

MW05-1A

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW05-1A

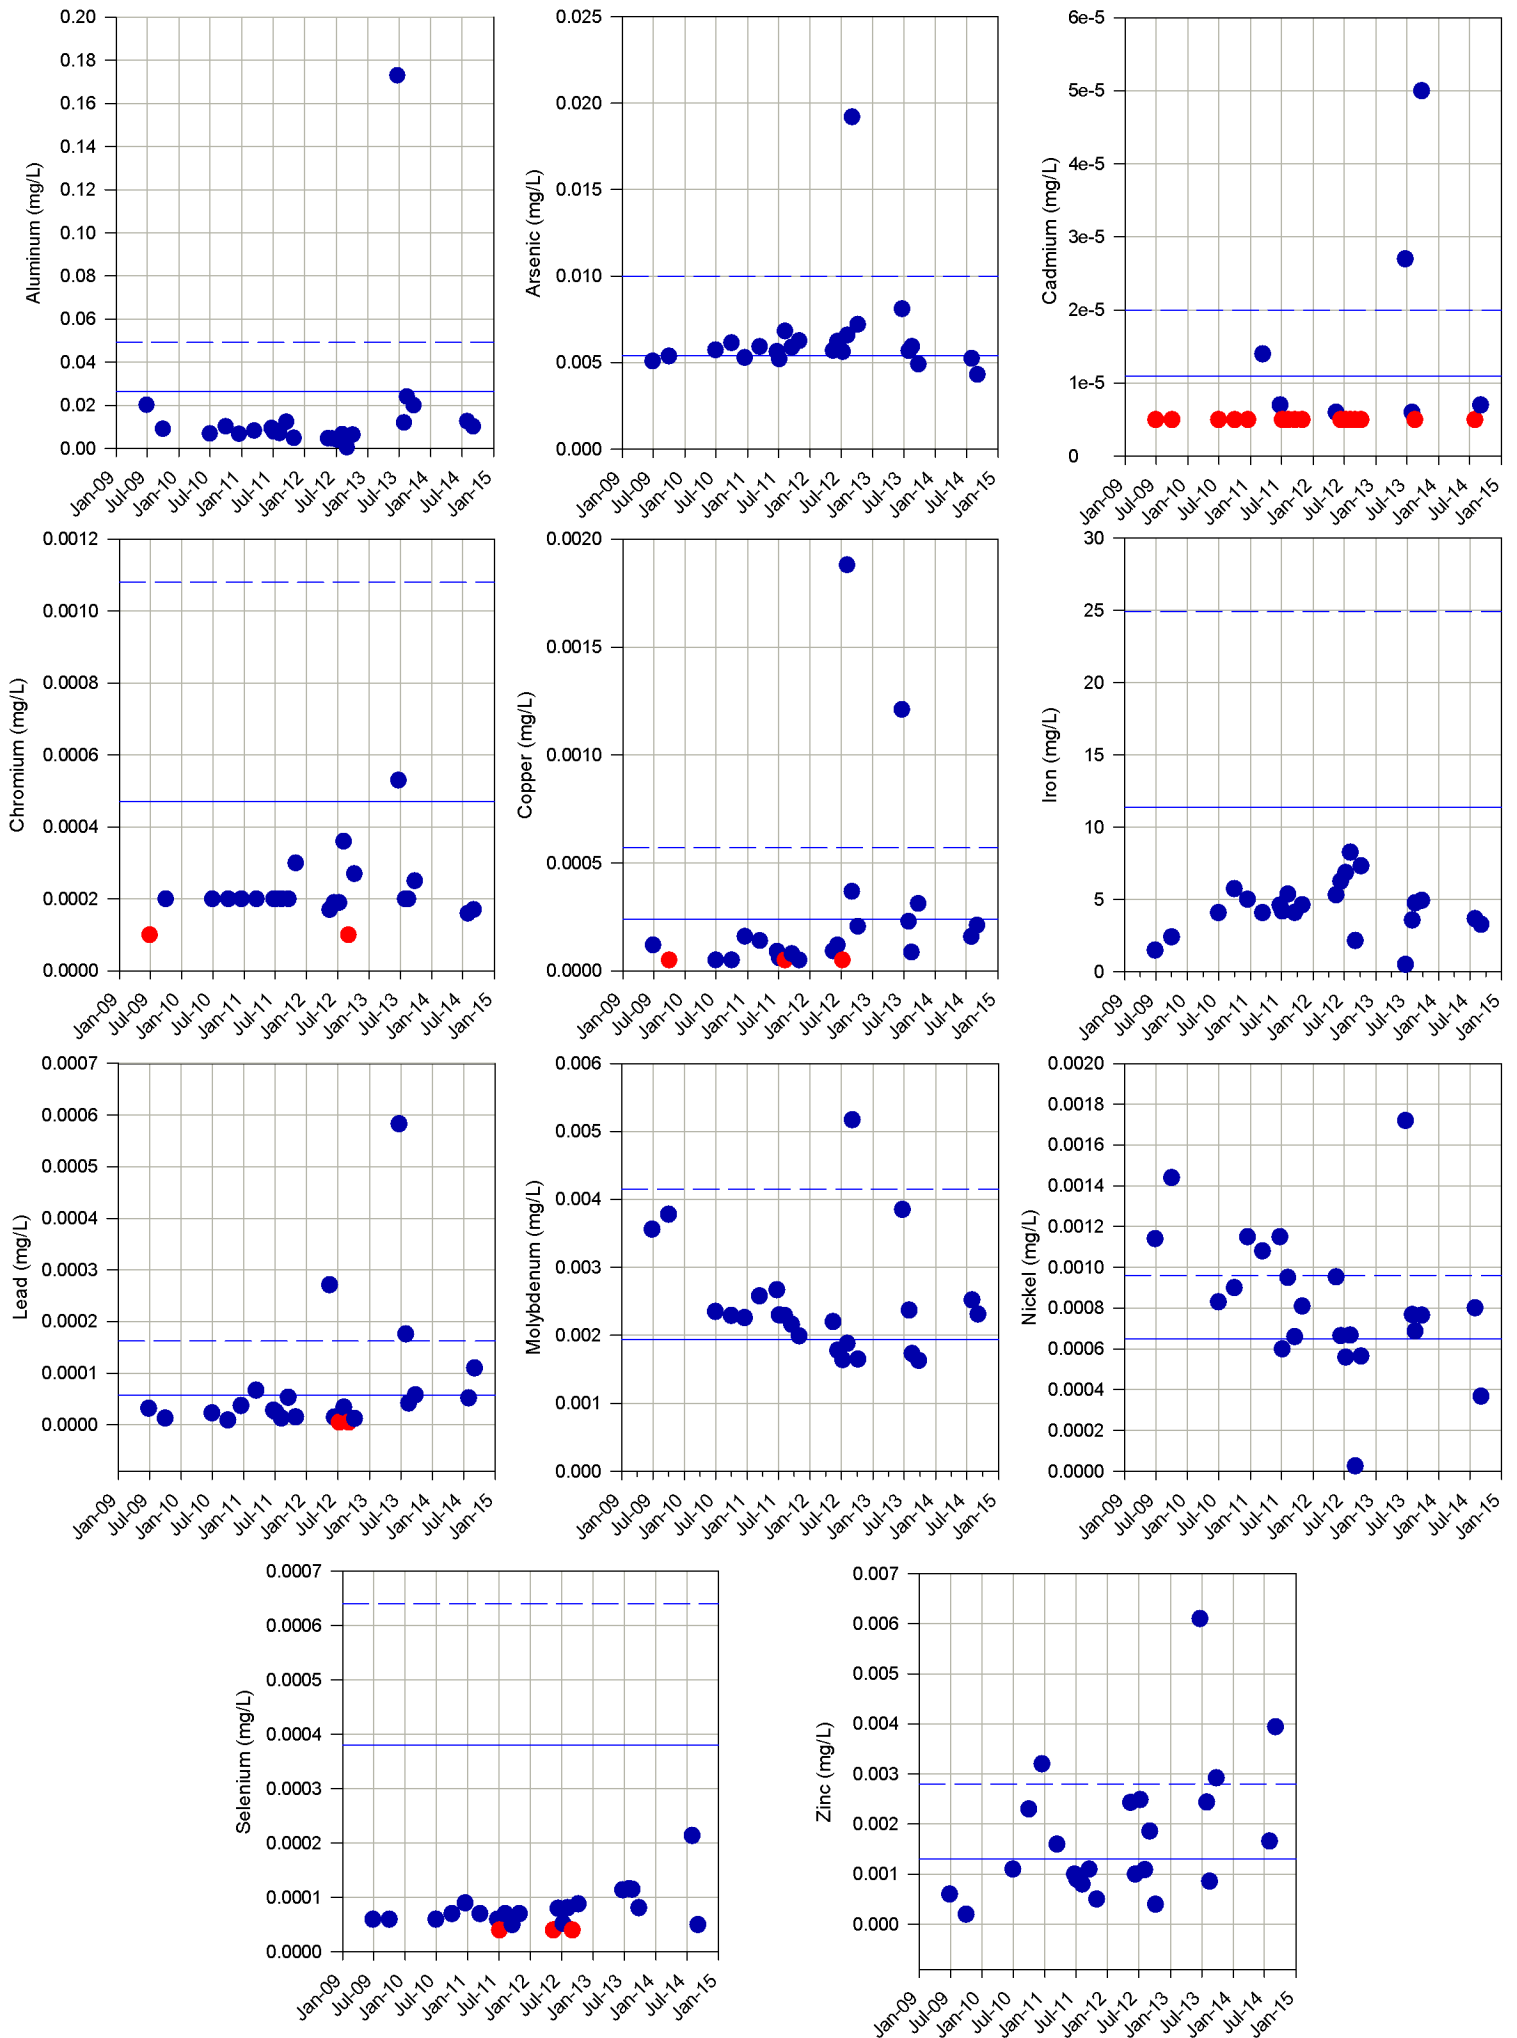

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW05-1B

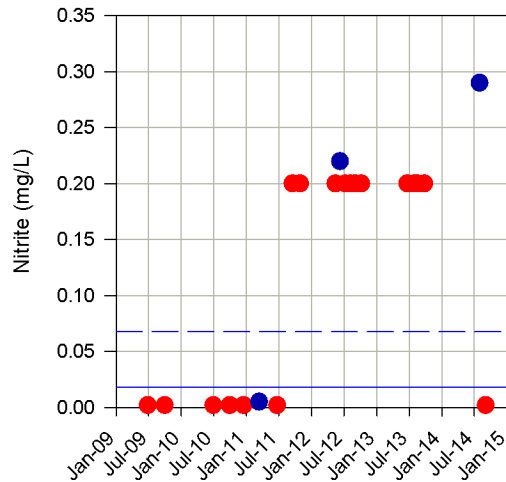

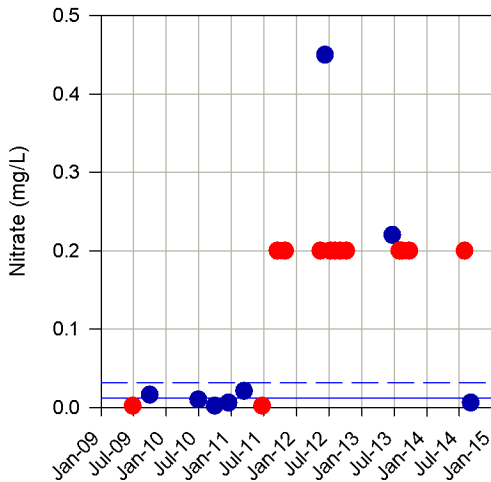

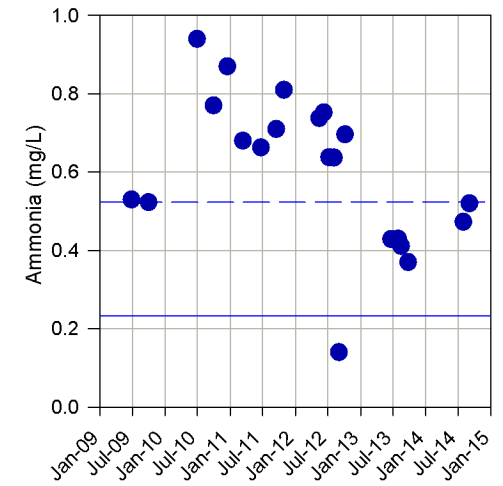

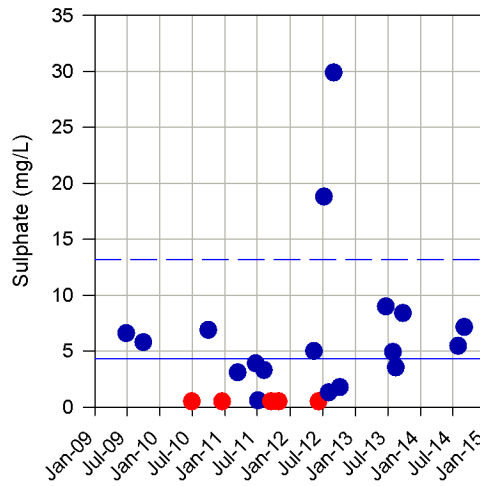

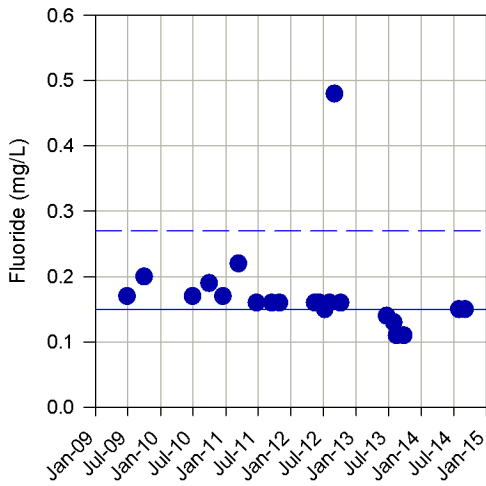

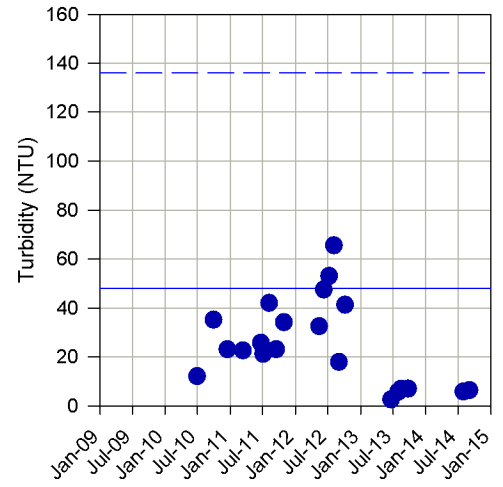

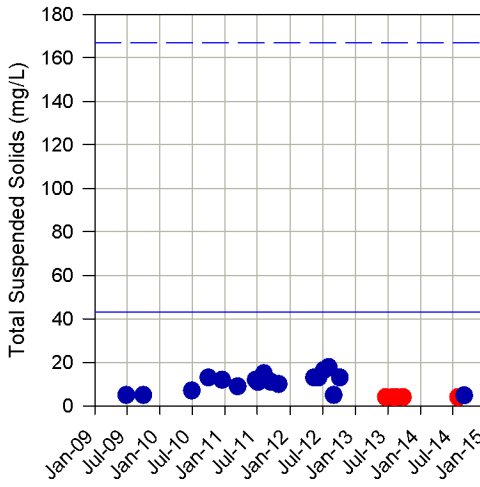

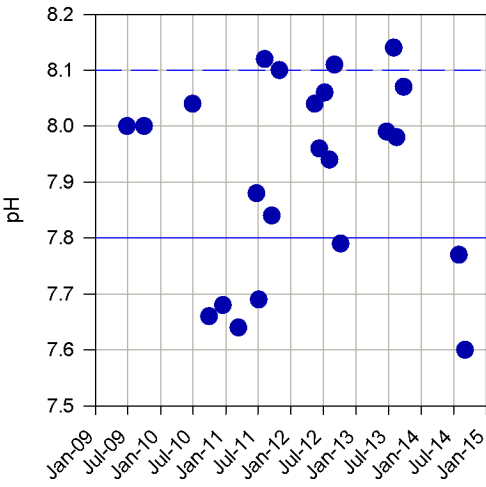

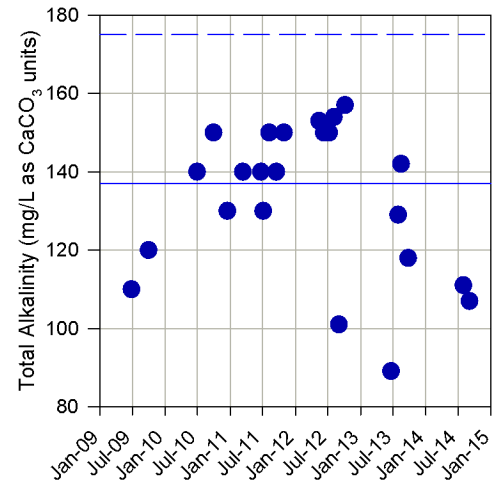

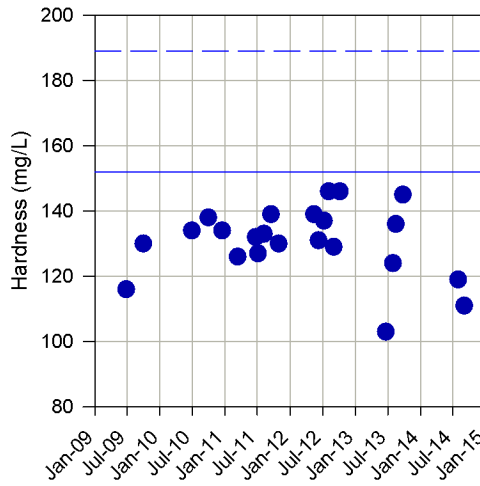

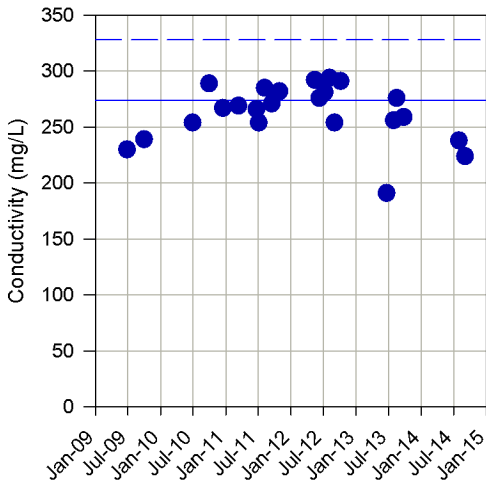

Parameter Concentration
Parameter Concentration less than Detection
Baseline Average Concentration
Baseline 95th Percentile Concentration

