Re: **Navigability Inquiry for Merrice Creek, Lat. 62° 17' 52"N Long. 136° 41' 36"W**
Carmacks Copper Project, 39 km NW of Carmacks, on the Fregold Road,
turnoff at 33km, Yukon Territory

Thank you for your correspondence on behalf of Western Silver Corporation concerning the above project.

Following an investigation of the site information, it is the opinion of Transport Canada officials that the waters of **Merrice Creek** at the site of the proposed **Bridge** are considered to be **non-navigable**, therefore an application is not required under *Navigable Waters Protection Act* for the above noted work.

It is your responsibility to obtain all other forms of authorization from federal or provincial agencies that may have jurisdiction in this matter prior to construction of any works. This determination does not relieve you of your responsibility to consult with Department of Fisheries & Oceans, Habitat and Enhancement Branch prior to construction.

If you have any questions, please contact the undersigned at 604-775-8868.

Yours truly,

Colin Parkinson

Re: **Navigability Inquiry for the North Arm of Williams Creek,
Lat. 62° 21' 09"N Long. 136° 42' 04"W, Carmacks Copper Project, NW of Carmacks,
Yukon Territory**

Thank you for your correspondence on behalf of Western Silver Corporation concerning the above project.

Following an investigation of the site information, it is the opinion of Transport Canada officials that the waters of **Williams Creek** at the site of the proposed **Culvert** are considered to be **non-navigable**, therefore an application is not required under *Navigable Waters Protection Act* for the above noted work.

It is your responsibility to obtain all other forms of authorization from federal or provincial agencies that may have jurisdiction in this matter prior to construction of any works. This determination does not relieve you of your responsibility to consult with Department of Fisheries & Oceans, Habitat and Enhancement Branch prior to construction.

If you have any questions, please contact the undersigned at 604-775-8868.
