (Diplacmoceras) bidorsatum and Hauericeras pseudogardeni	Goniot euthis quadrata var. gracilis Goniot euthis quadrata f. typ. Goniot euthis granulata-quadrata and Goniot euthis granulata f. typ. Goniot euthis granulata f. ant. Goniot euthis granulato-westfalica	Inoceramus of the Inoceramus cardissoides-lobatus-stenstrupi species group		Offaster corculum Offaster pillula ?	Scaphites hippocrepis	Scaphites hippocrepis
SANTONIAN		Placenticeras syrtale	Placenticeras cf. guadalupae	Belemnitella rawni Birkelund	Inoceramus cordiformis and variants		Marsupites ornatus Uintacrinus westfalicus	Scaphites (Desmoscaphtes) spp. Zone I S. (Clioscaphtes) montanensis	Scaphites (Desmoscaphtes) bassleri Scaphites (Desmoscaphtes) erdmanni Scaphites (Clioscaphtes) choteauensis
		Placenticeras cf. guadalupae and Placenticeras clypeale	Parapuzosia corbarica	Actinocamax westfalicus	Inoceramus cordiformis and variants		Micraaster coranguinum	Inoceramus of the Inoceramus cardissoides-lobatus-stenstrupi species group Inoceramus cordiformis Scaphites (Clioscaphtes) vermiformis	Scaphites (Clioscaphtes) vermiformis
		Texanites texanus		Belemnitella propinqua	I. undulato-plicatus ?			Scaphites depressus	Scaphites depressus
CONIACIAN		Texanites emscheris							
		Texanites (Barroisiceras) haberfellneri	Gauthiericeras margae Prionocycloceras guyabanum Barroisiceras nicklesi Barroisiceras haberfellneri Texanites (Peroniceras) subtricarinarium	Actinocamax lundgreni	Inoceramus involutus s. lato and variants Inoceramus koeneni		Micraaster cortestudinarium	Inoceramus involutus (= I. umbonatus) and variants (in middle part) and Scaphites ventricosus s. str. (throughout)	Scaphites ventricosus
TURONIAN		Pseudojacobites farmeryi		Actinocamax strehlensis	Inoceramus deformis var. schloenbachi		Holaster planus	Scaphites preventricosus and Inoceramus deformis	Inoceramus deformis and Scaphites preventricosus
		Prionocyclus (Collignoniceras) woollgari	Hyphantoceras reussanum Prionocyclus neptuni Coilopoceras requienianum Romaniceras deverianum Romaniceras ornatissimum Prionocyclus (Collignoniceras) woollgari		Inoceramus lamarcki s. lato			Prionocyclus and Inoceramus lamarcki Ostrea lugubris and (?) Actinocamax manitobensis Prionocyclus (Collignoniceras) woollgari s. lato	Scaphites corvensis Scaphites nigricollensis Prionocyclus (Prionocyclus) wyomingensis Scaphites warreni Prionocyclus (Prionocyclus) hyatti Prionocyclus (Collignoniceras) woollgari
		Mammites nodosoides	Vascoceras sp. Mammites nodosoides		Inoceramus labiatus			Watinoceras and Inoceramus labiatus Watinoceras reesidei and Inoceramus labiatus Baculites (Sciponoceras) cf. gracile and Prionocyclus (Collignoniceras) n. sp.	Inoceramus labiatus Baculites (Sciponoceras) gracile
		Fagesia superstes	Pseudaspidoceras footeanum Fagesia superstes					Inoceramus aff. I. fragilis	? ? ?
		Metoicoceras potieri		Actinocamax plenus					
		Acanthoceras rhotomagense	Acanthoceras vicinale Acanthoceras subflexuosum Acanthoceras rhotomagense Acanthoceras diadema	Actinocamax primus		Inoceramus crippei and Inoceramus pictus		Holaster subglobosus	Dunveganoceras zone Dunveganoceras hagei Dunveganoceras cf. parvum Dunveganoceras albertense Dunveganoceras cf. conditum Inoceramus dunveganensis Inoceramus rutherfordi Acanthoceras athabascense
CENOMANIAN		Schloenbachia varians	Acanthoceras vectense Mantelliceras costatum Mantelliceras cantianum				Holaster nodulosus	Zone H	Acanthoceras ? sp. A. Acanthoceras ? amphibolum
		Mantelliceras martimpreyi	Mantelliceras martimpreyi M. pre-martimpreyi	Neohibolites ultimus Parahibolites tourtiaie					Calycoceras sp. indet.