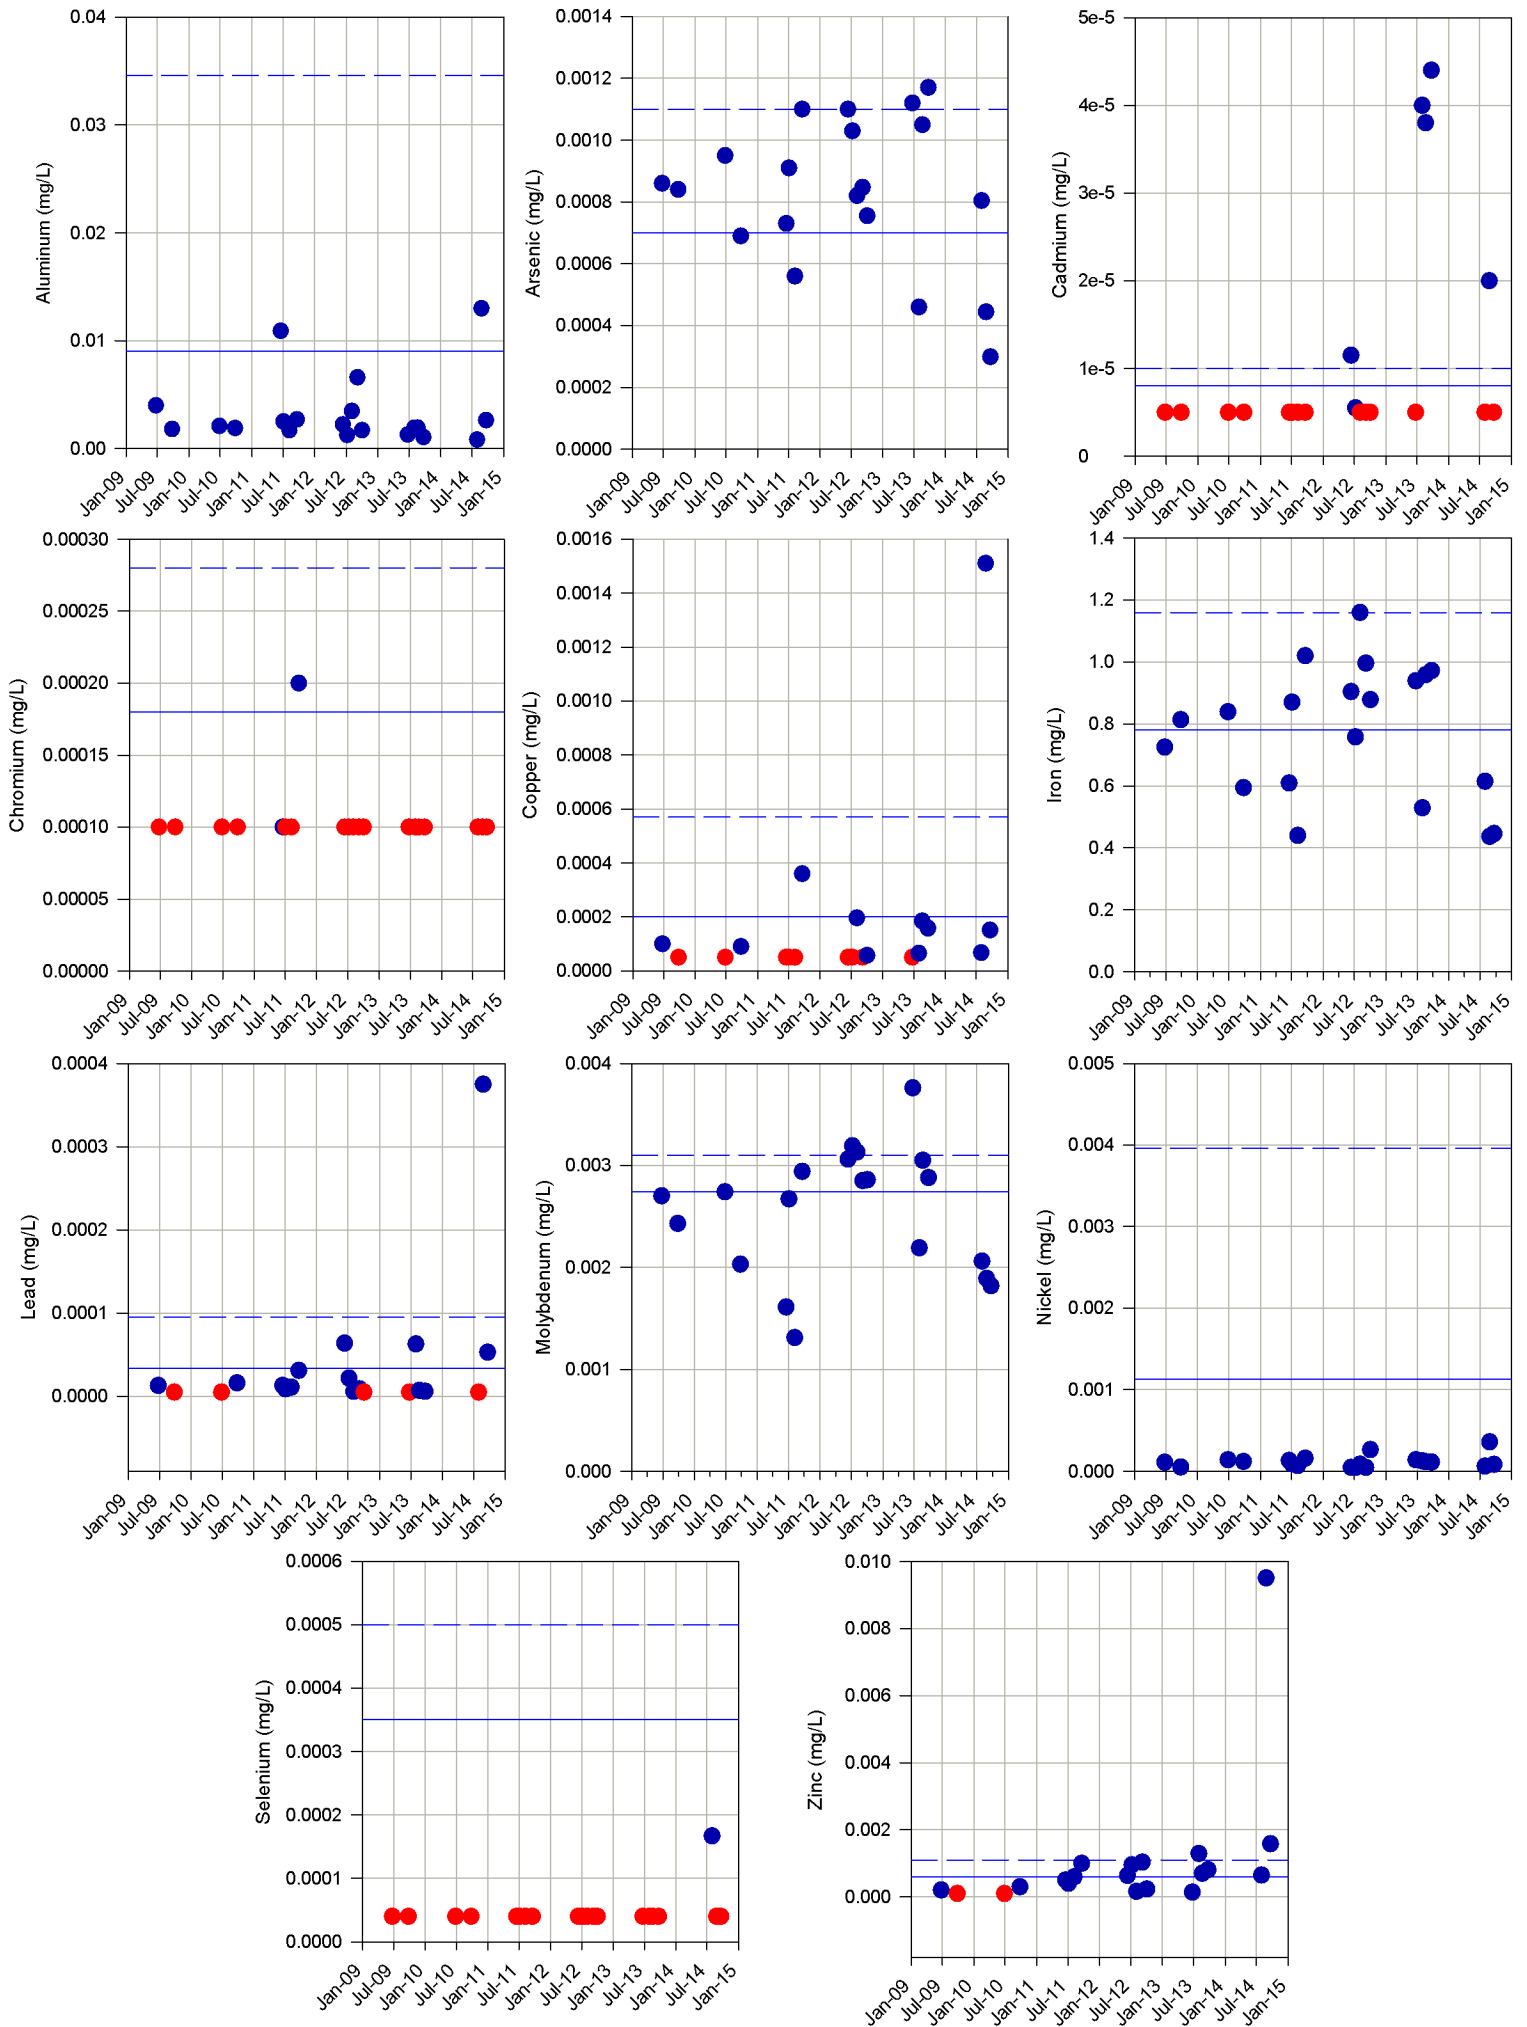

MW05-1B

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

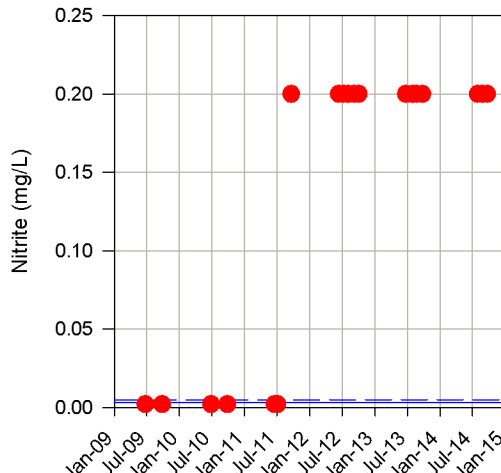

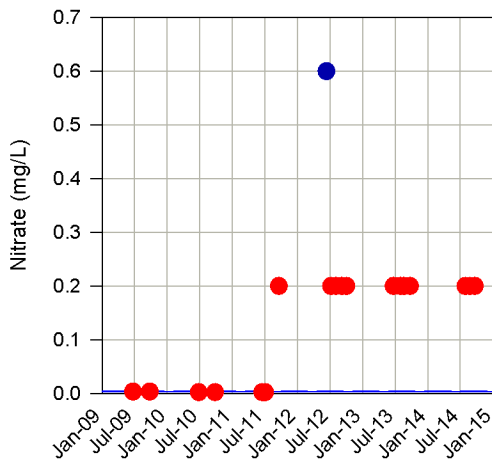

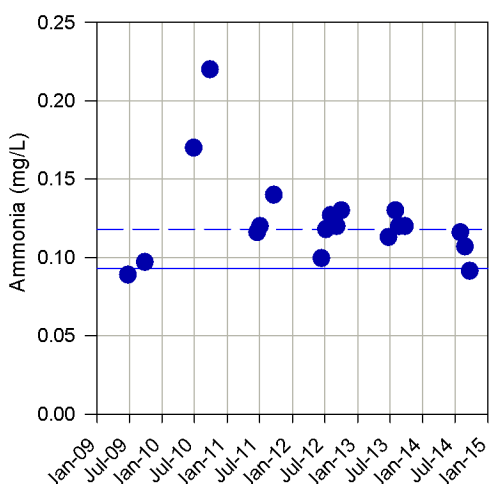

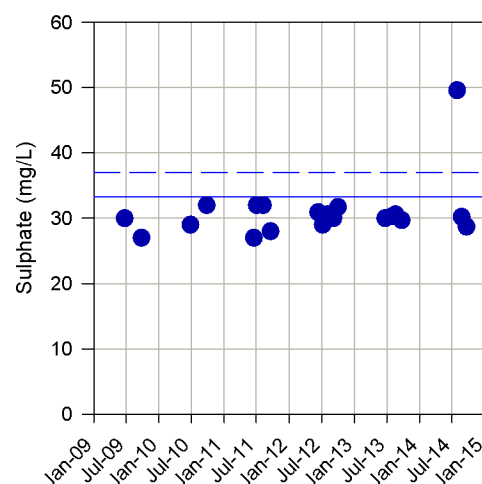

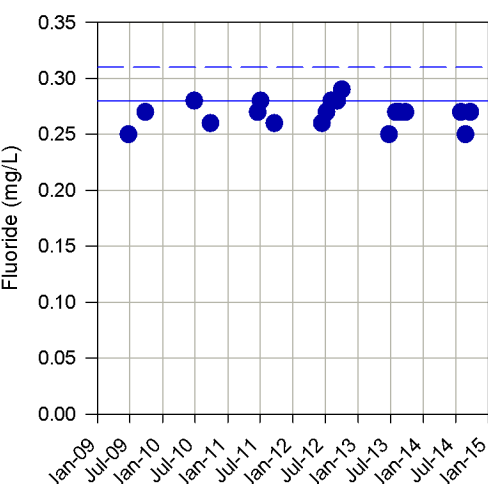

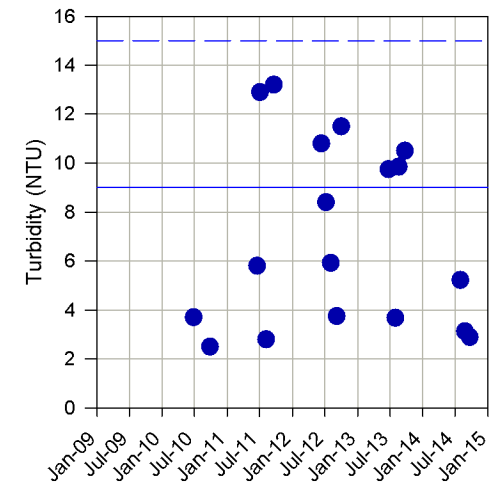

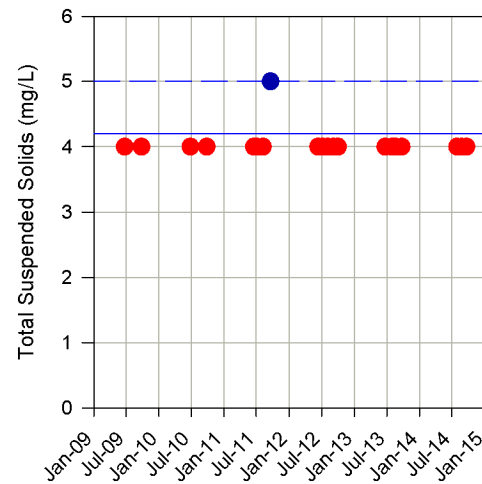

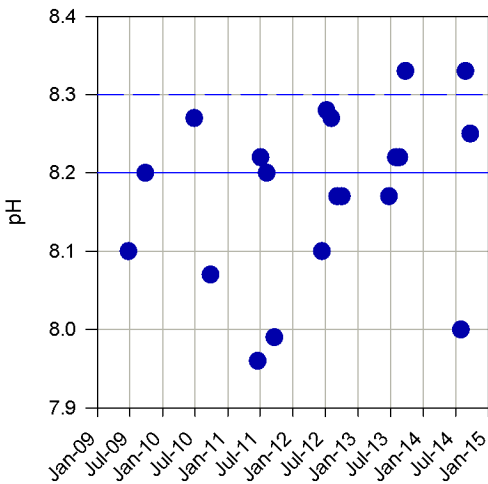

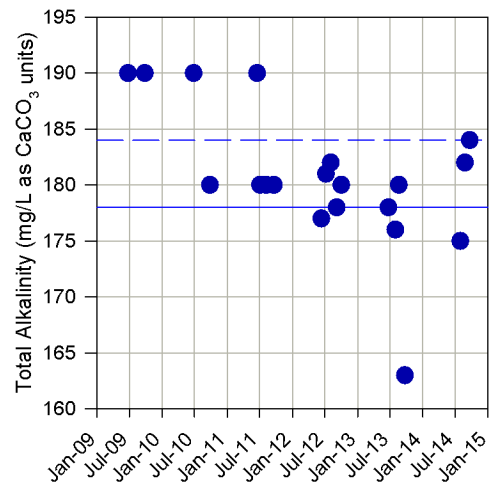

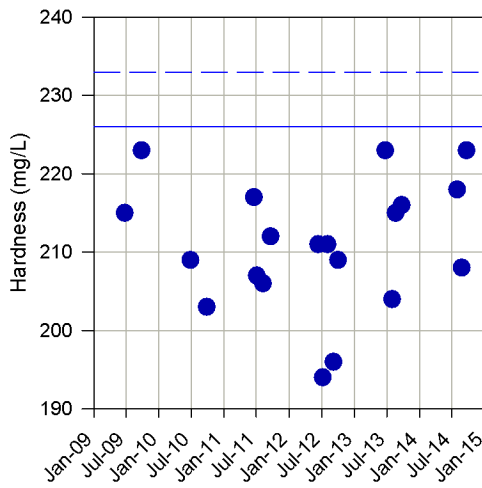

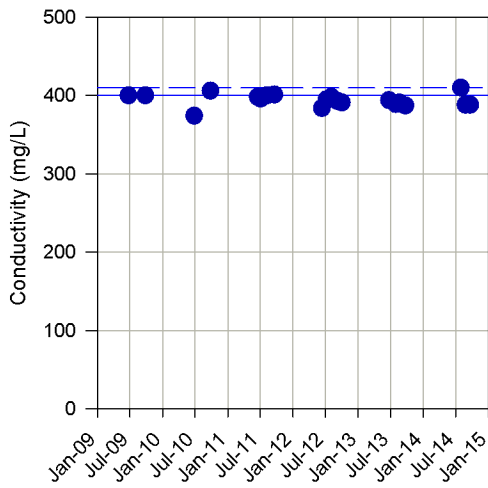

MW05-2A

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

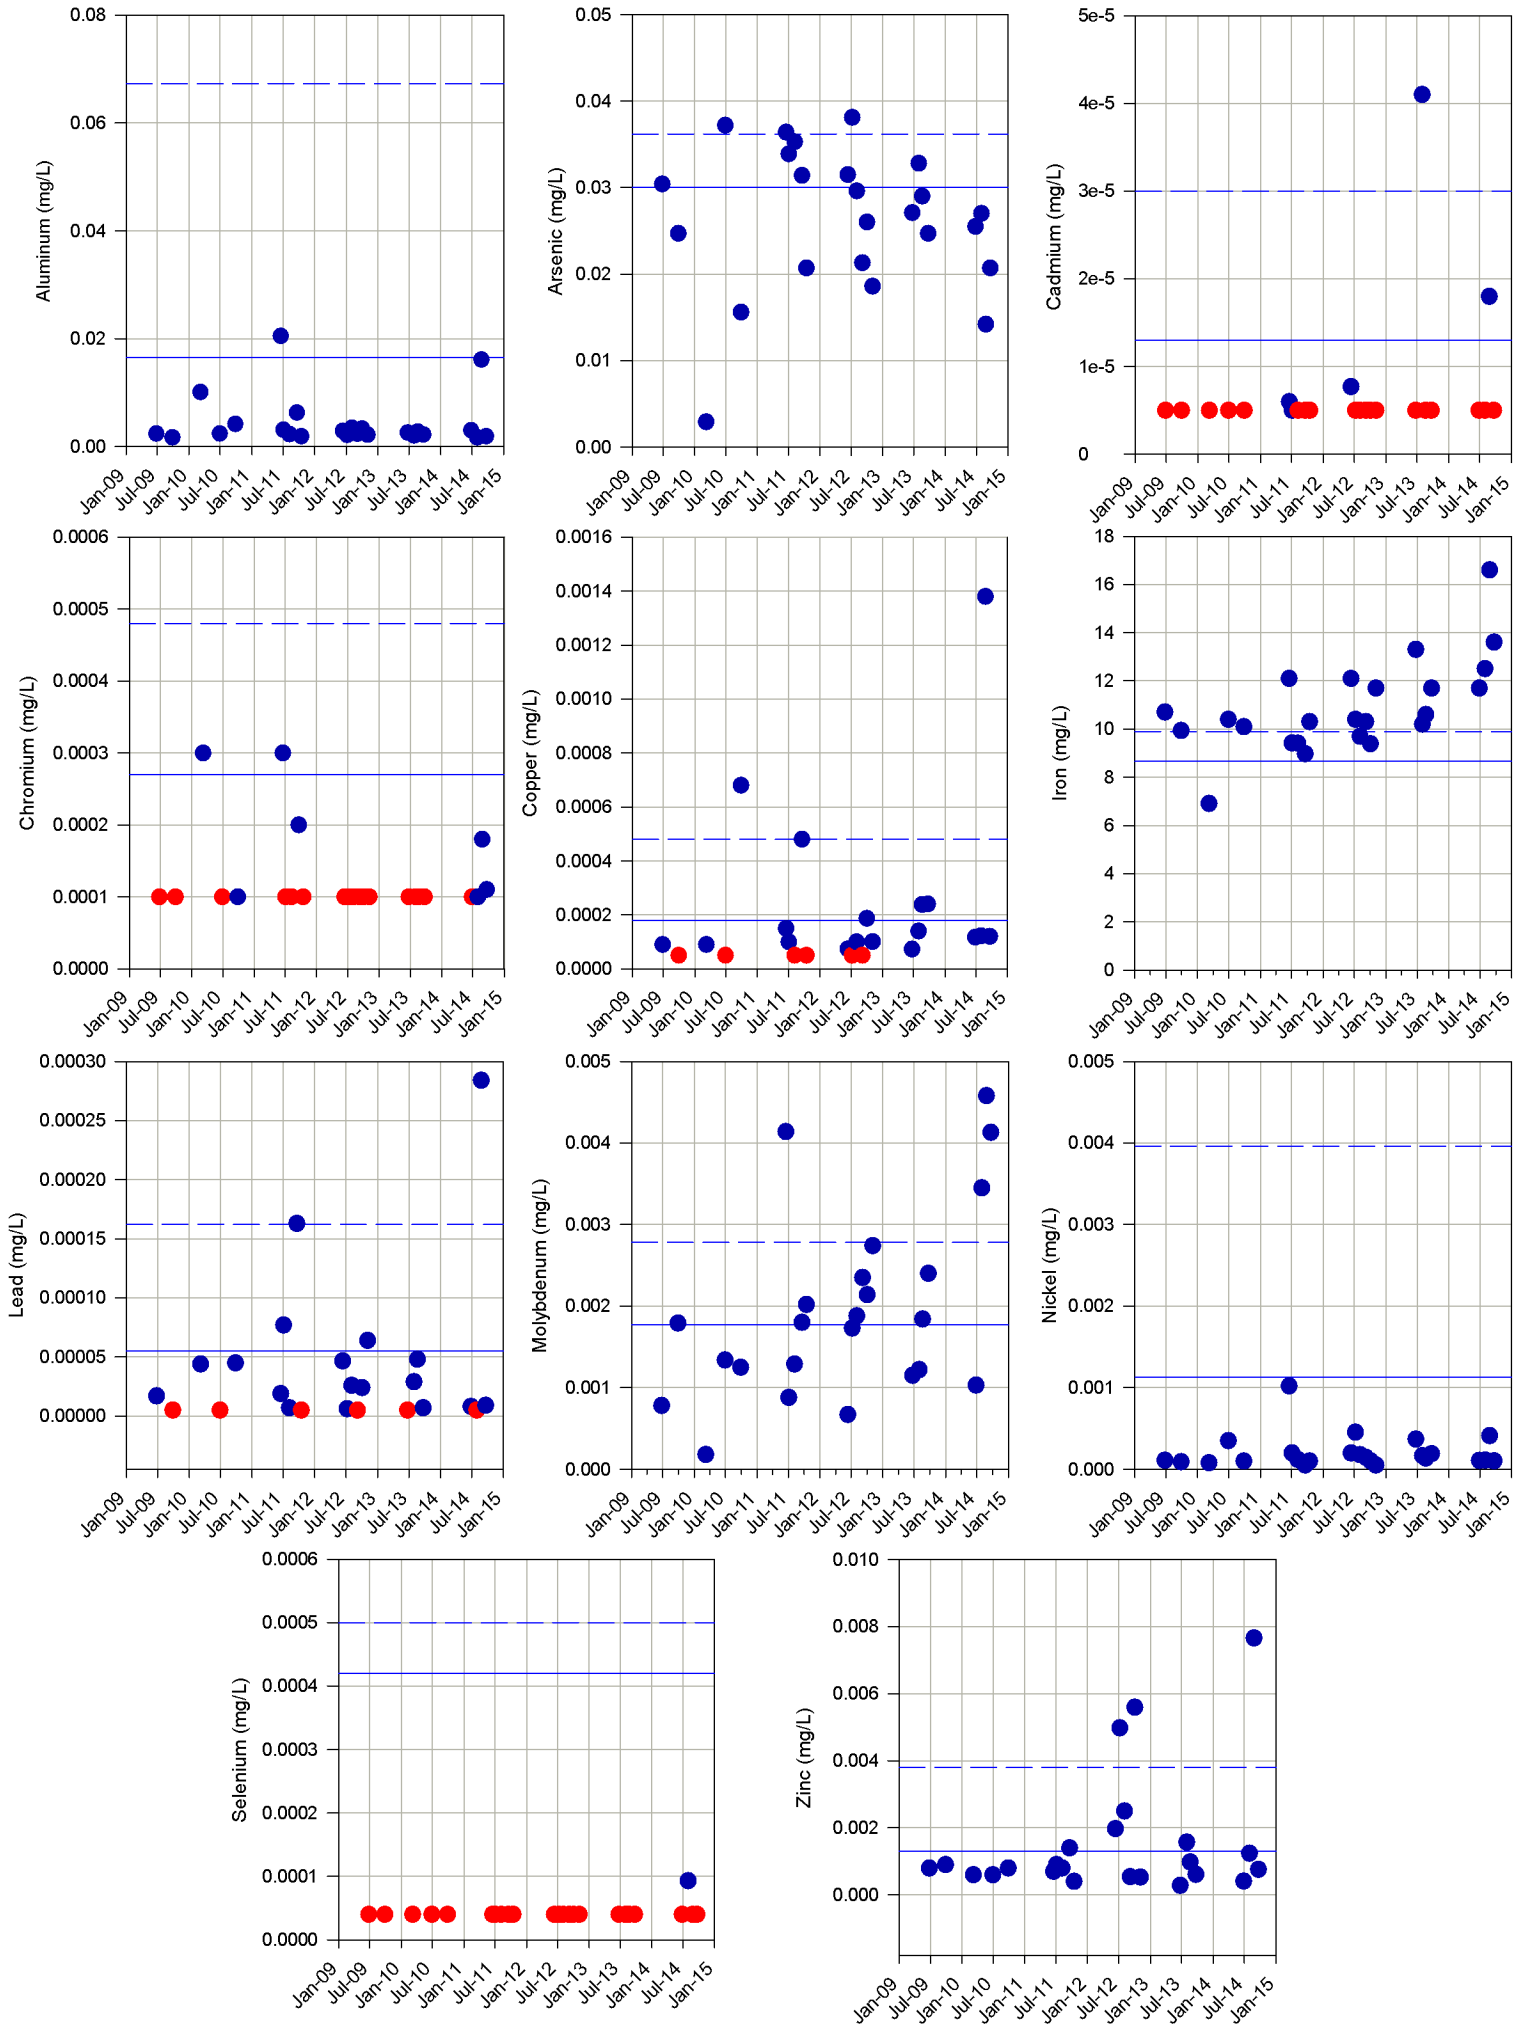

MW05-2A

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

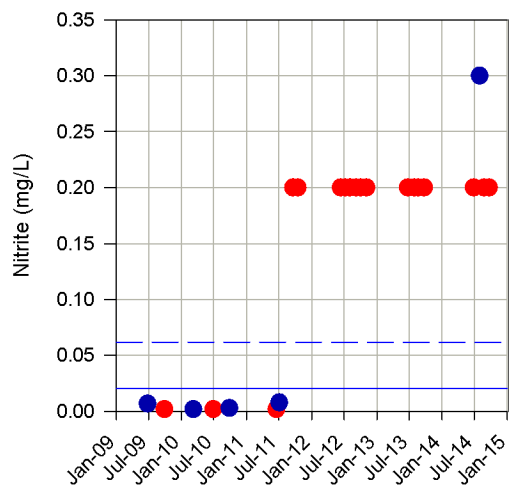

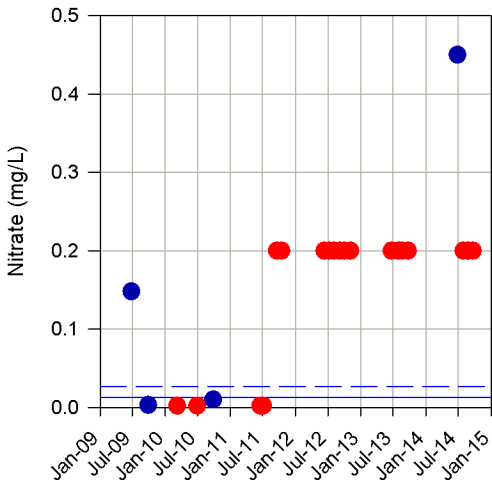

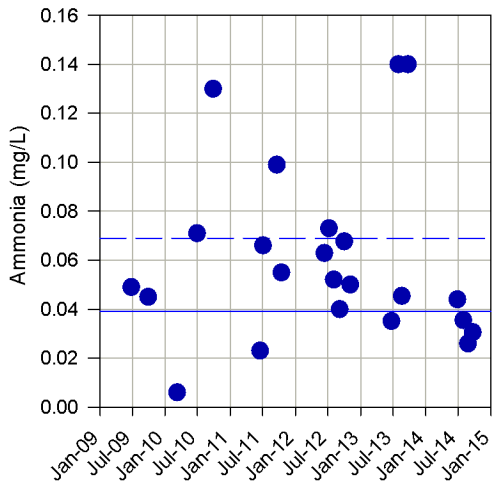

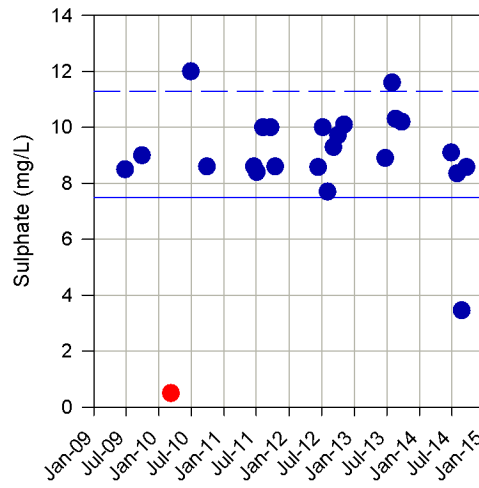

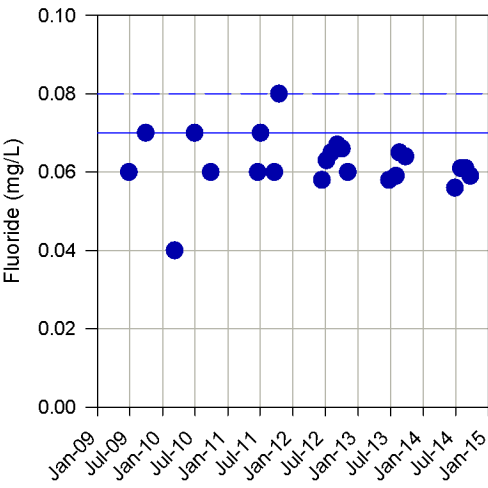

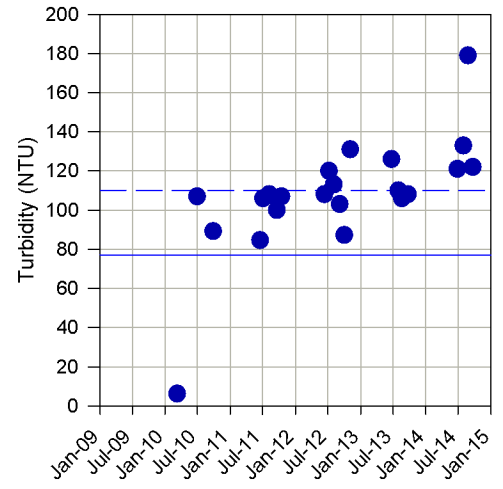

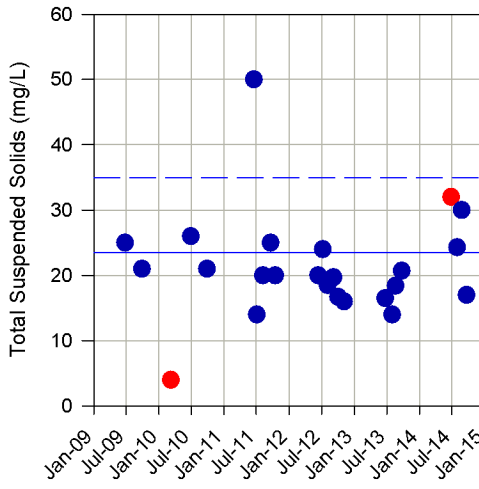

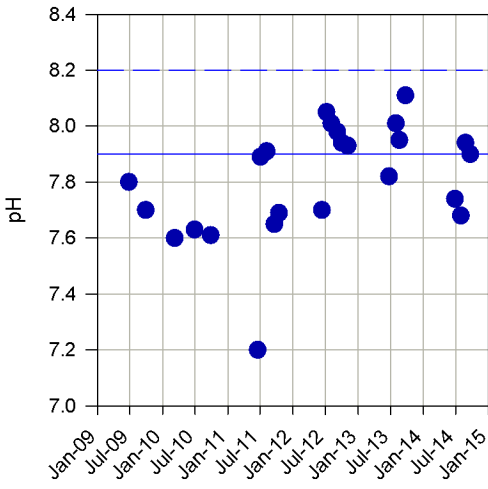

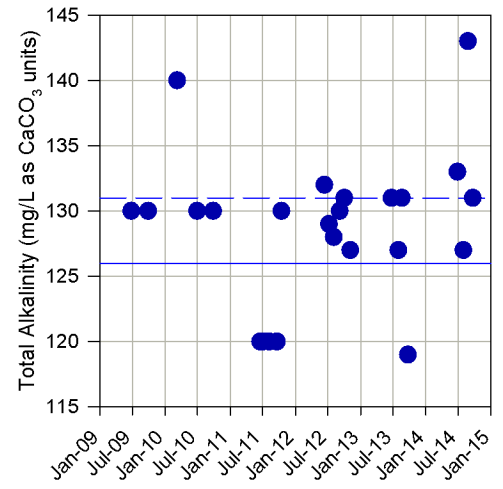

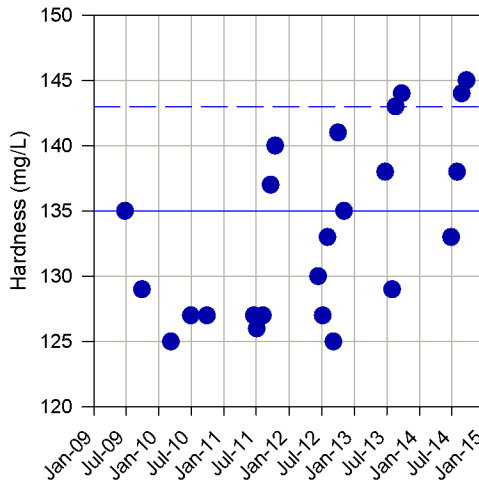

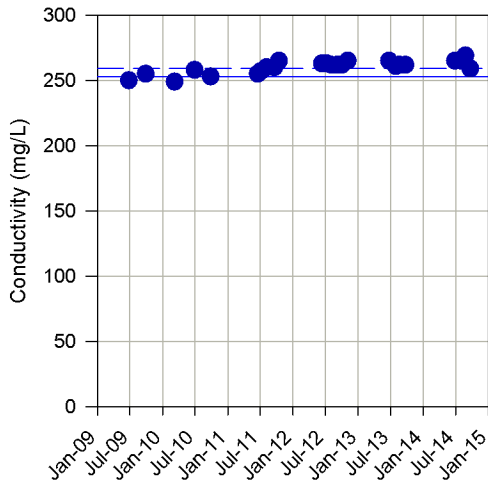

MW05-2B

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

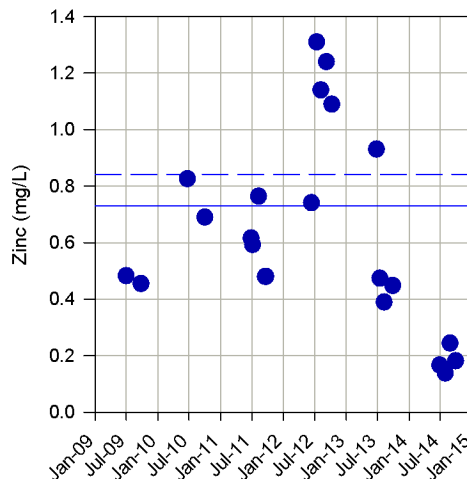

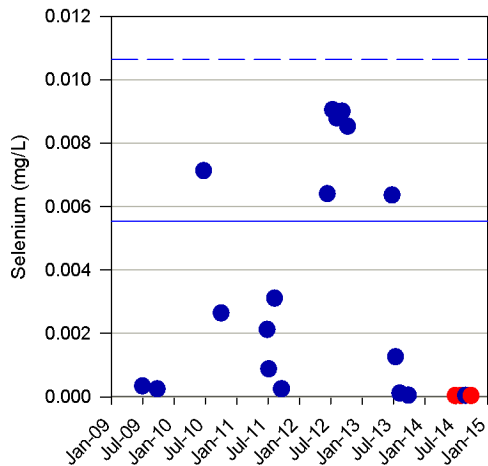

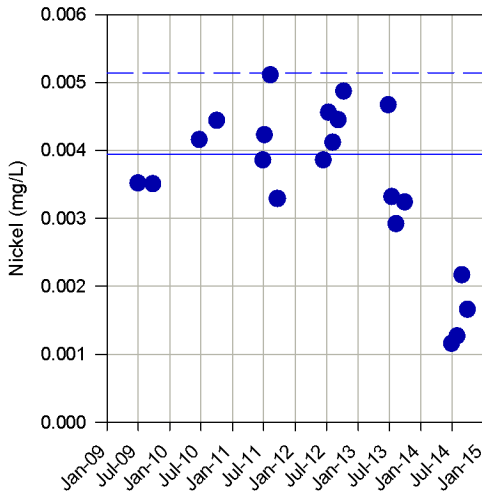

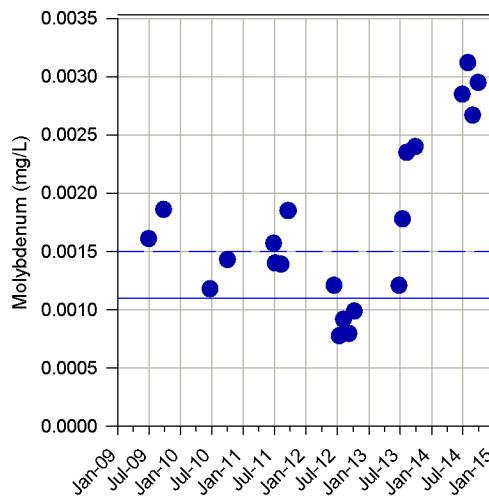

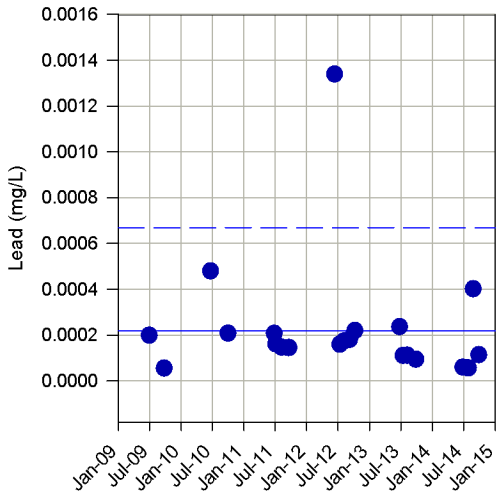

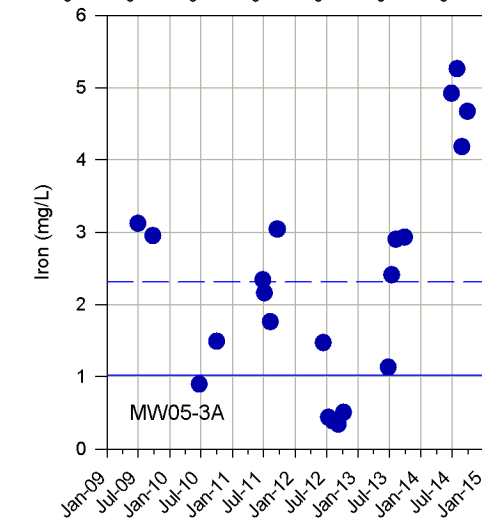

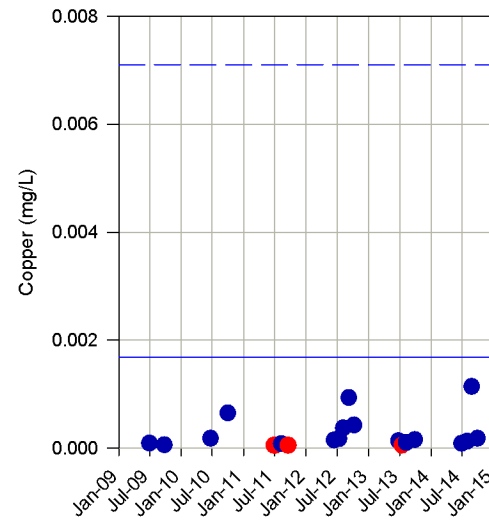

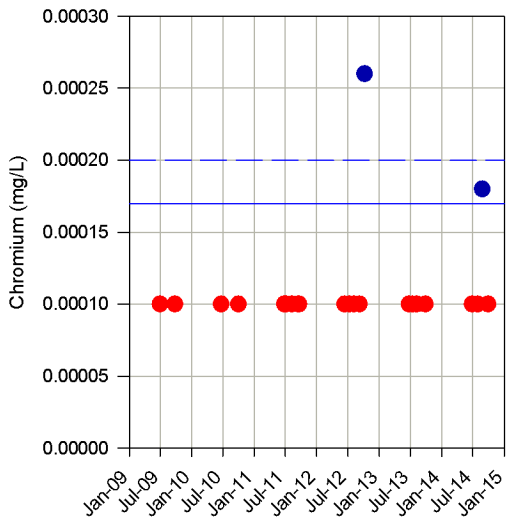

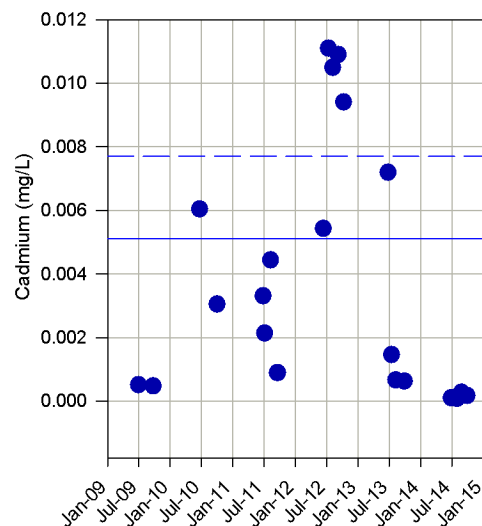

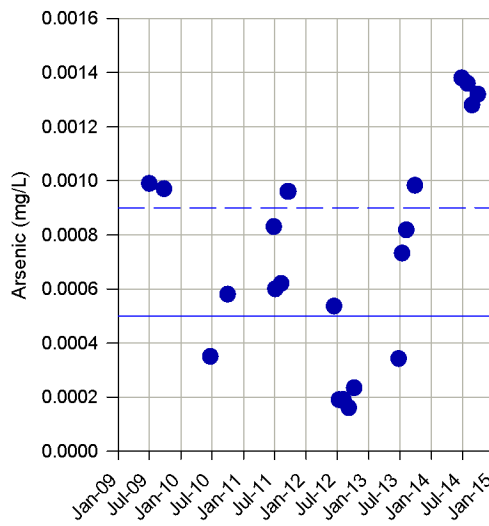

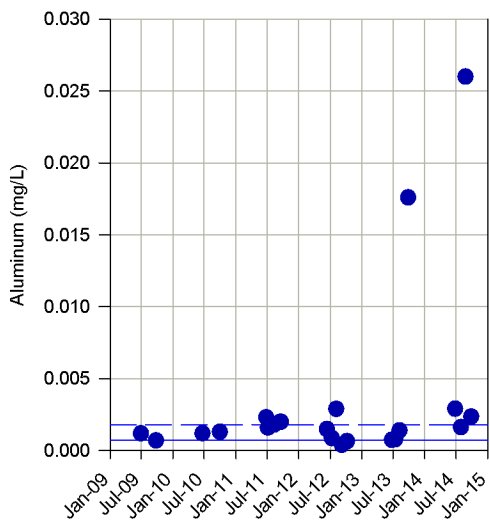

MW05-2B

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

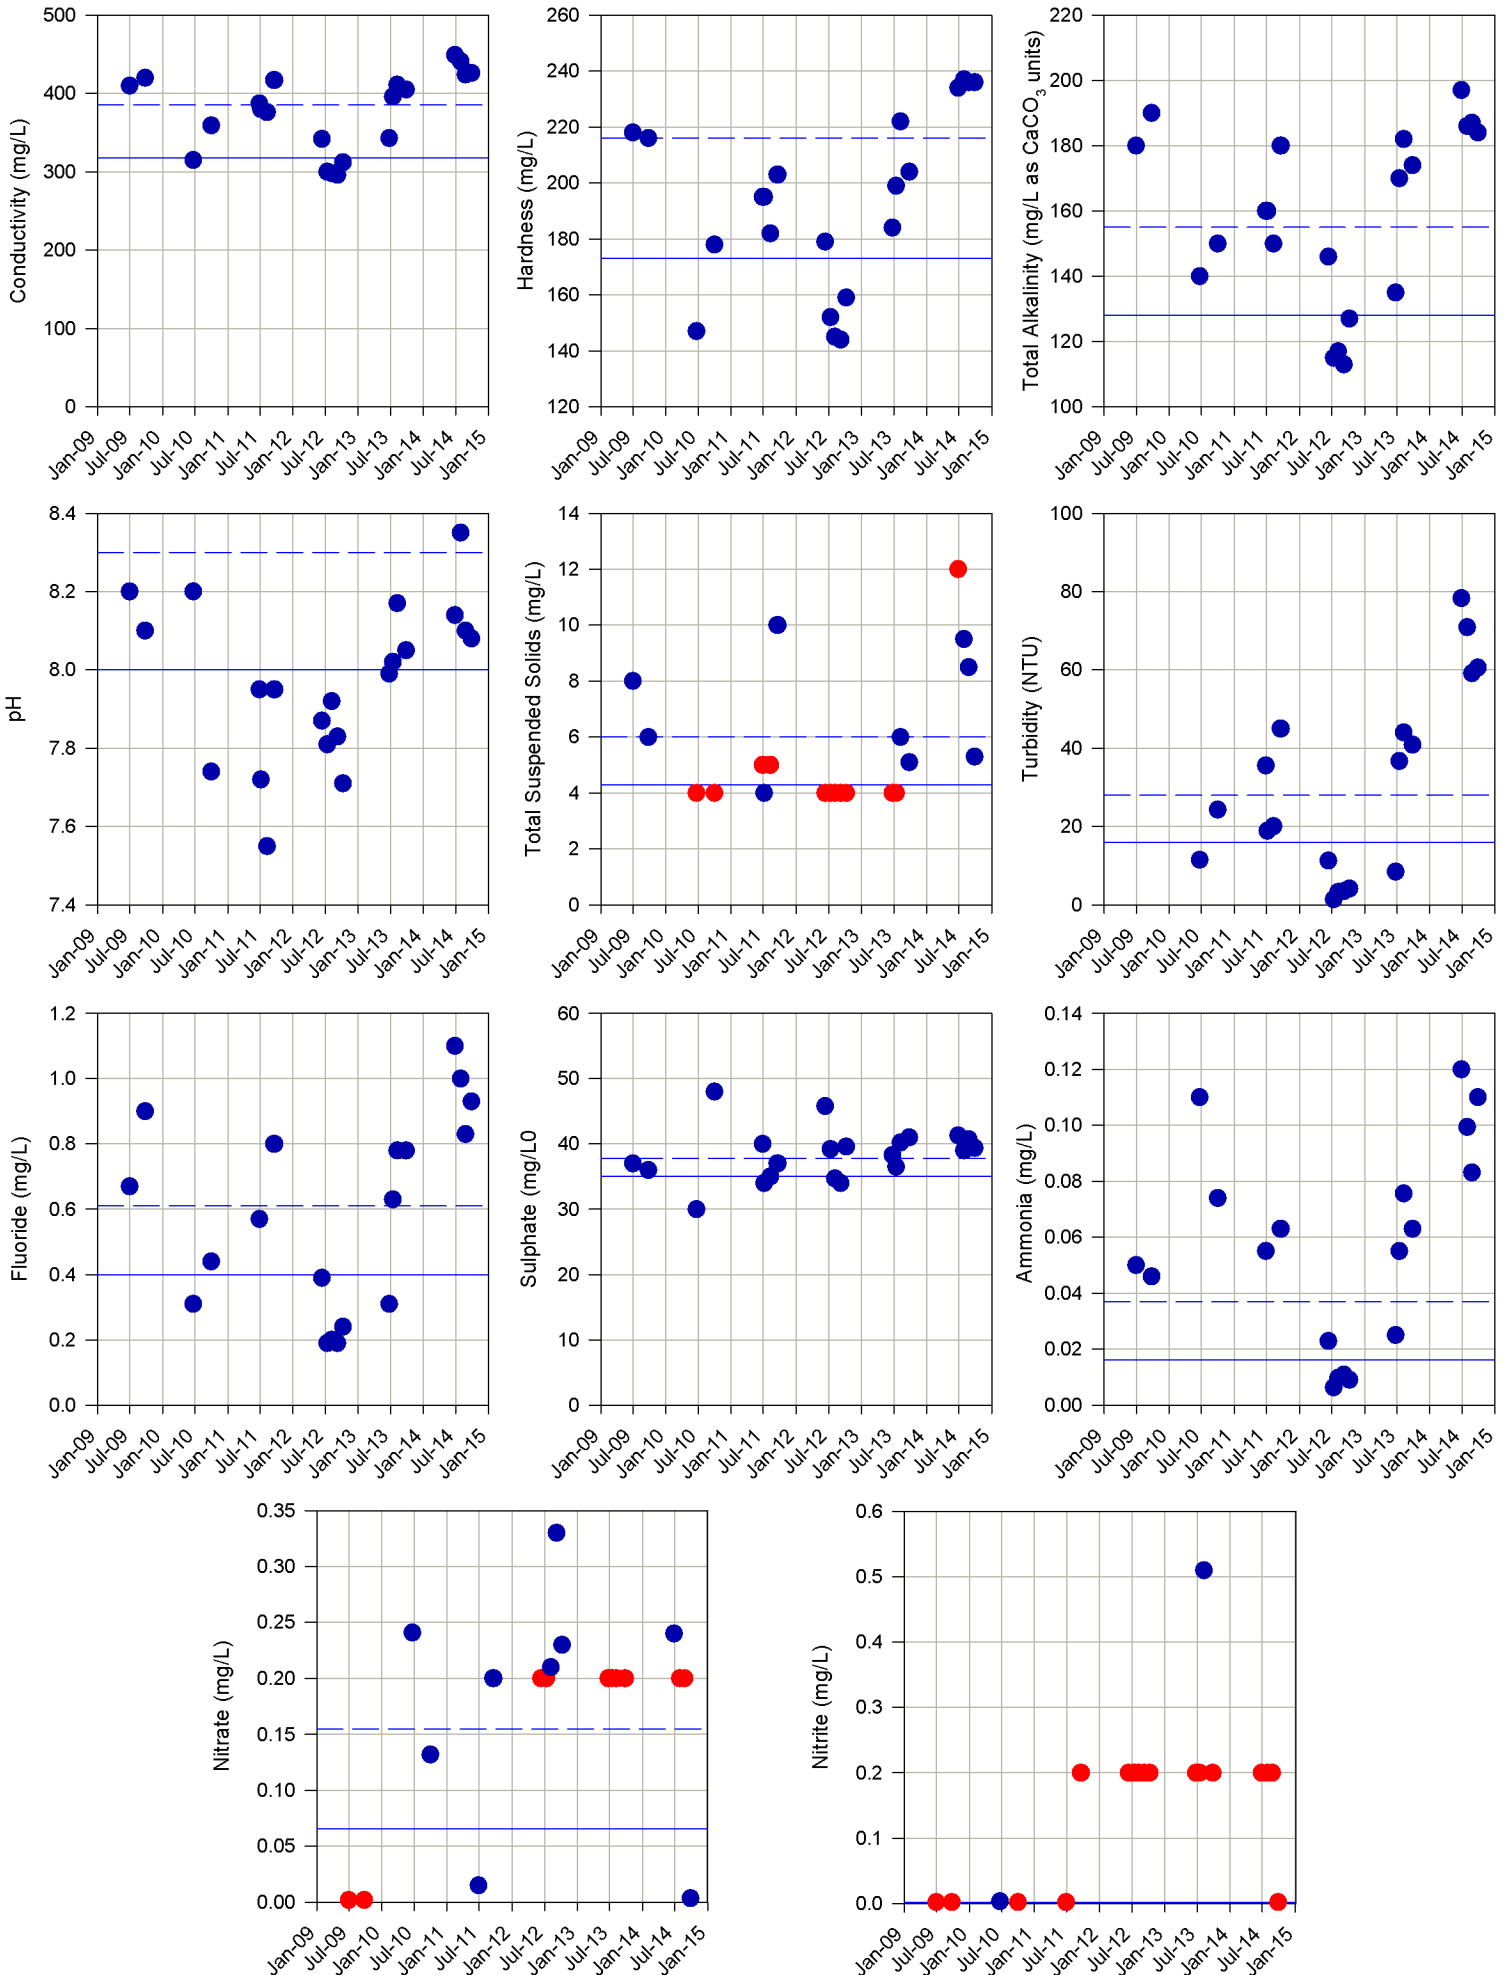

MW05-3A

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

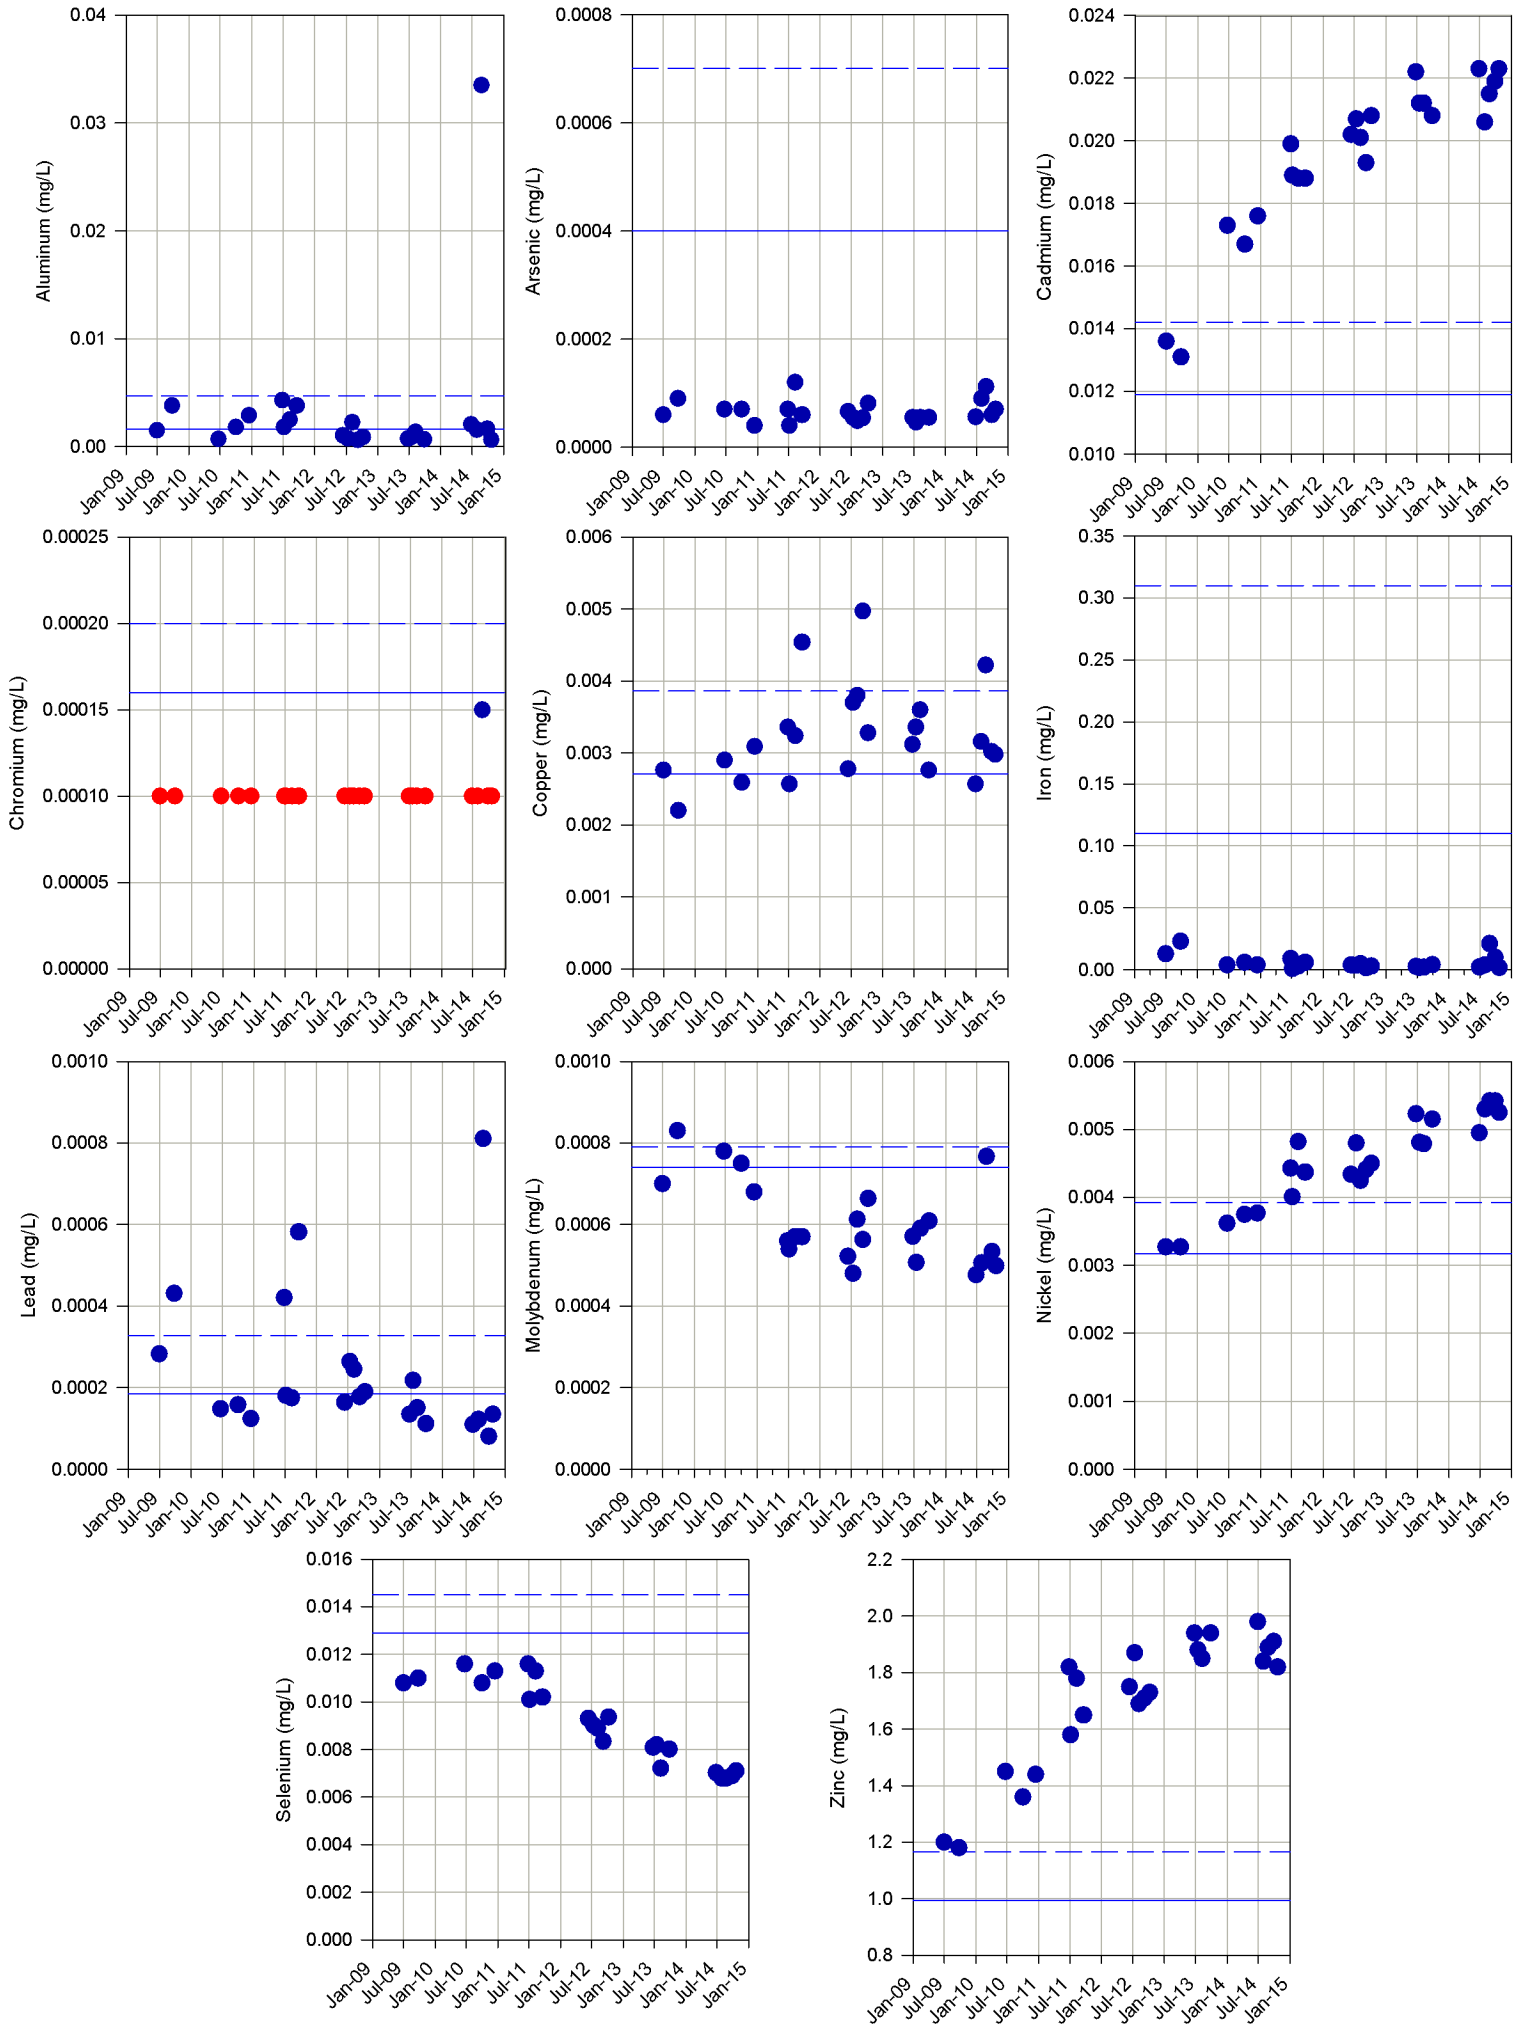

MW05-3A

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

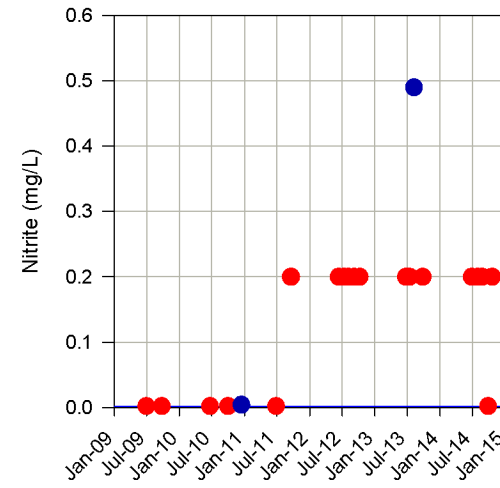

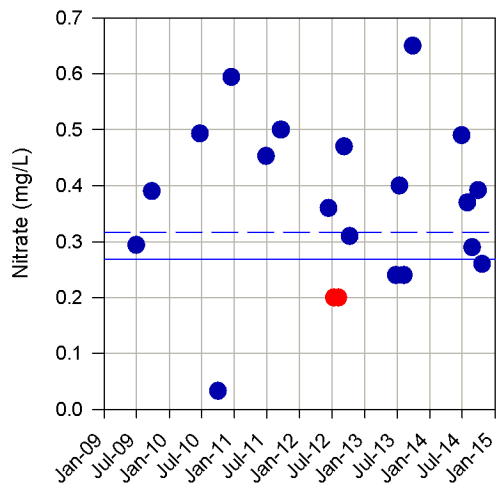

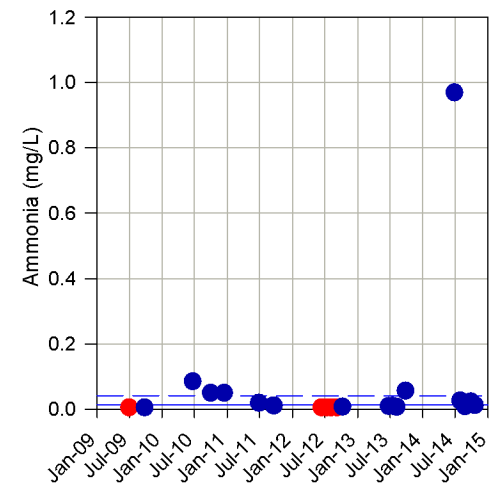

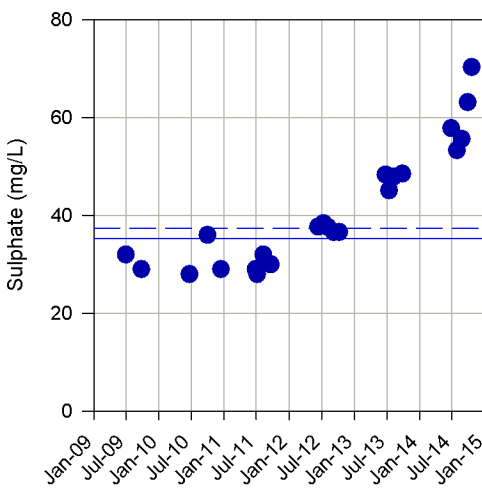

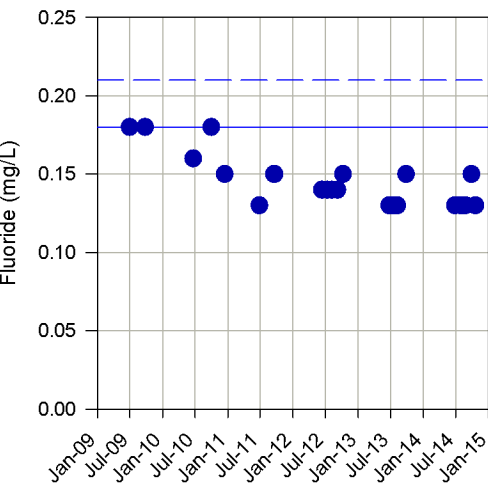

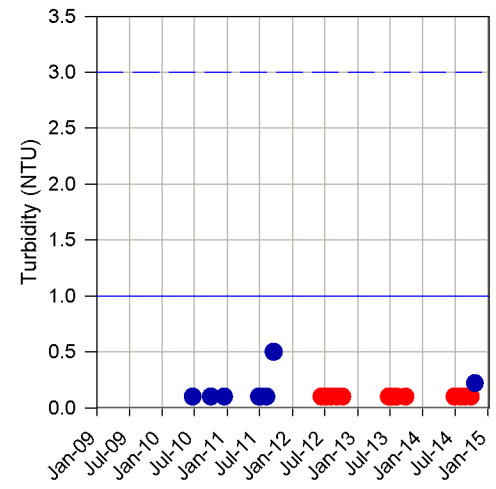

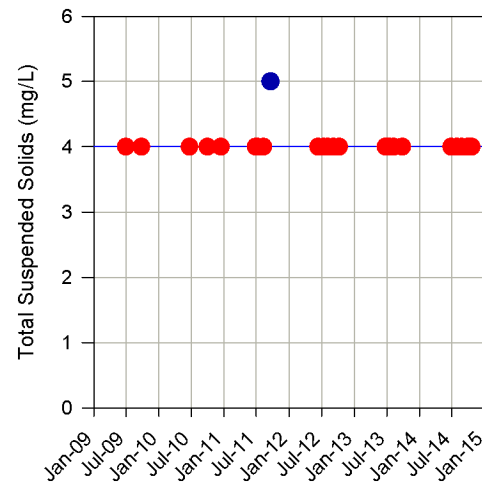

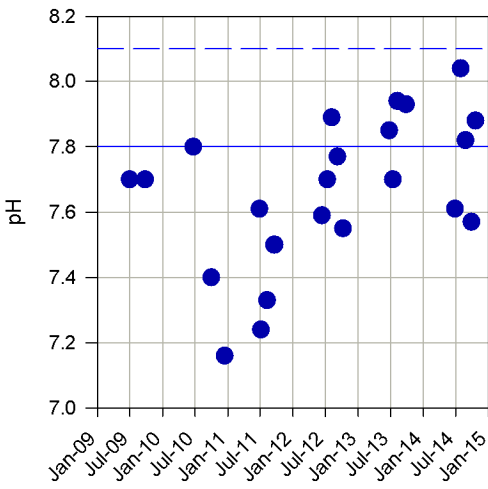

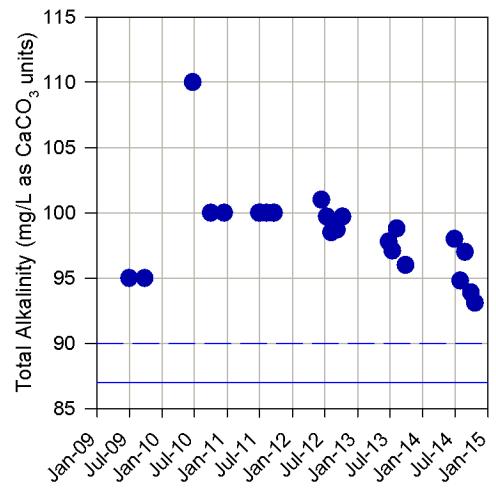

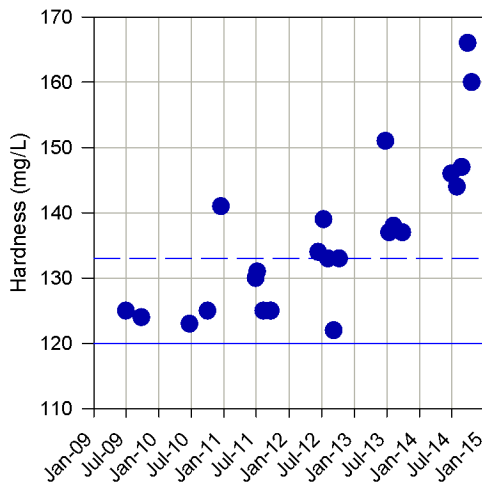

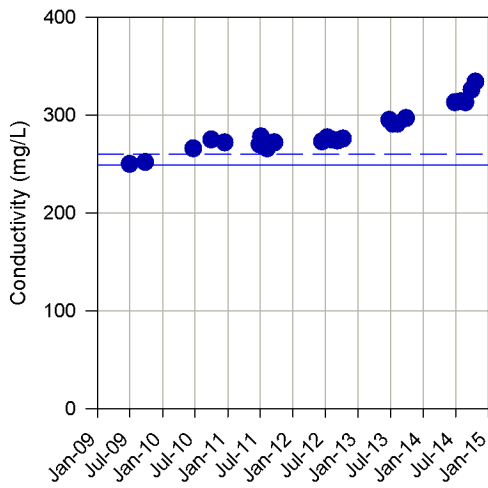

MW05-3B

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

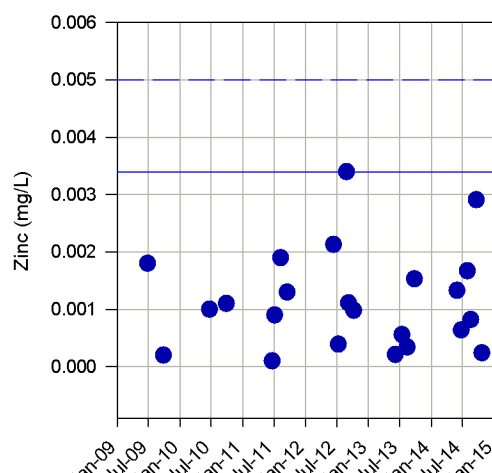

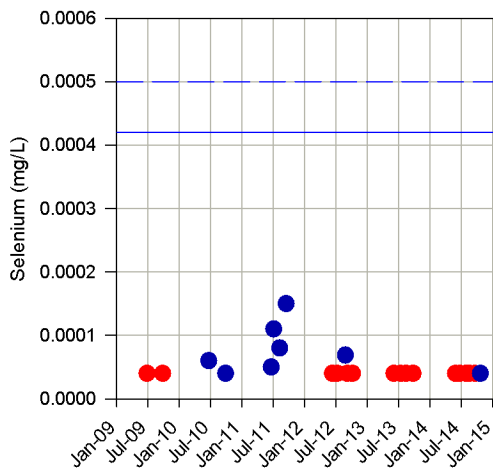

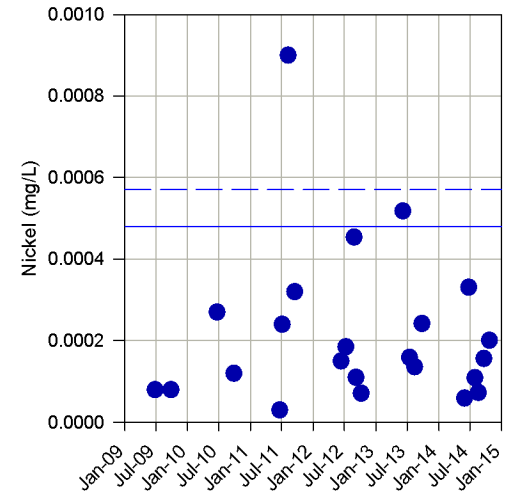

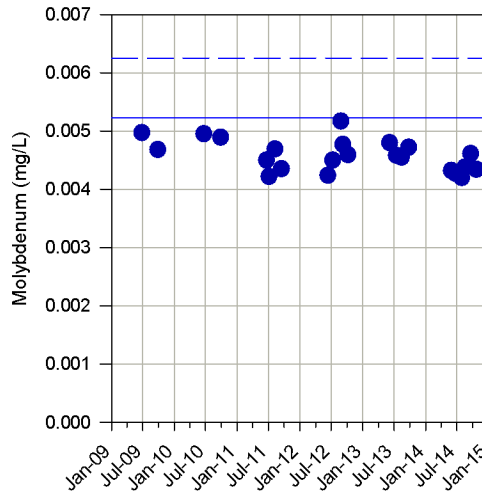

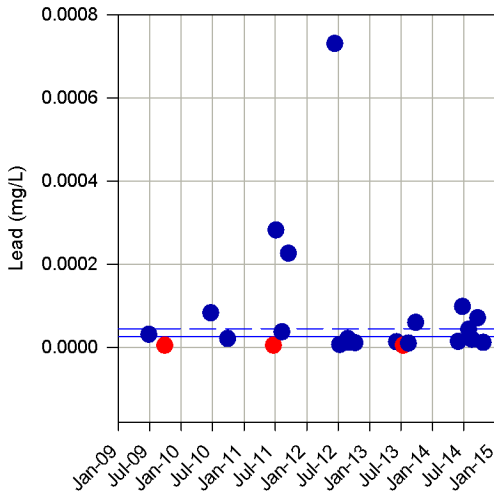

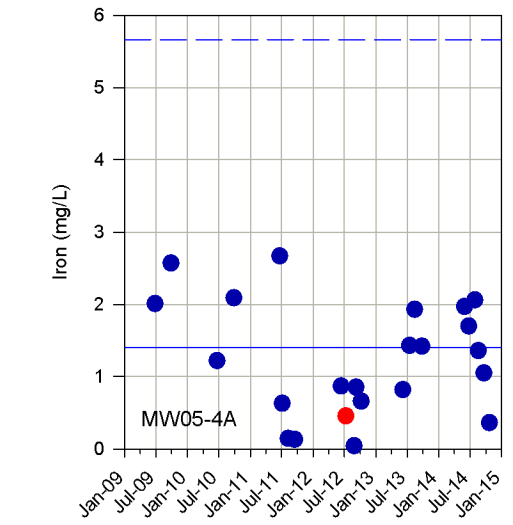

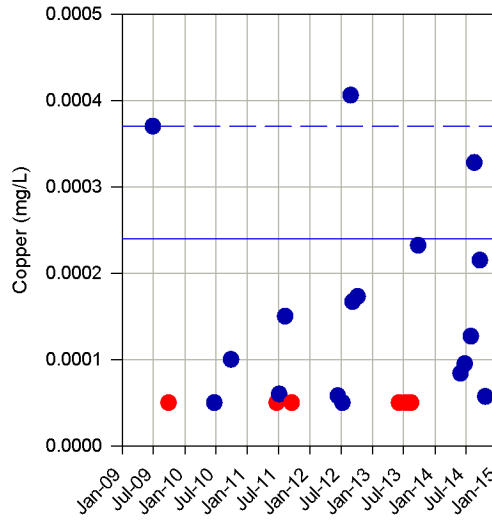

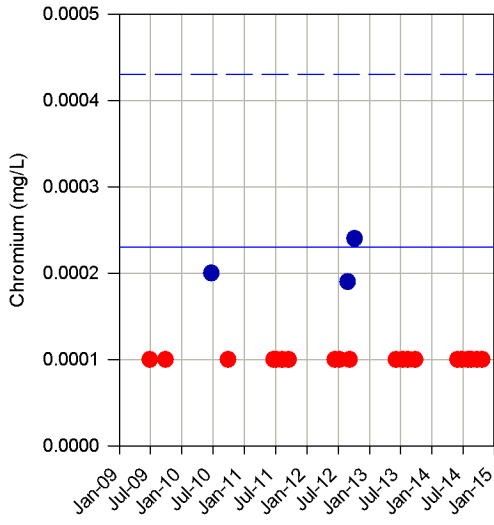

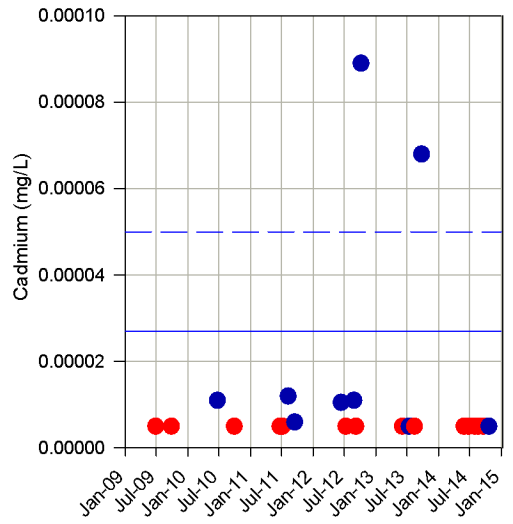

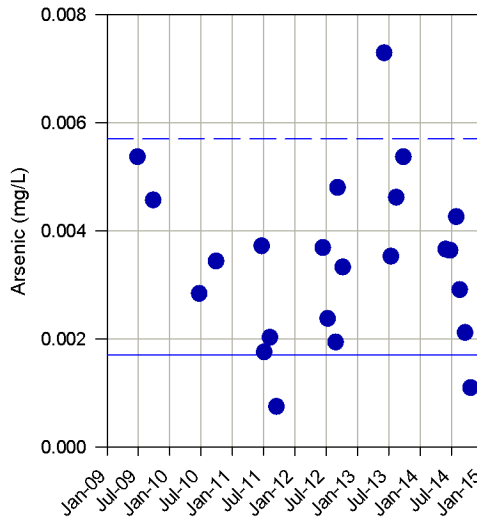

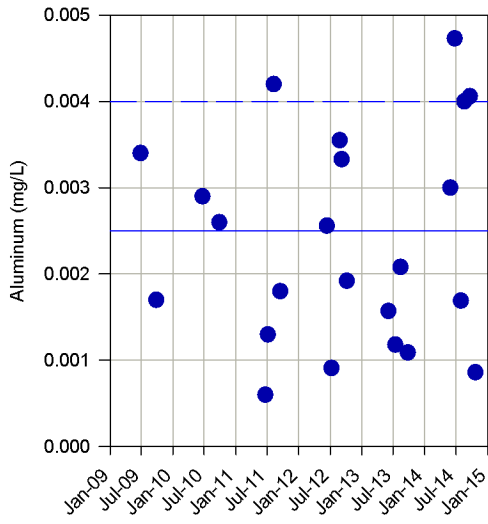

MW05-3B

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

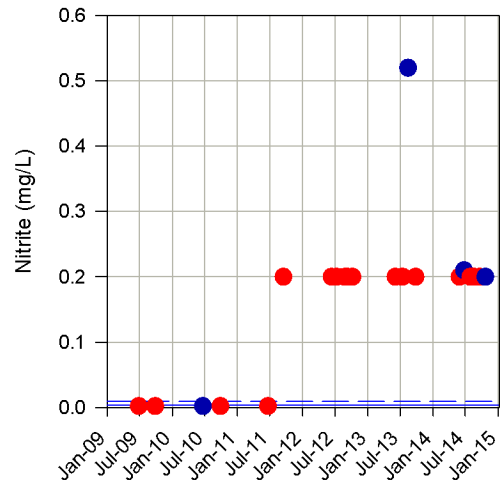

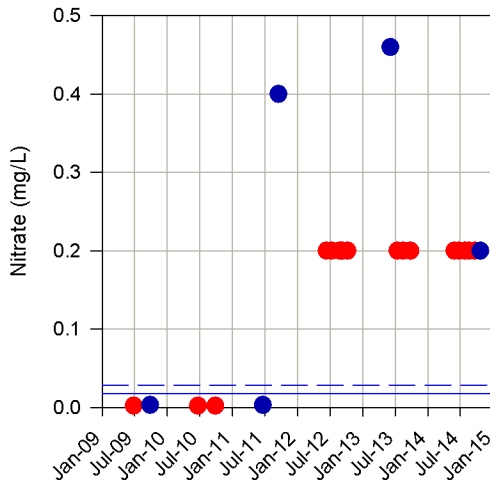

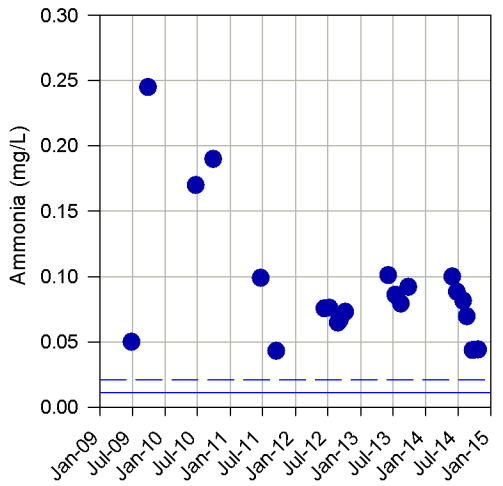

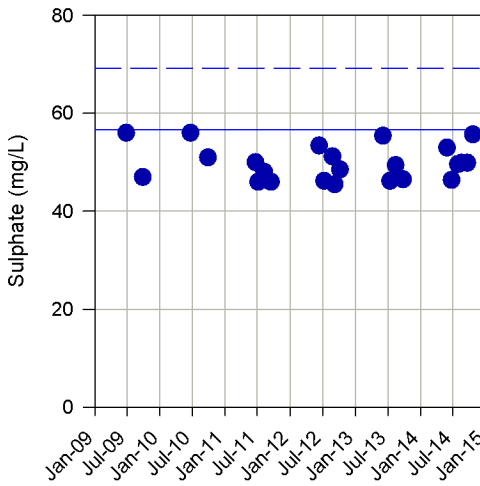

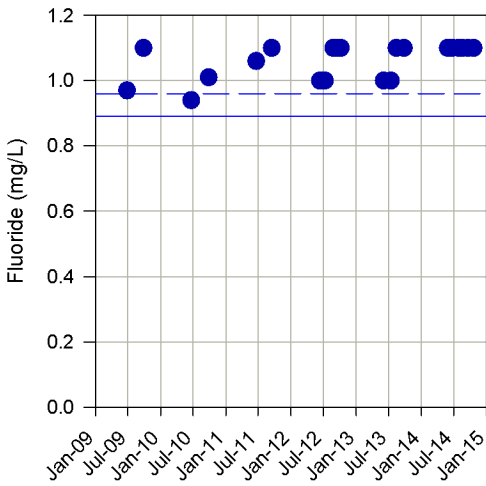

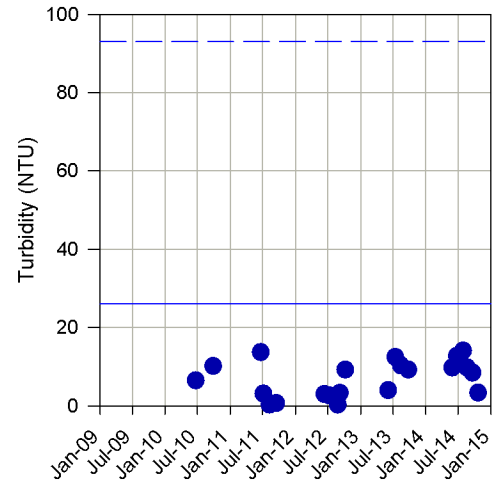

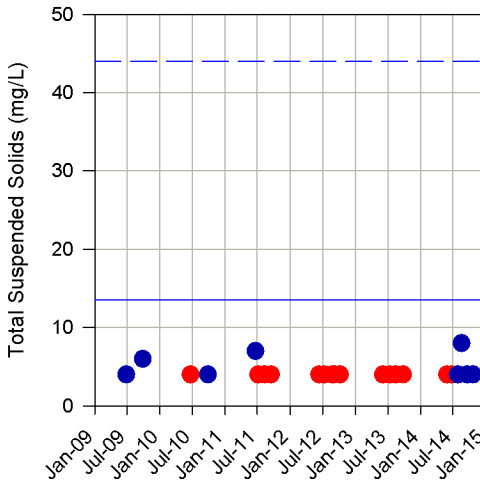

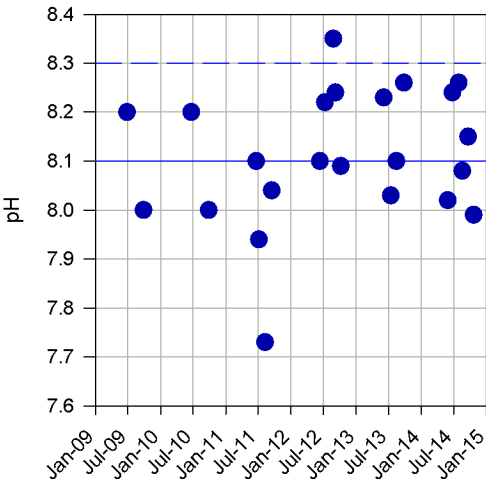

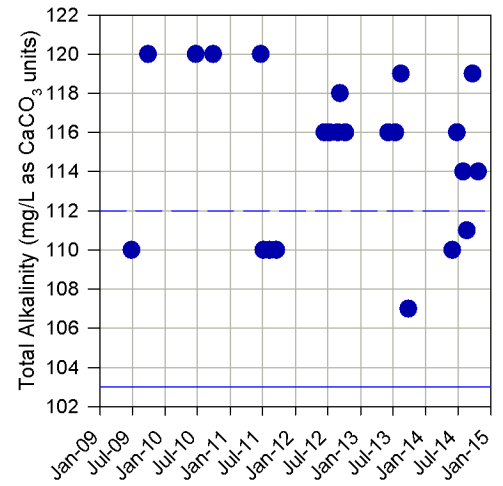

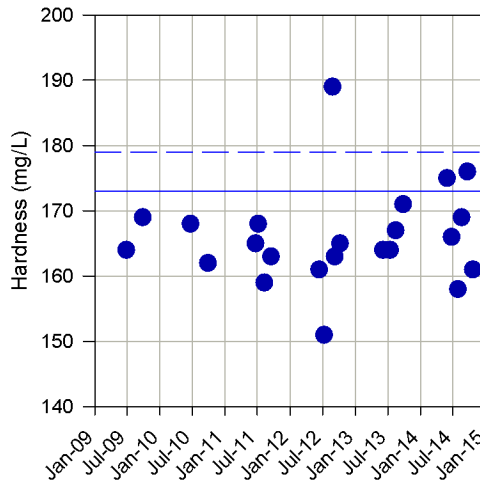

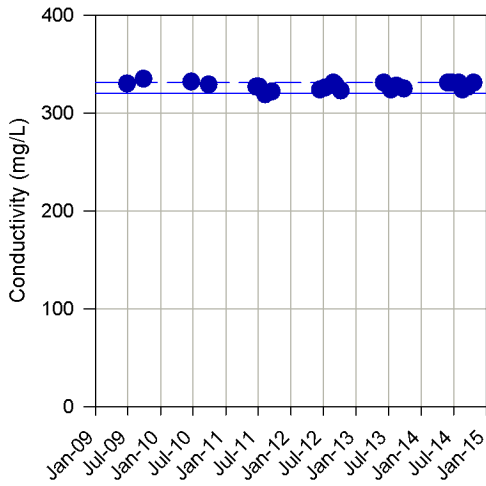

MW05-4A

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

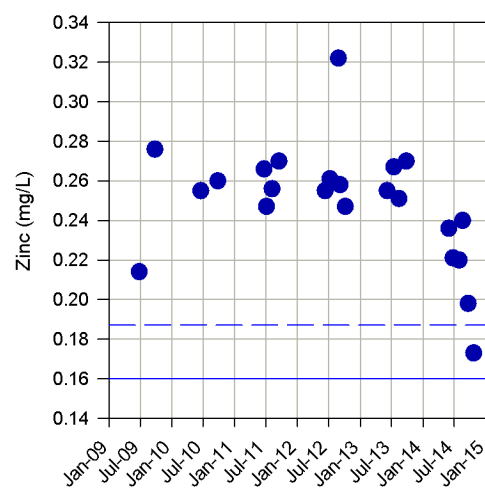

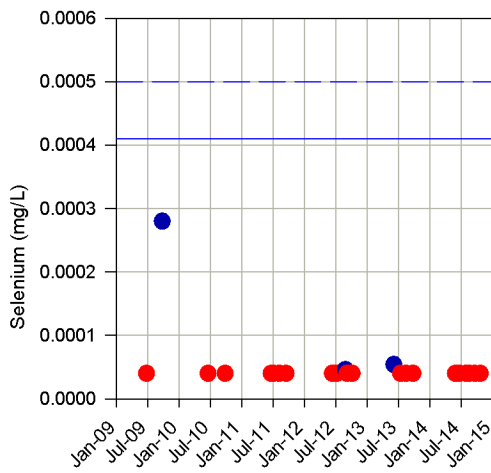

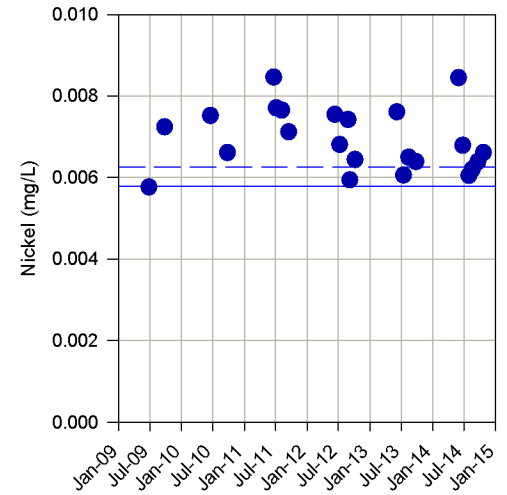

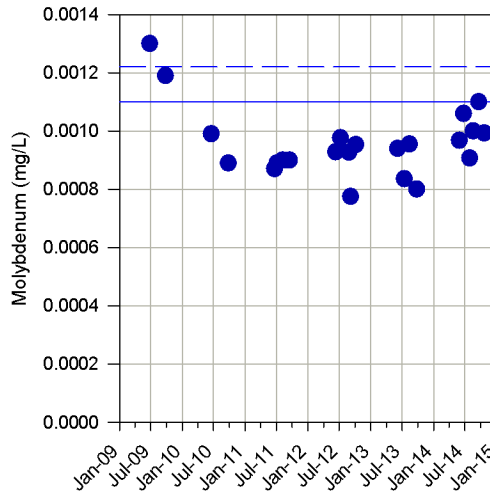

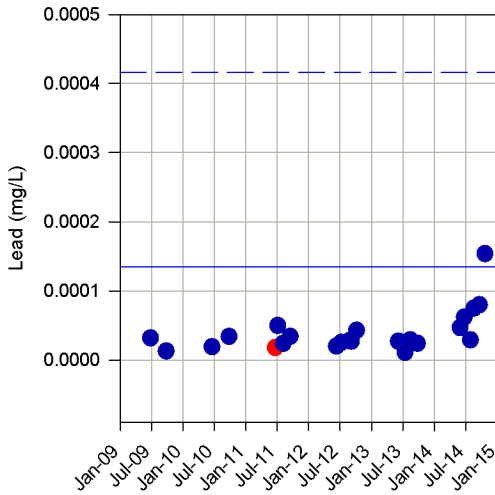

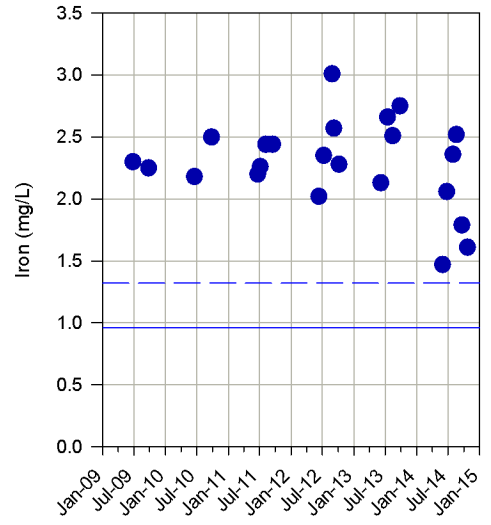

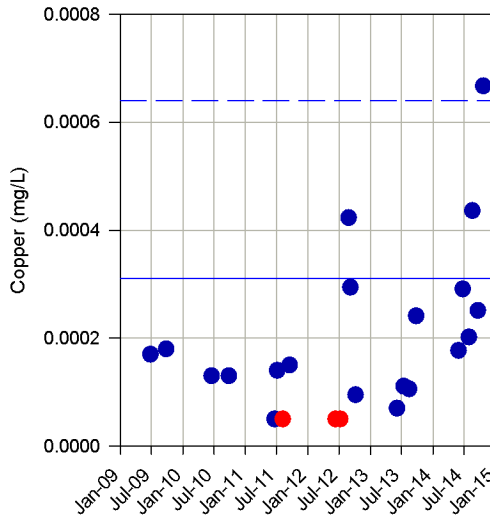

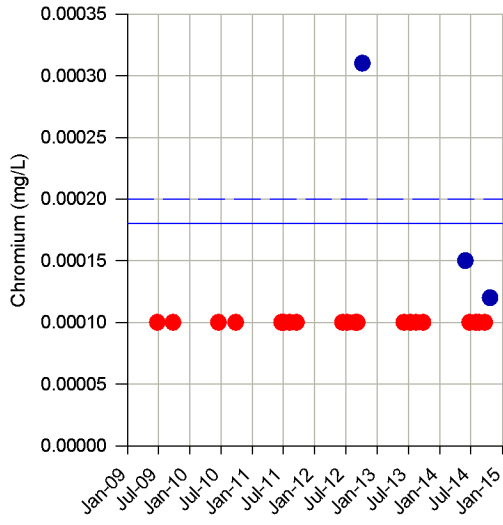

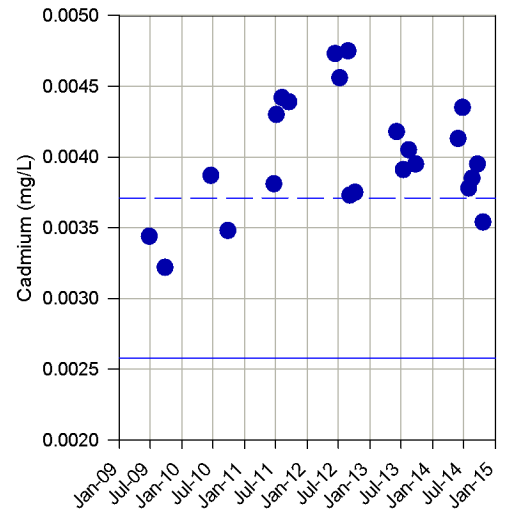

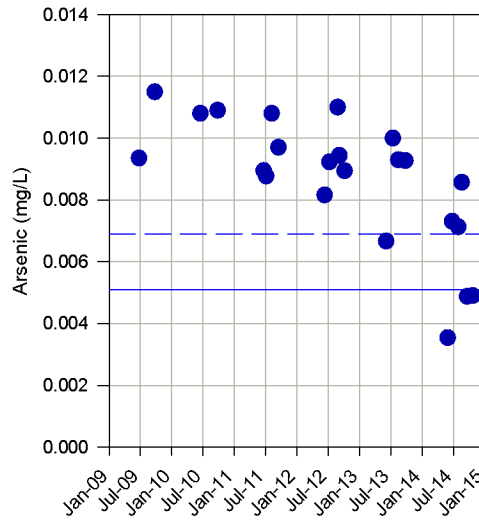

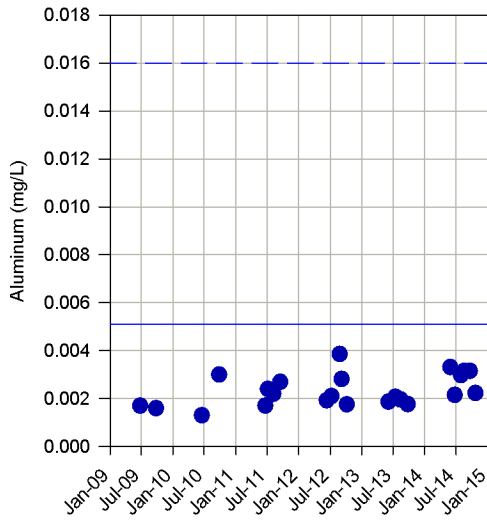

MW05-4A

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

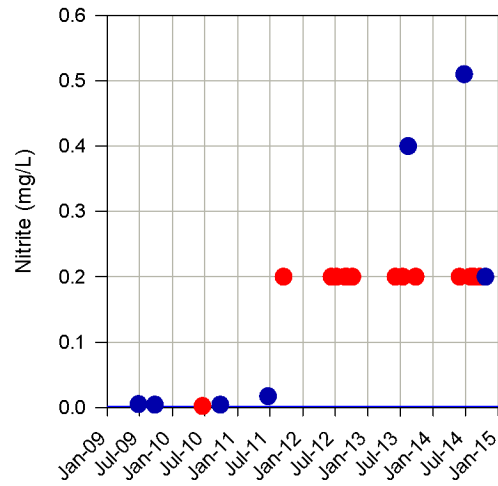

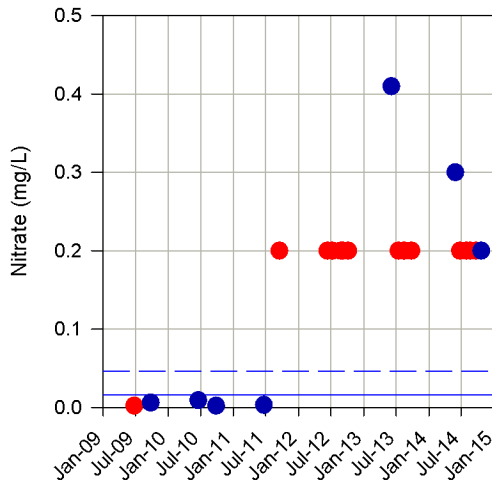

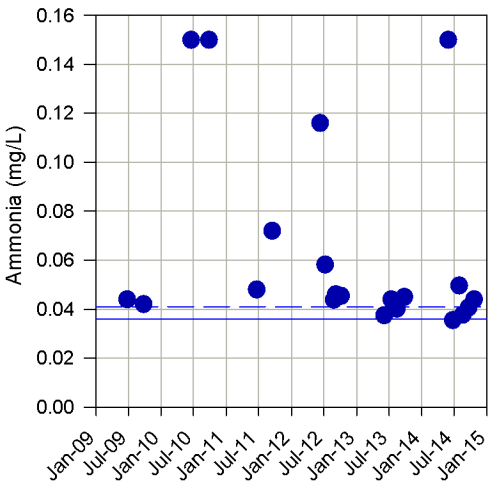

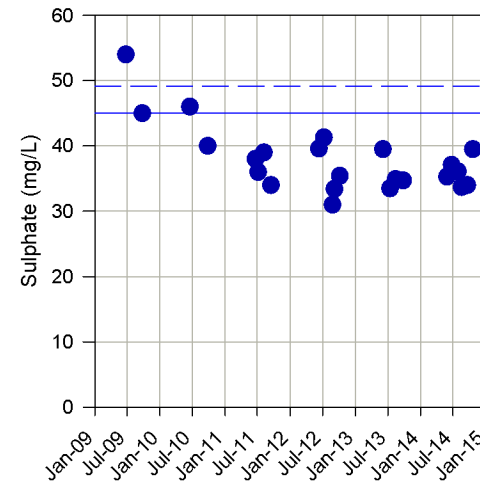

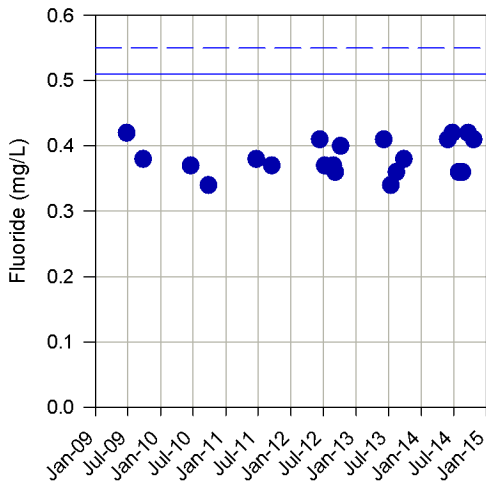

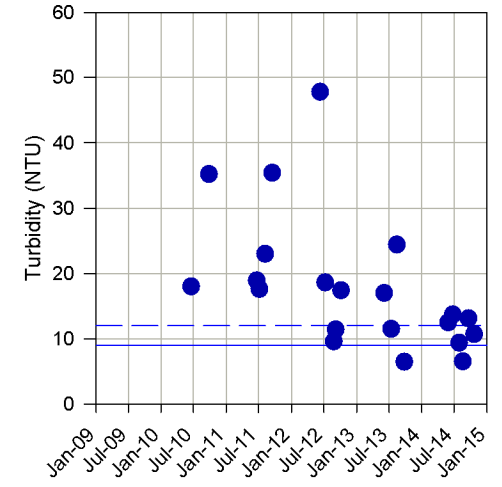

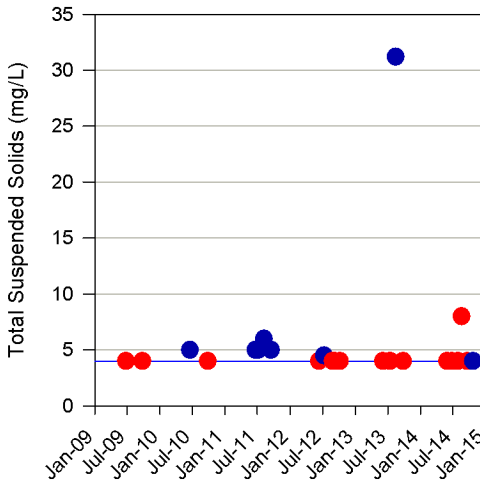

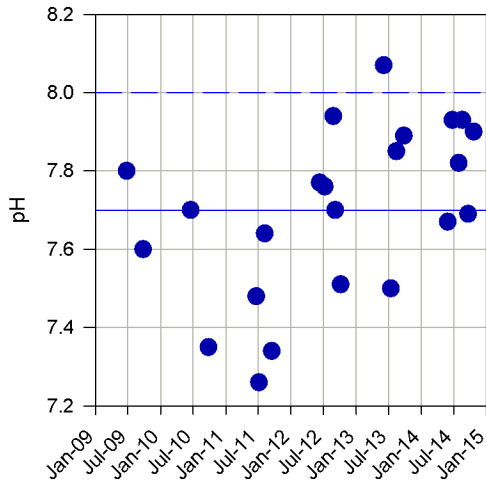

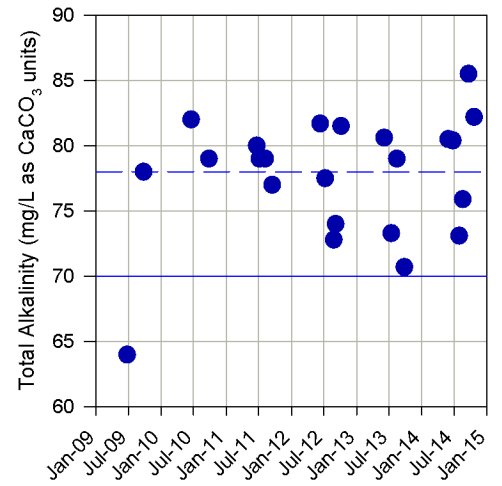

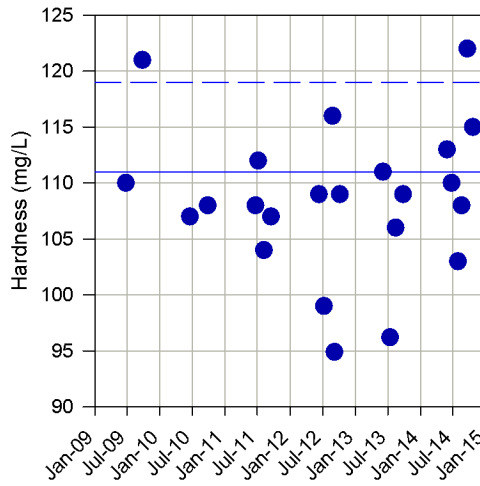

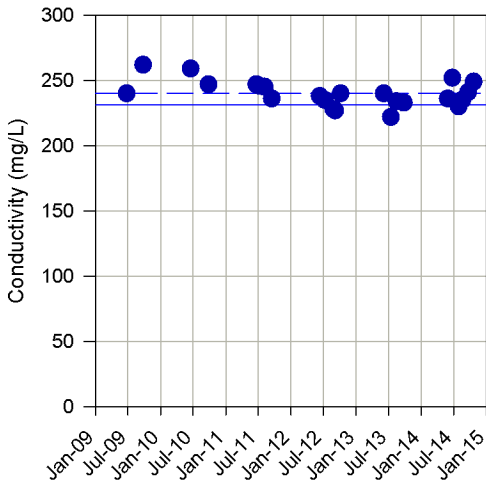

MW05-4B

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

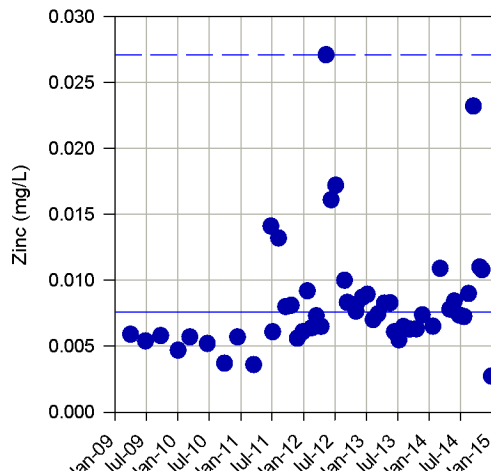

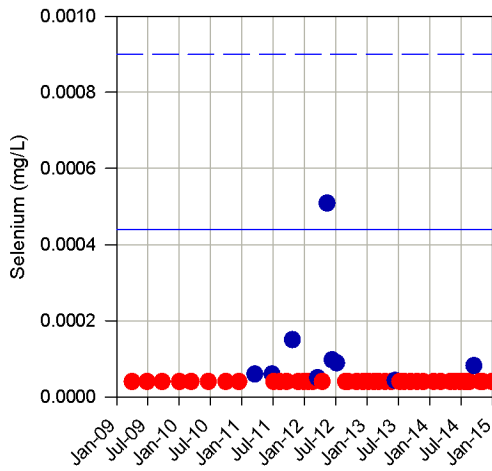

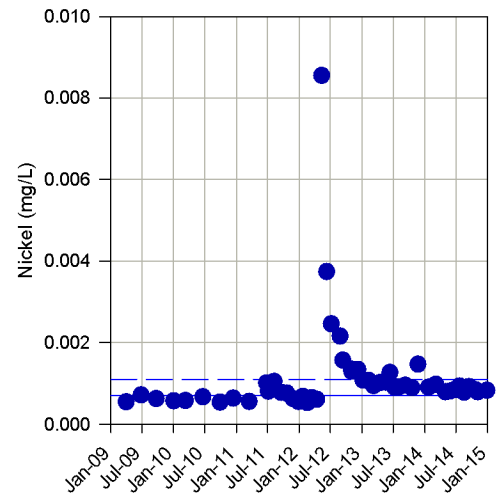

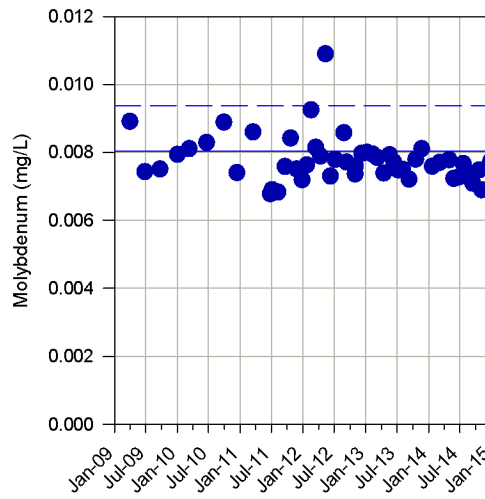

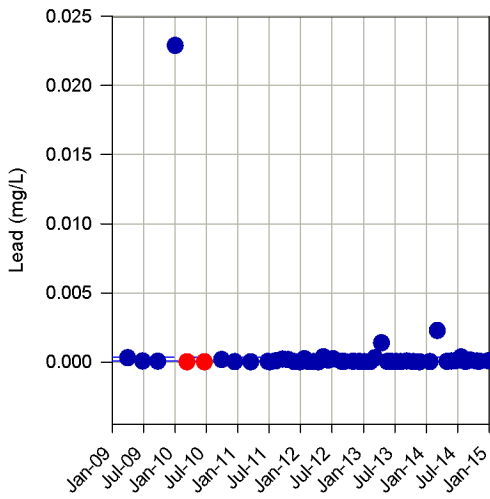

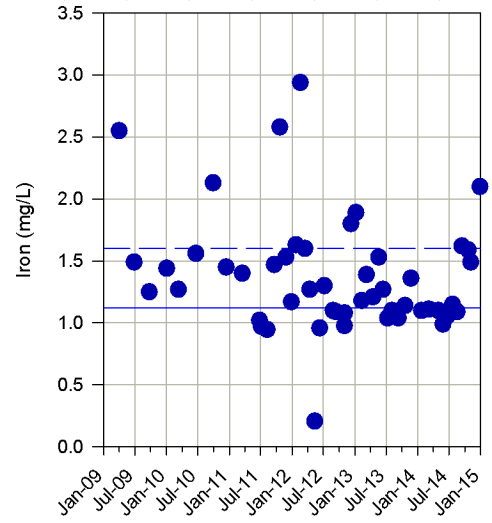

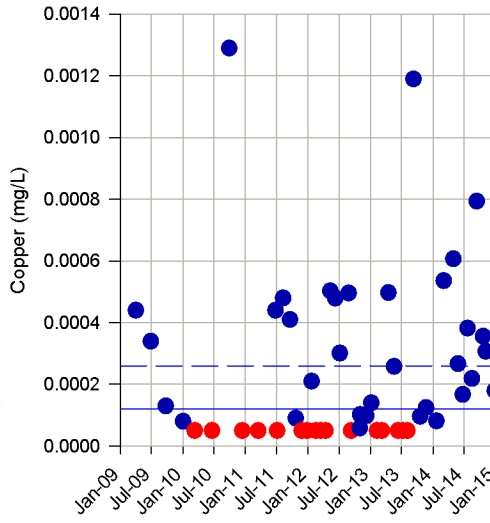

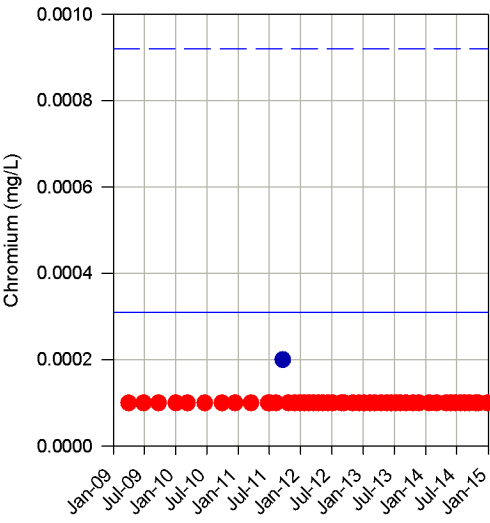

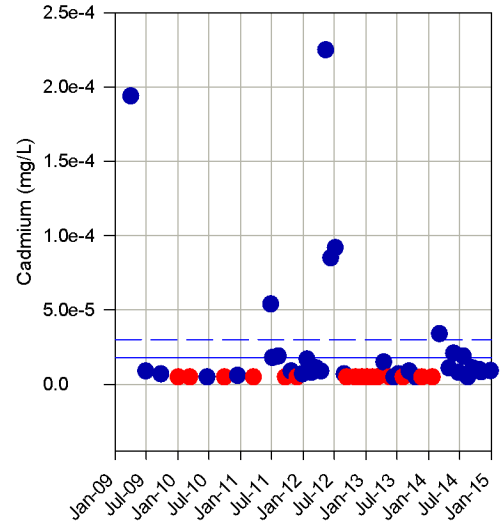

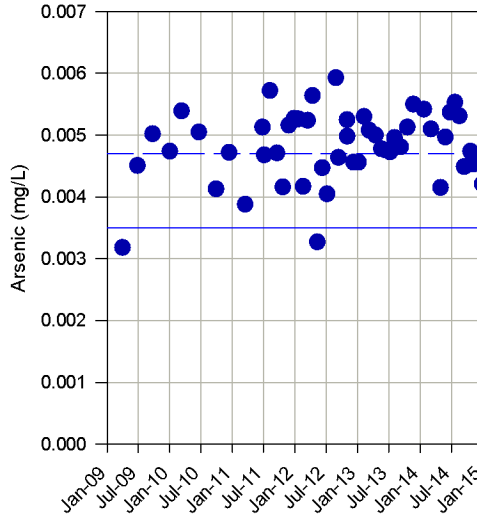

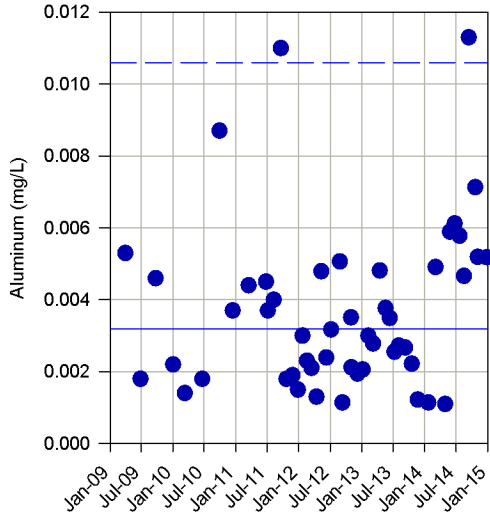

MW05-4B

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

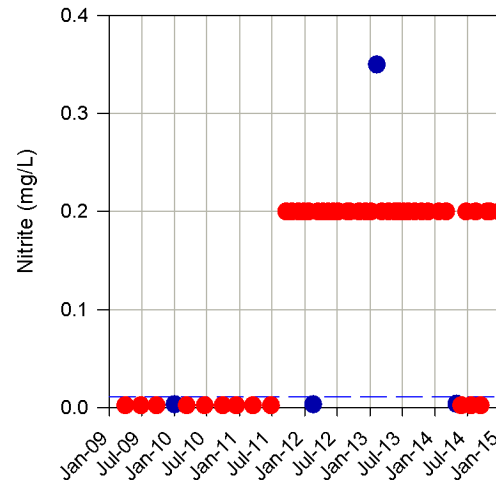

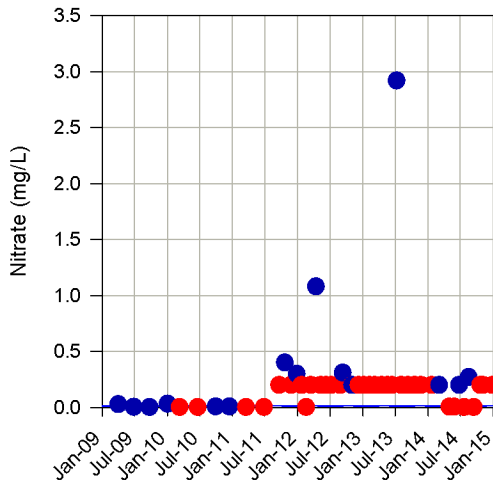

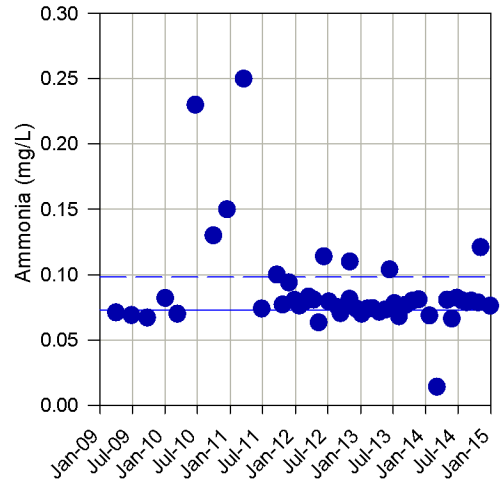

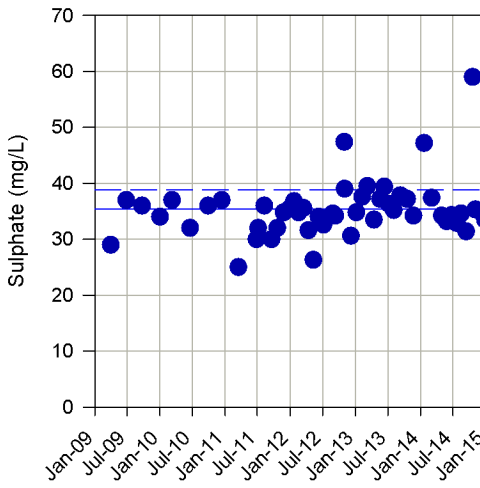

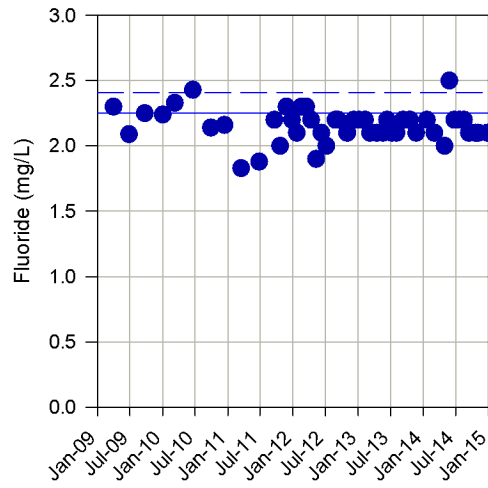

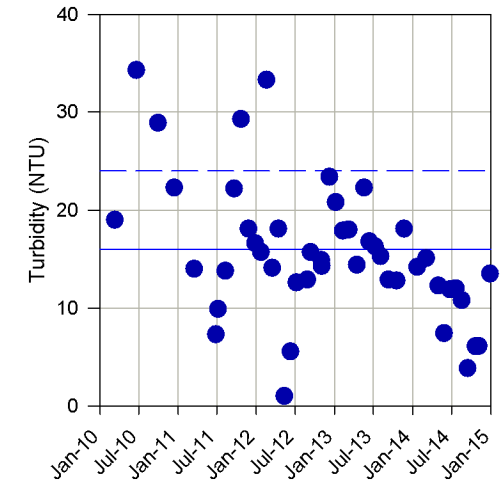

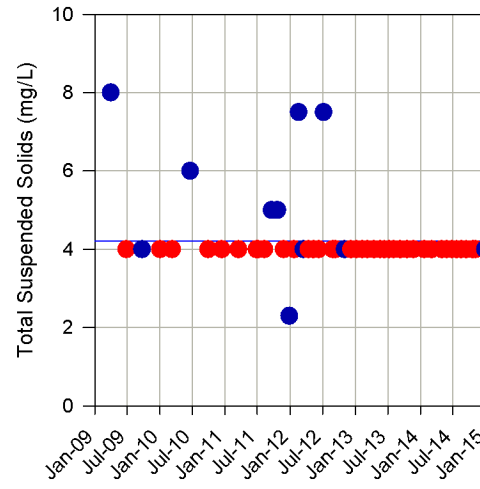

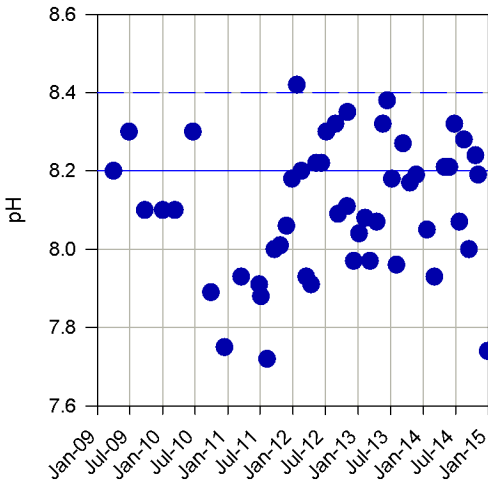

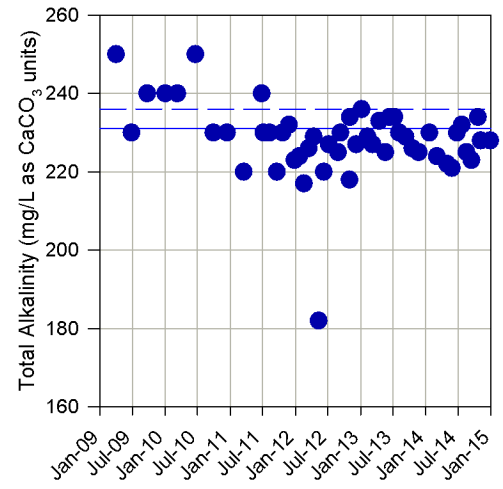

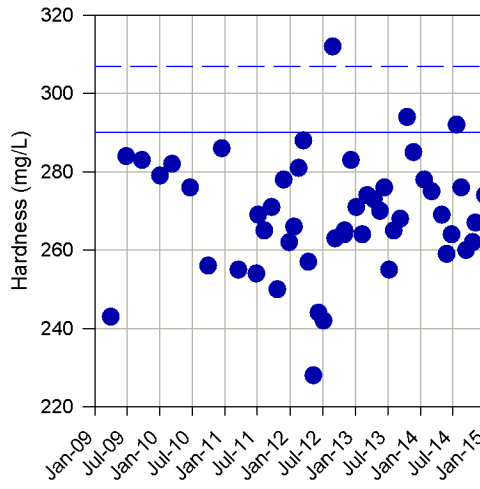

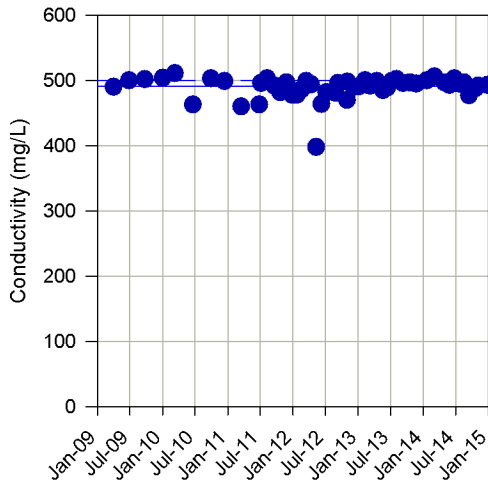

MW05-5A

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

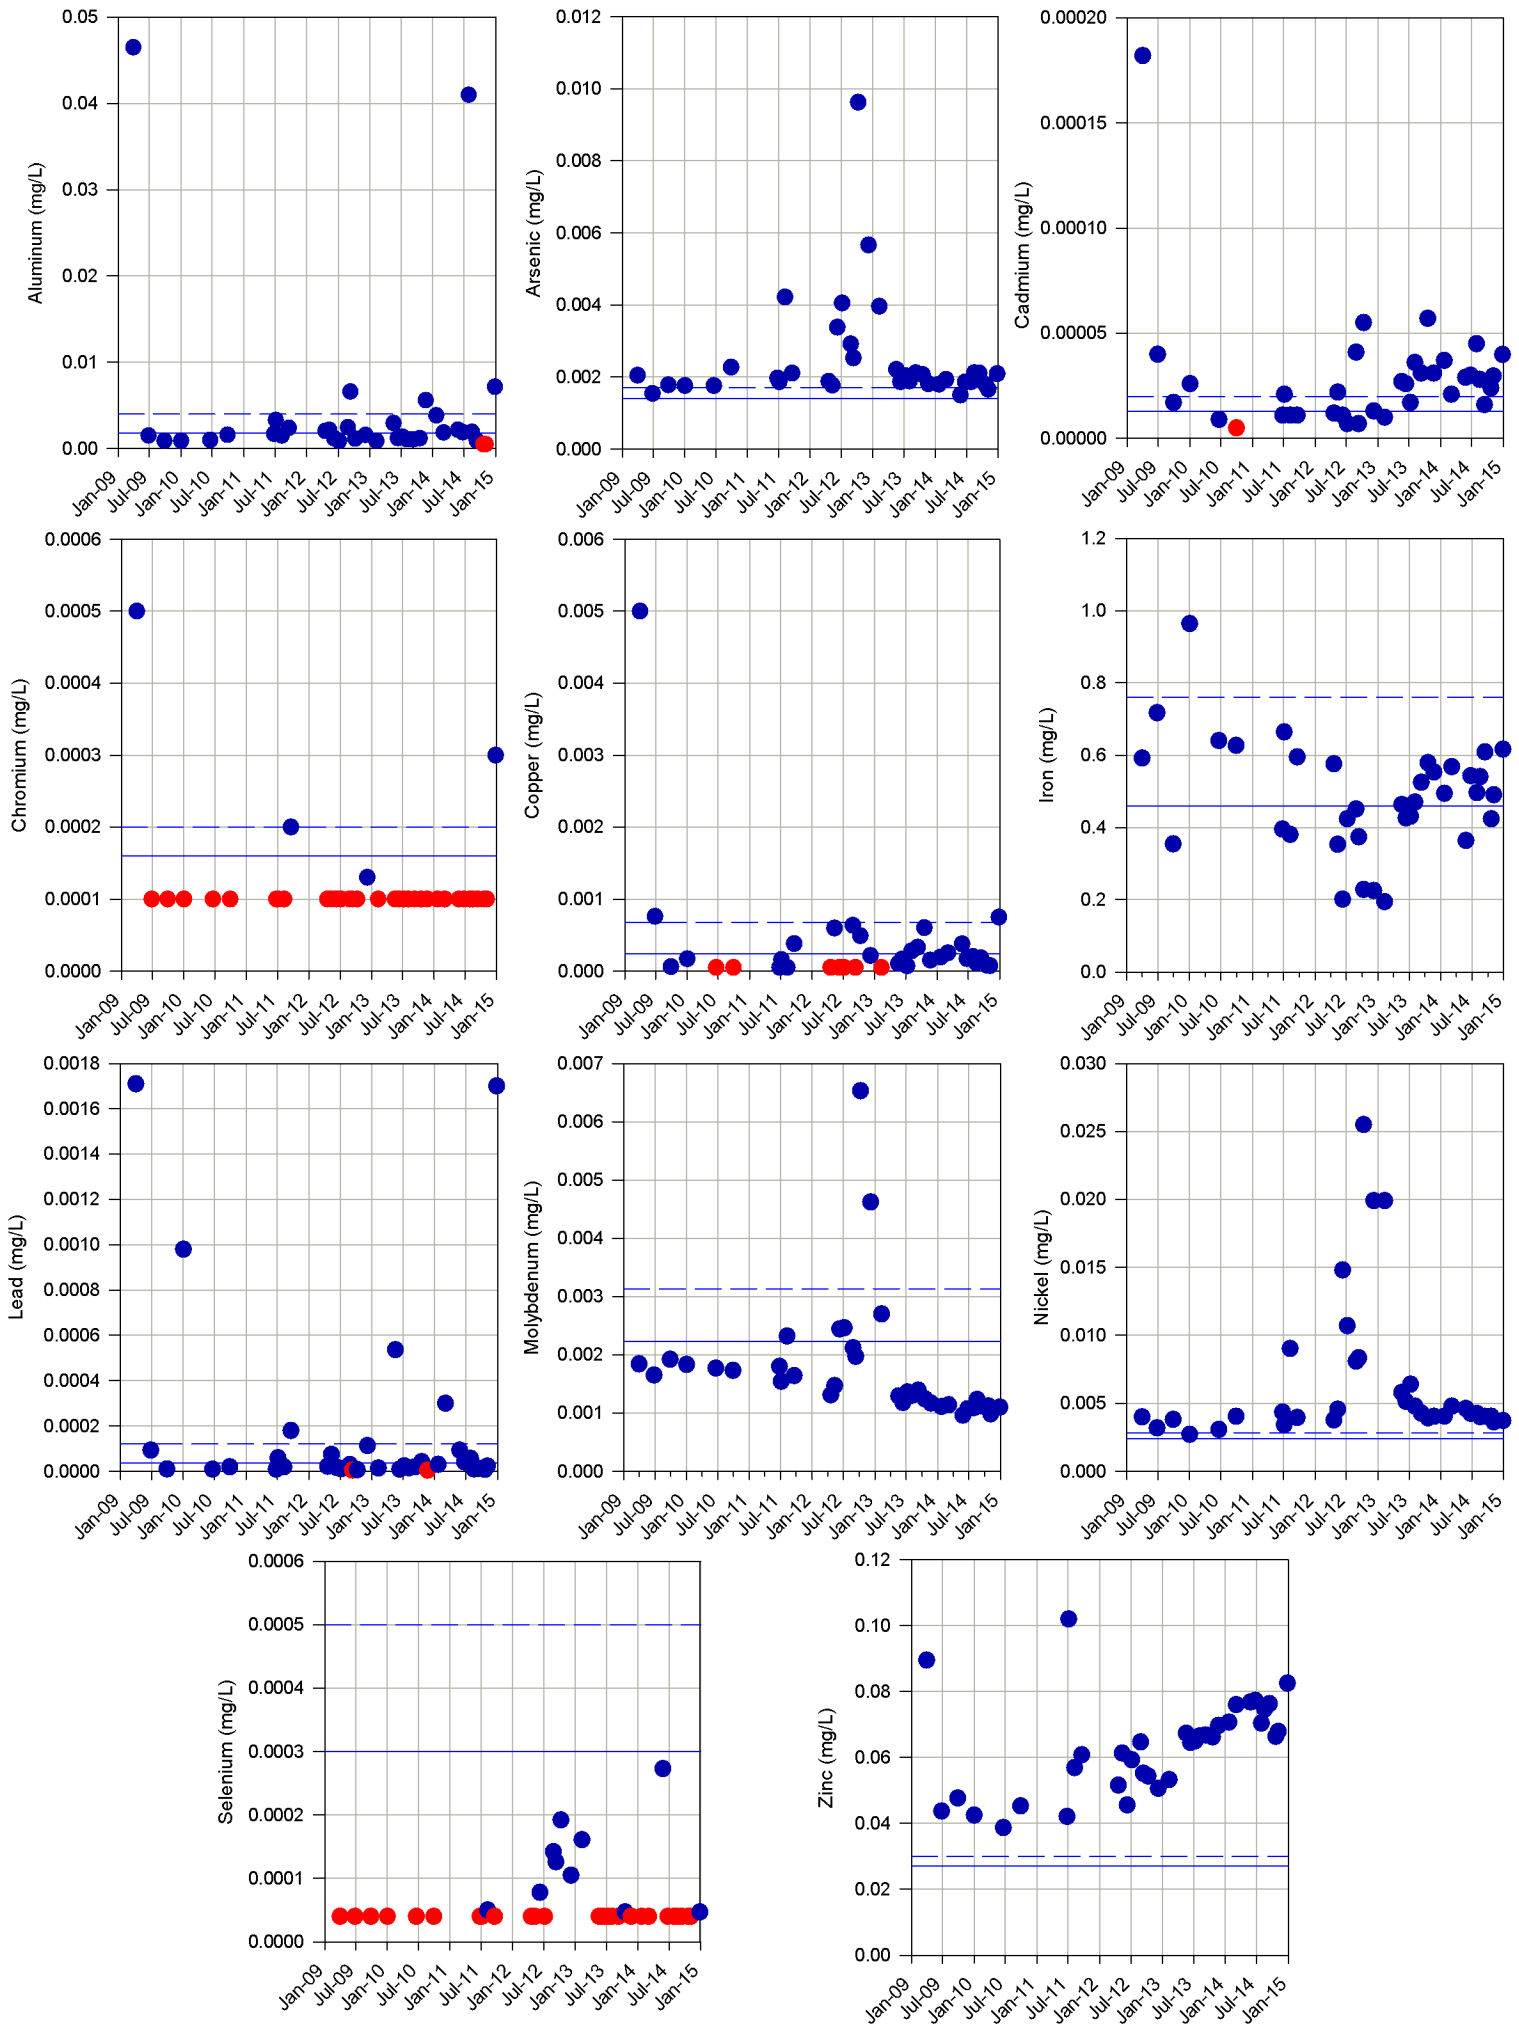

MW05-5A

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

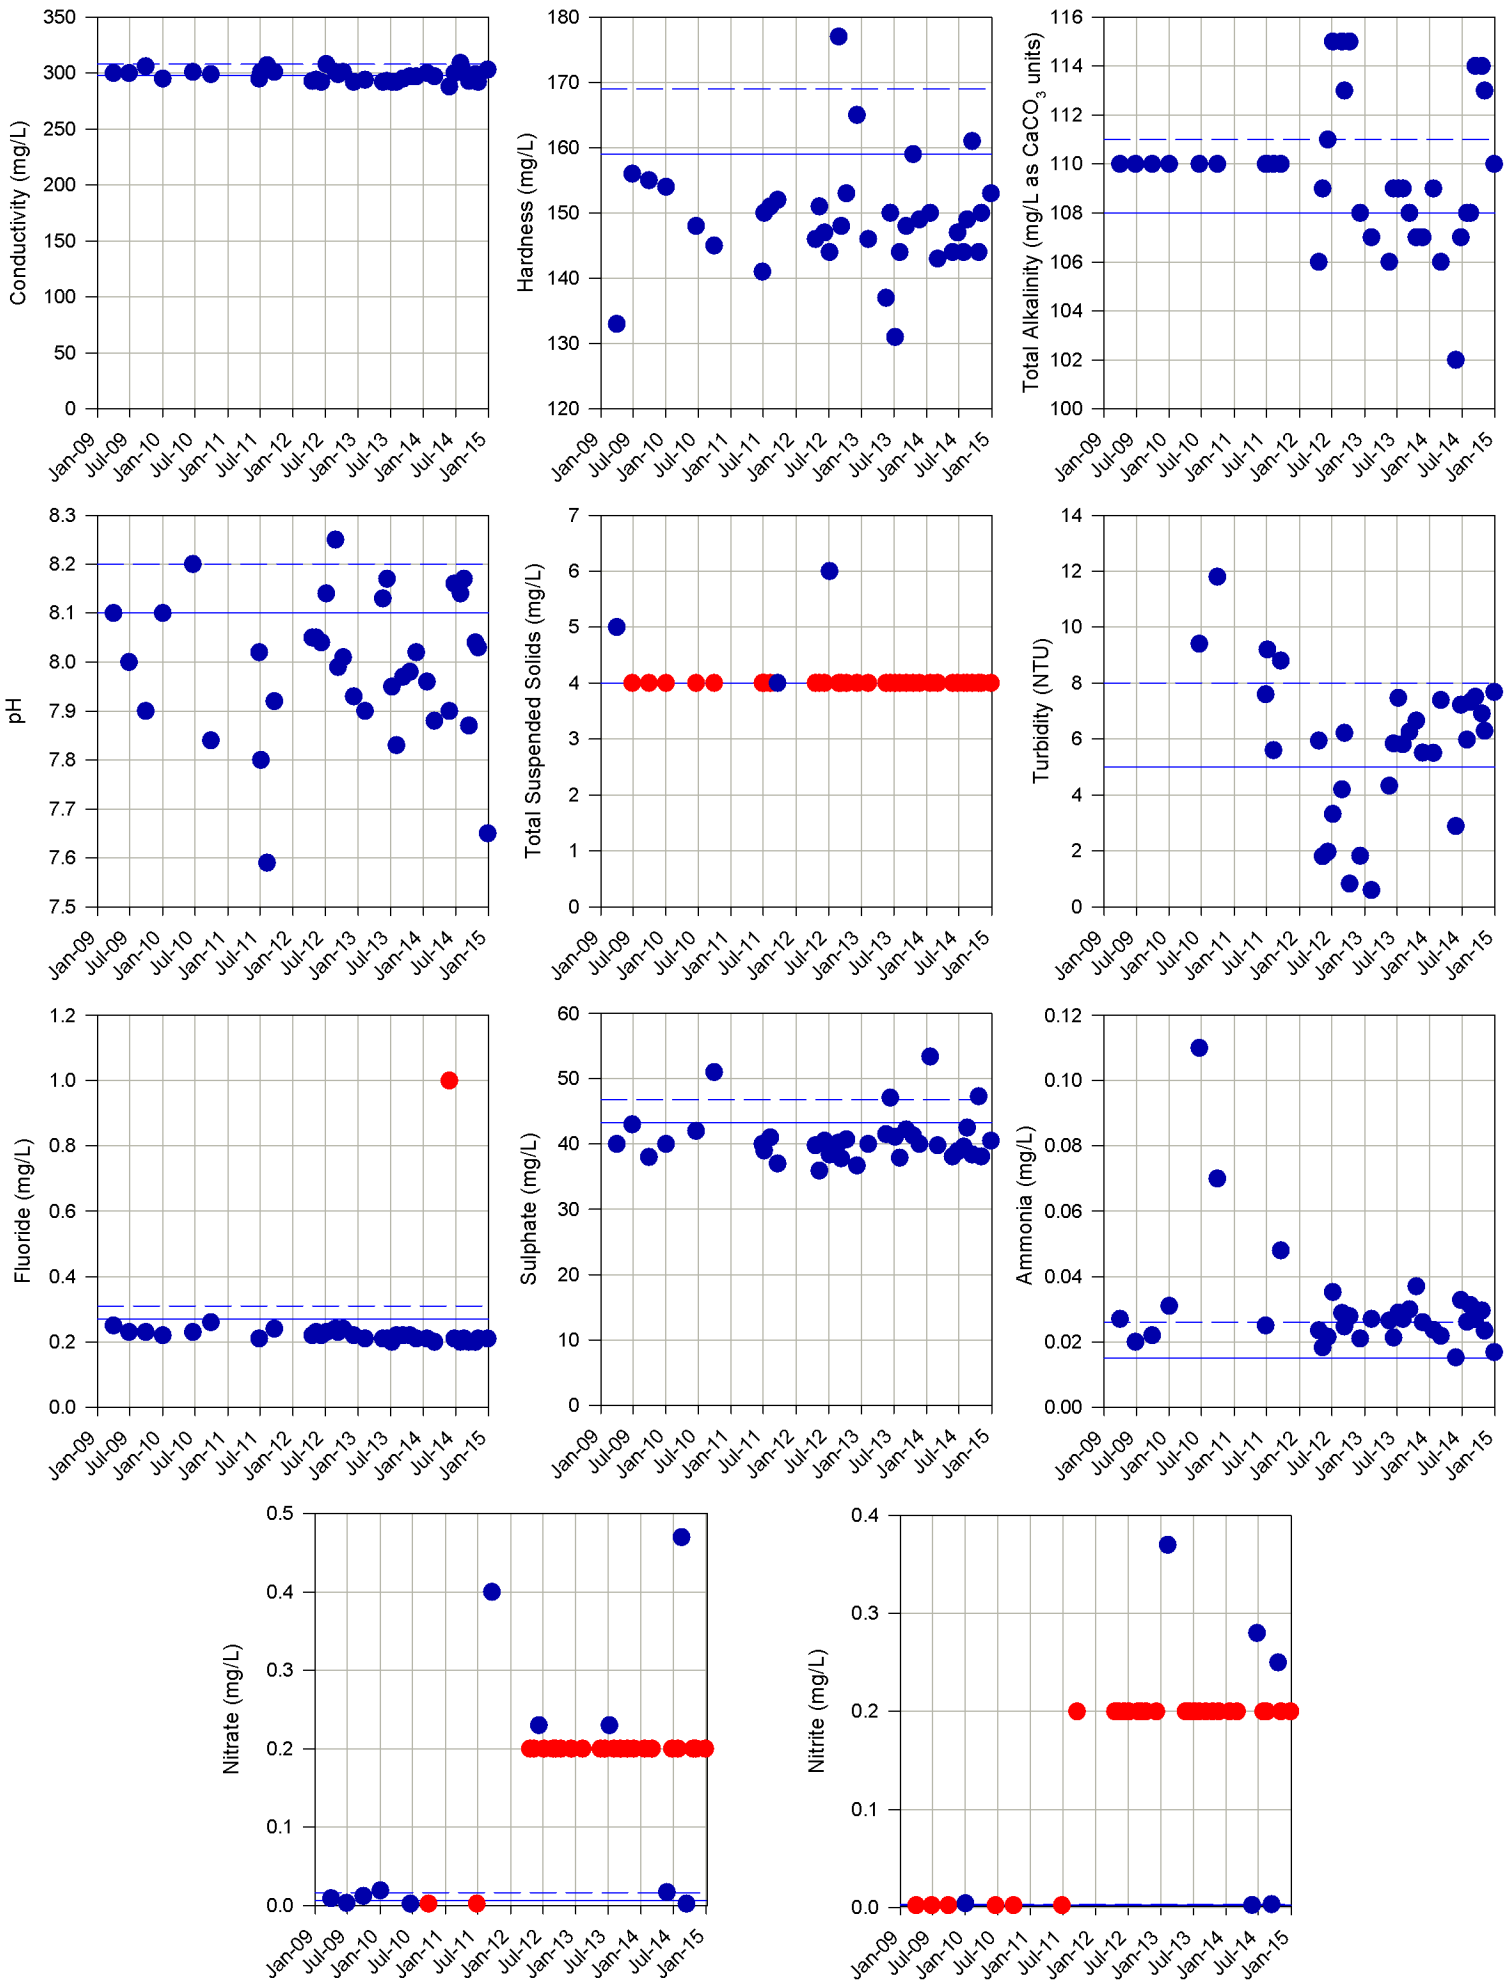

MW05-5B

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

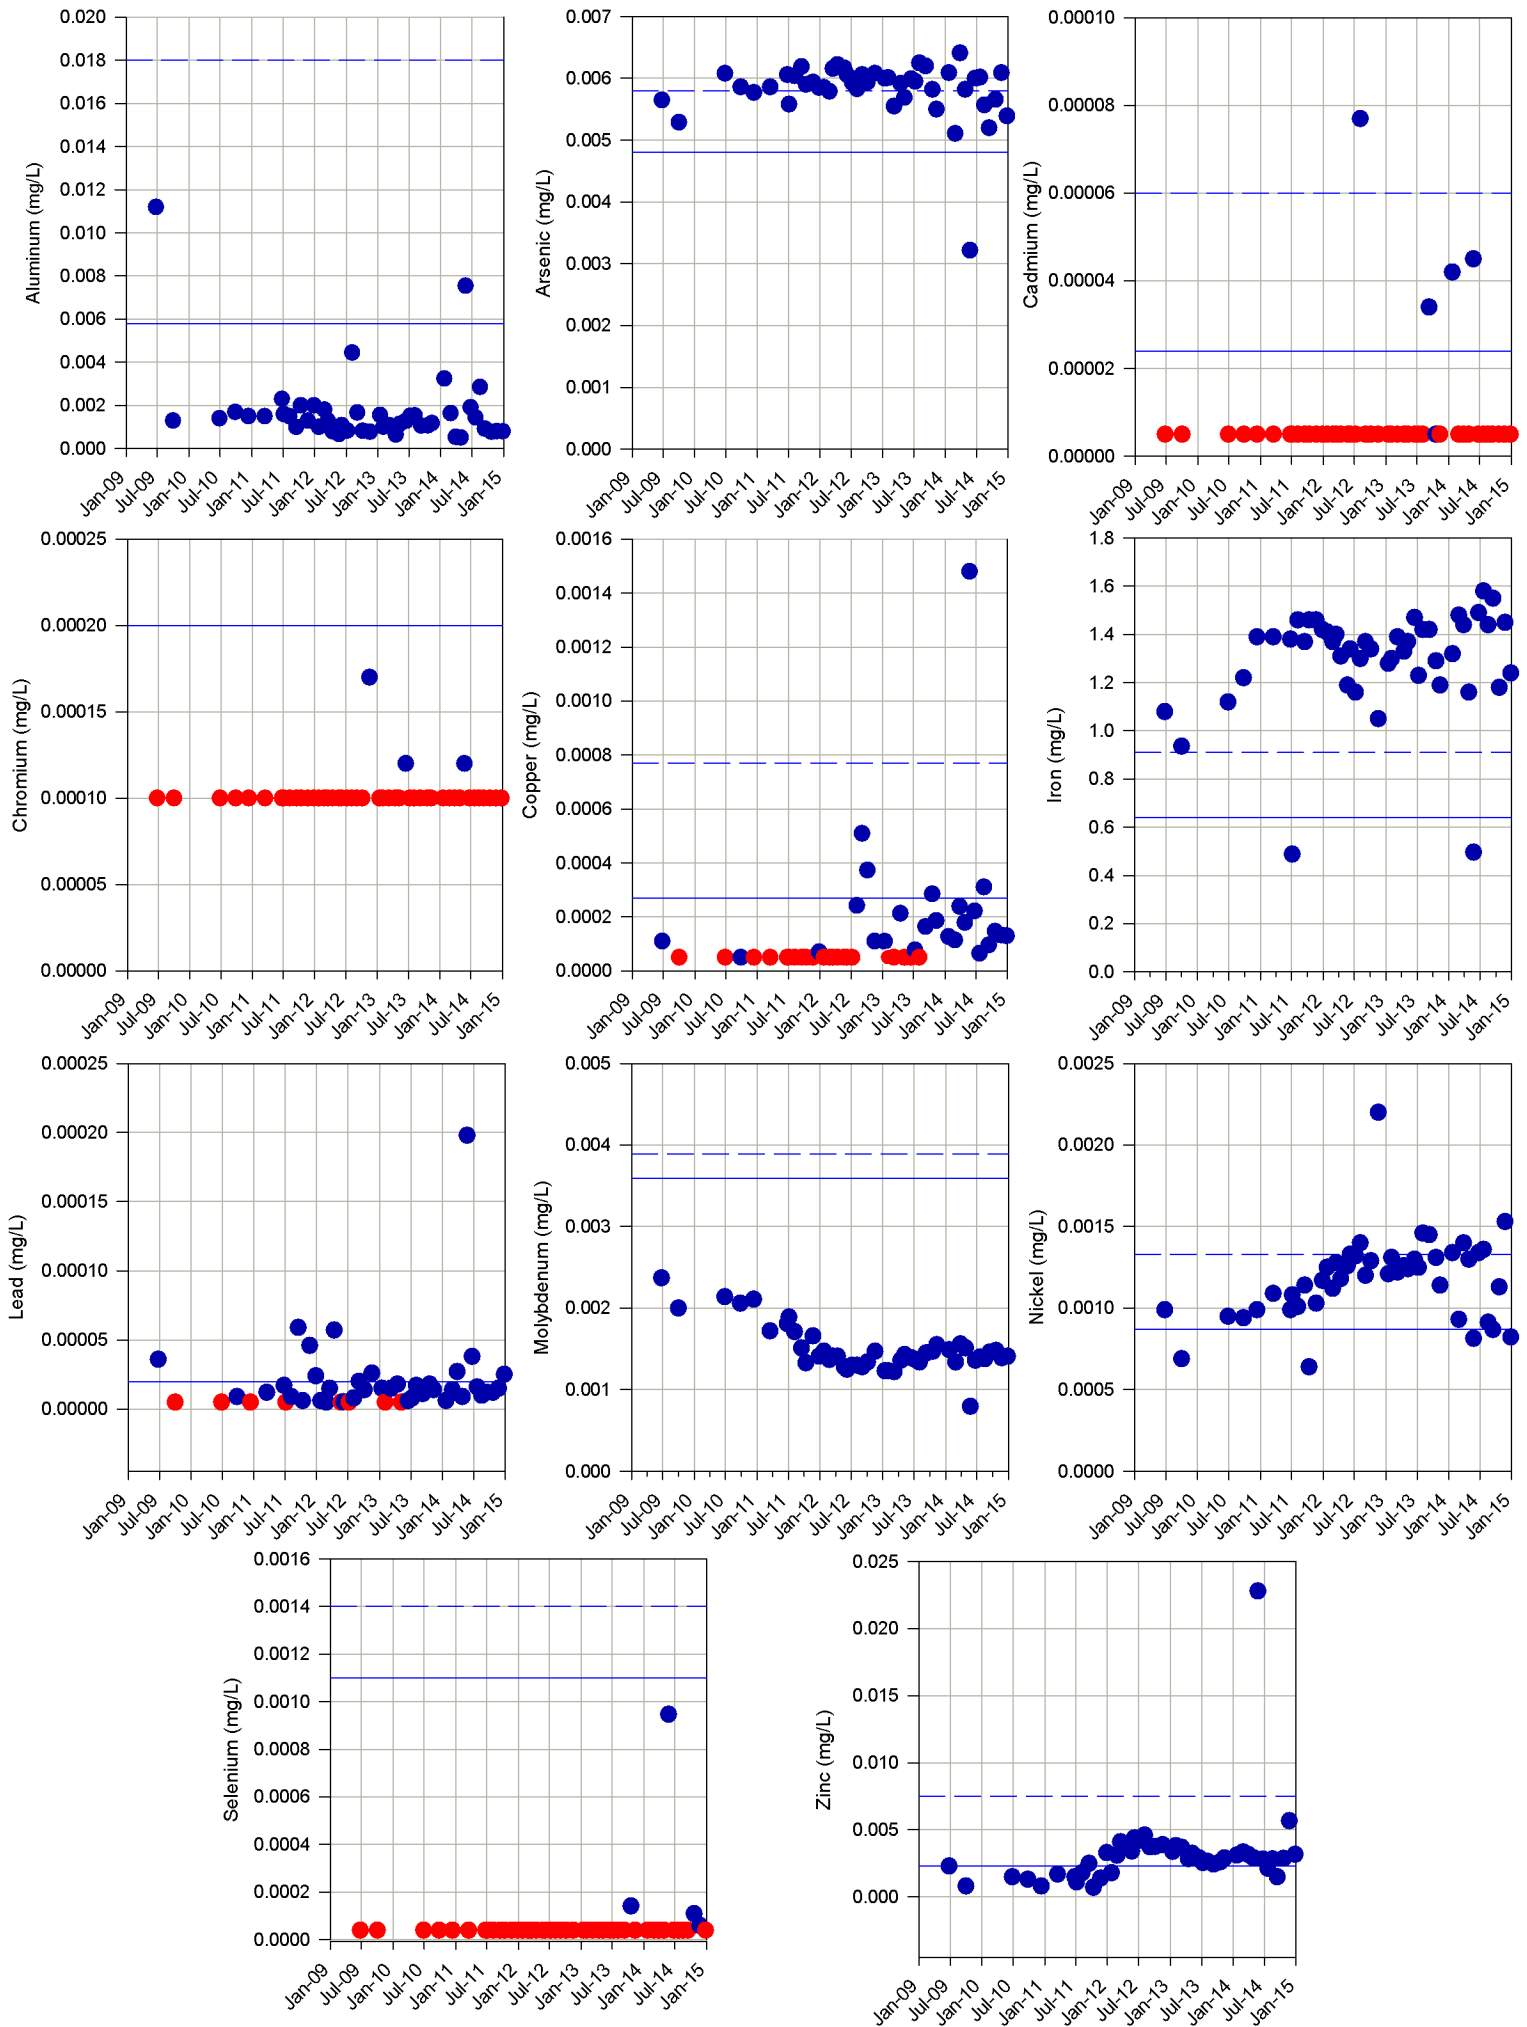

MW05-5B

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

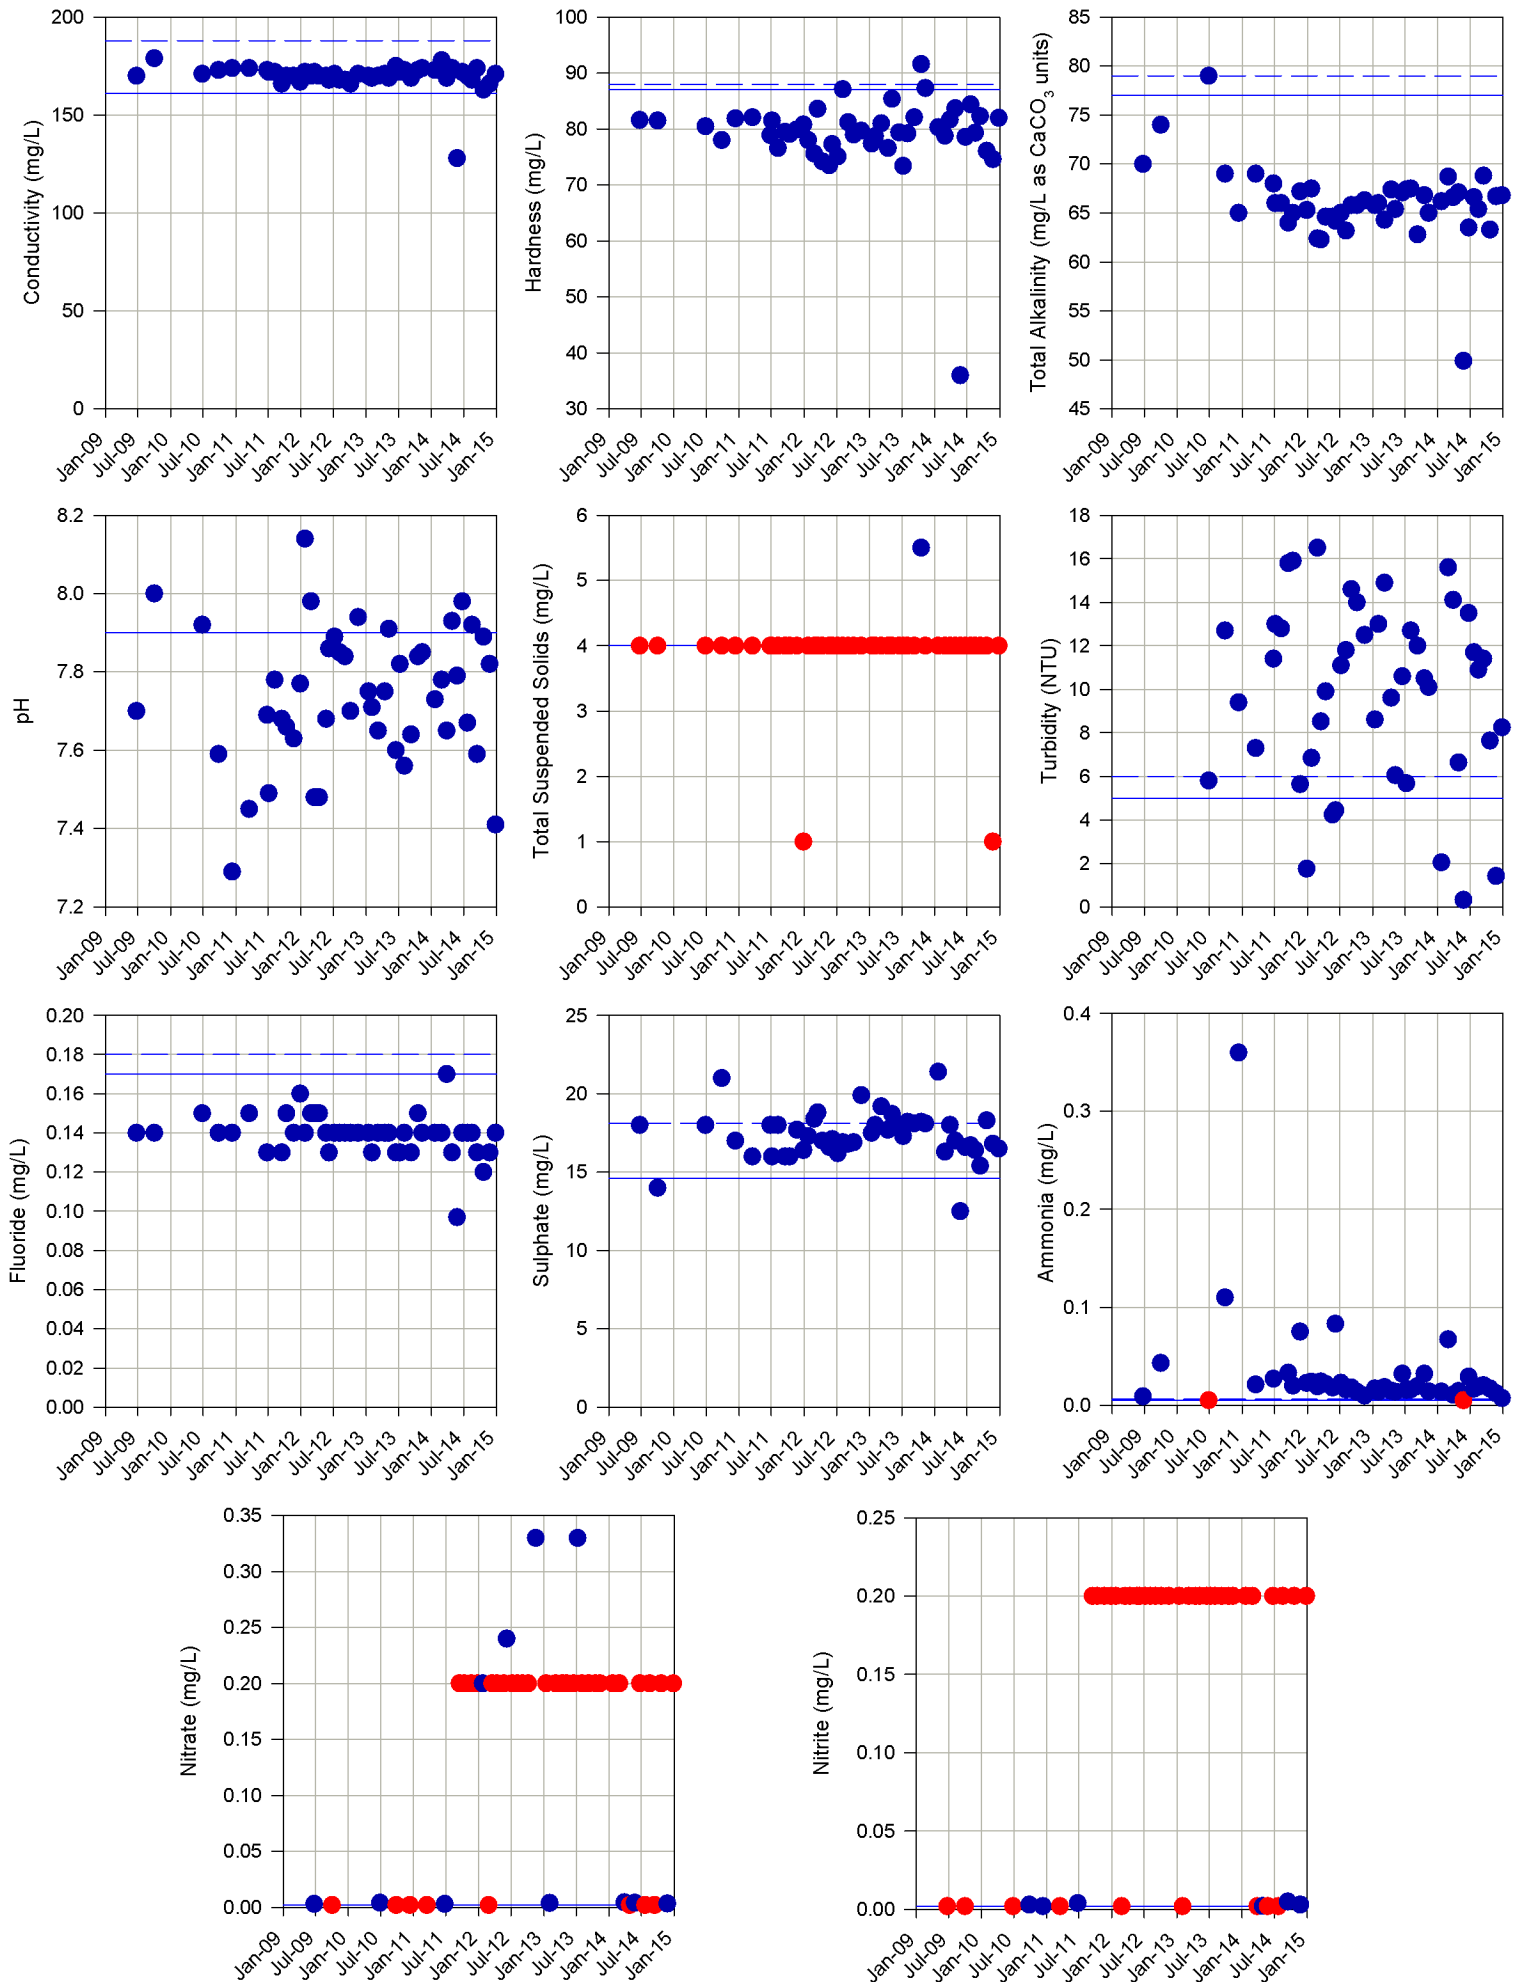

MW05-6A

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

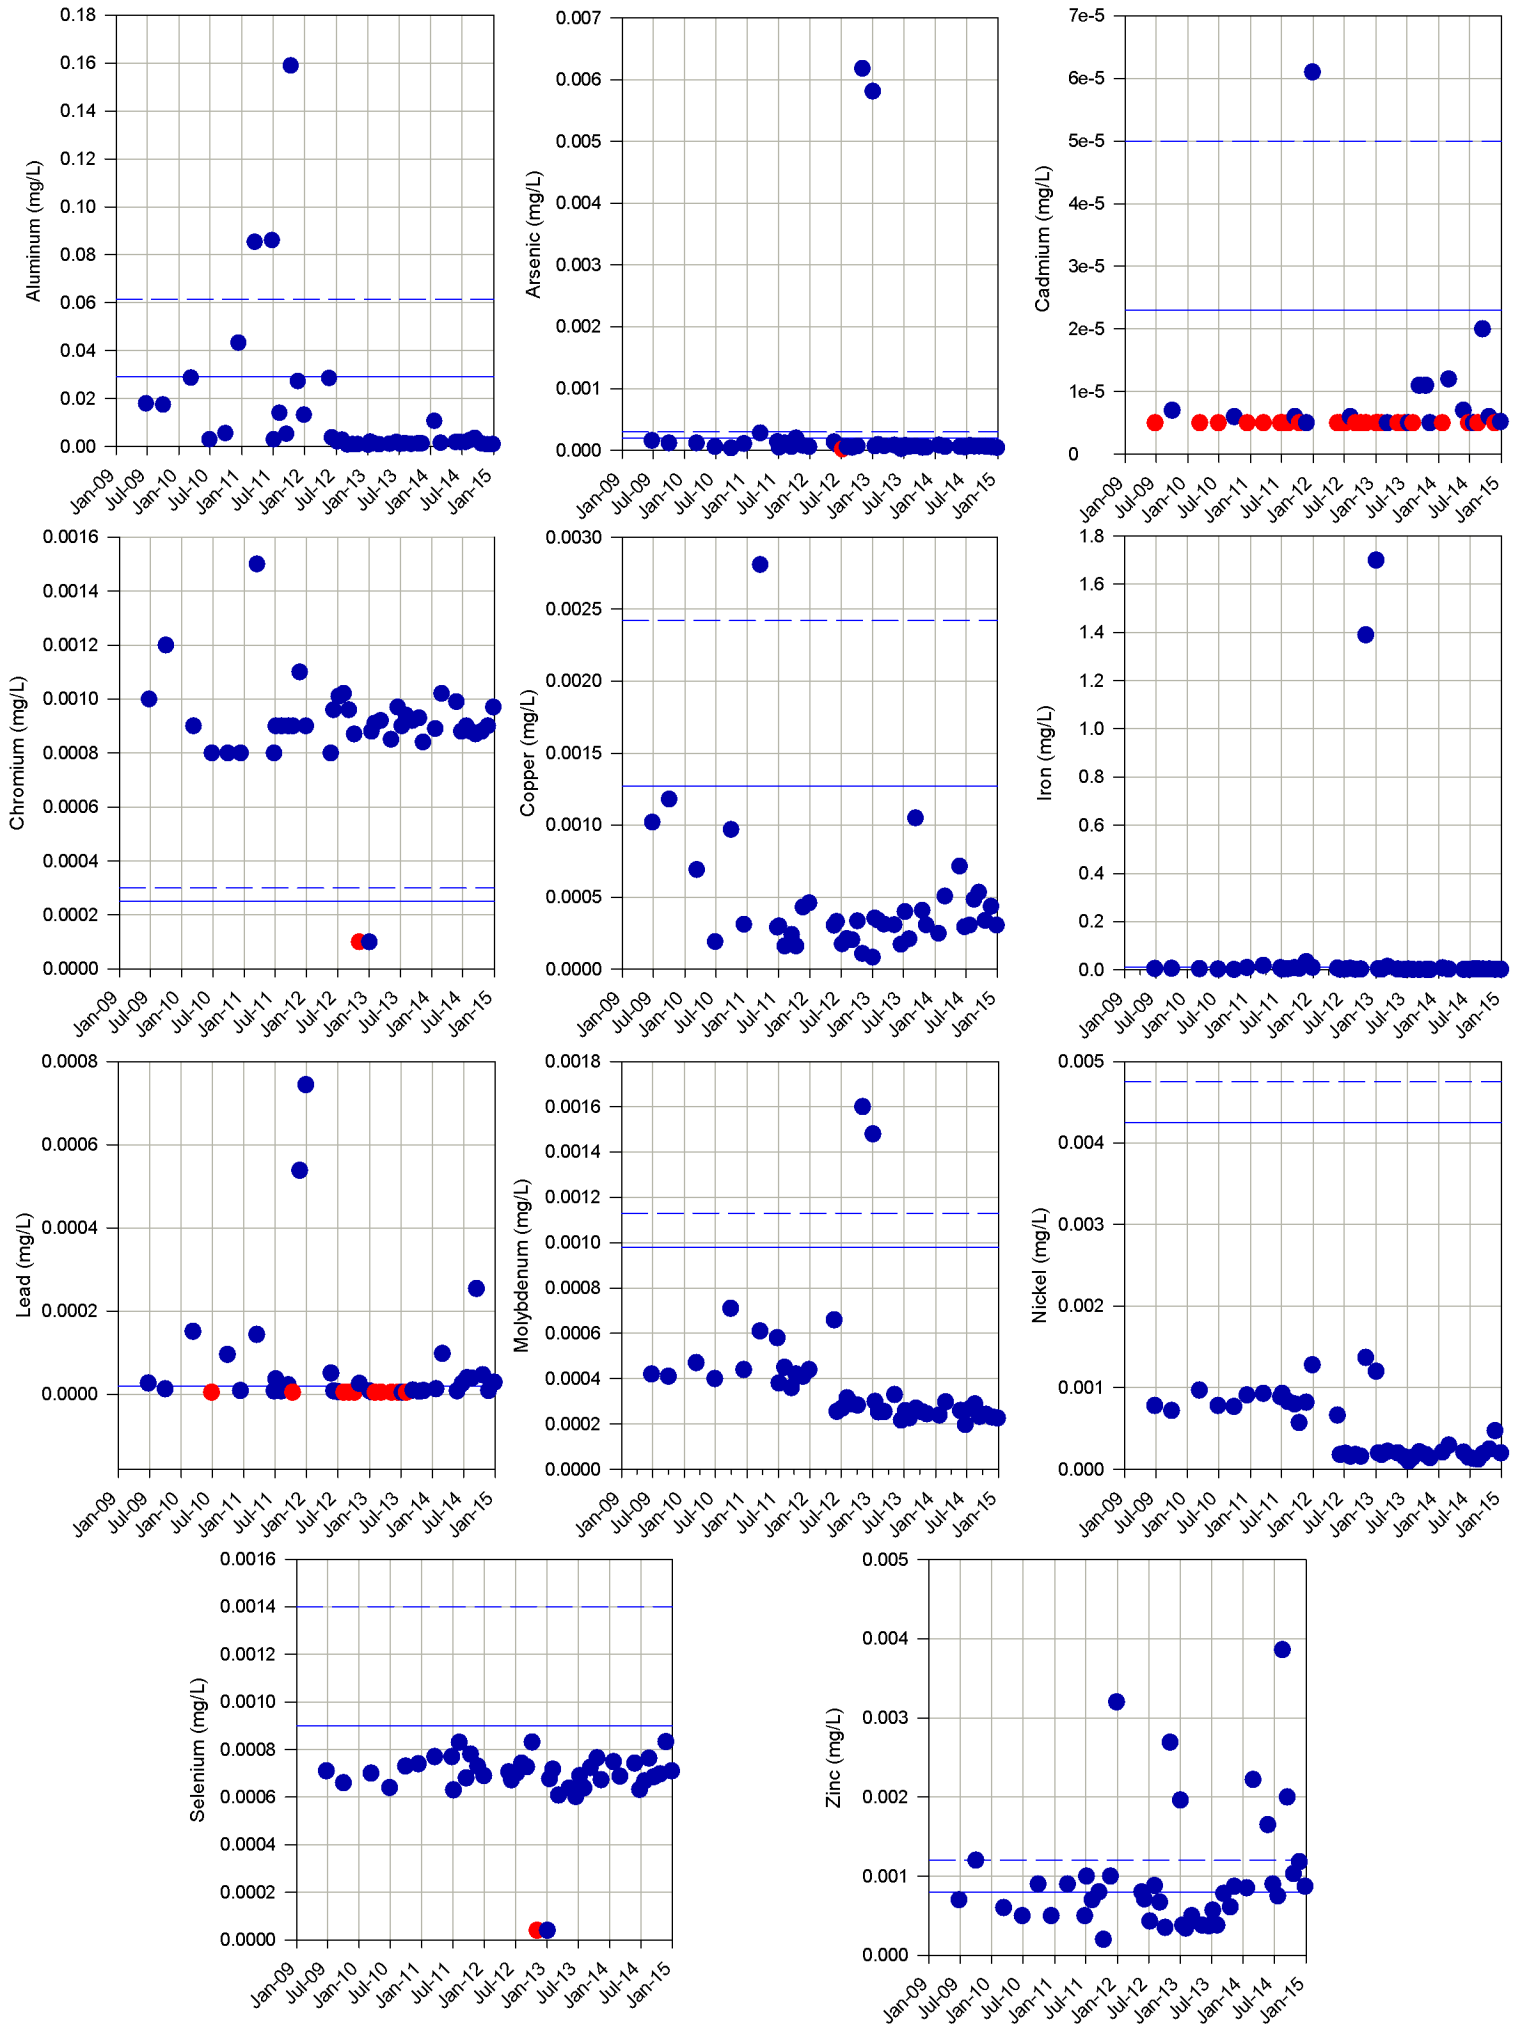

MW05-6A

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

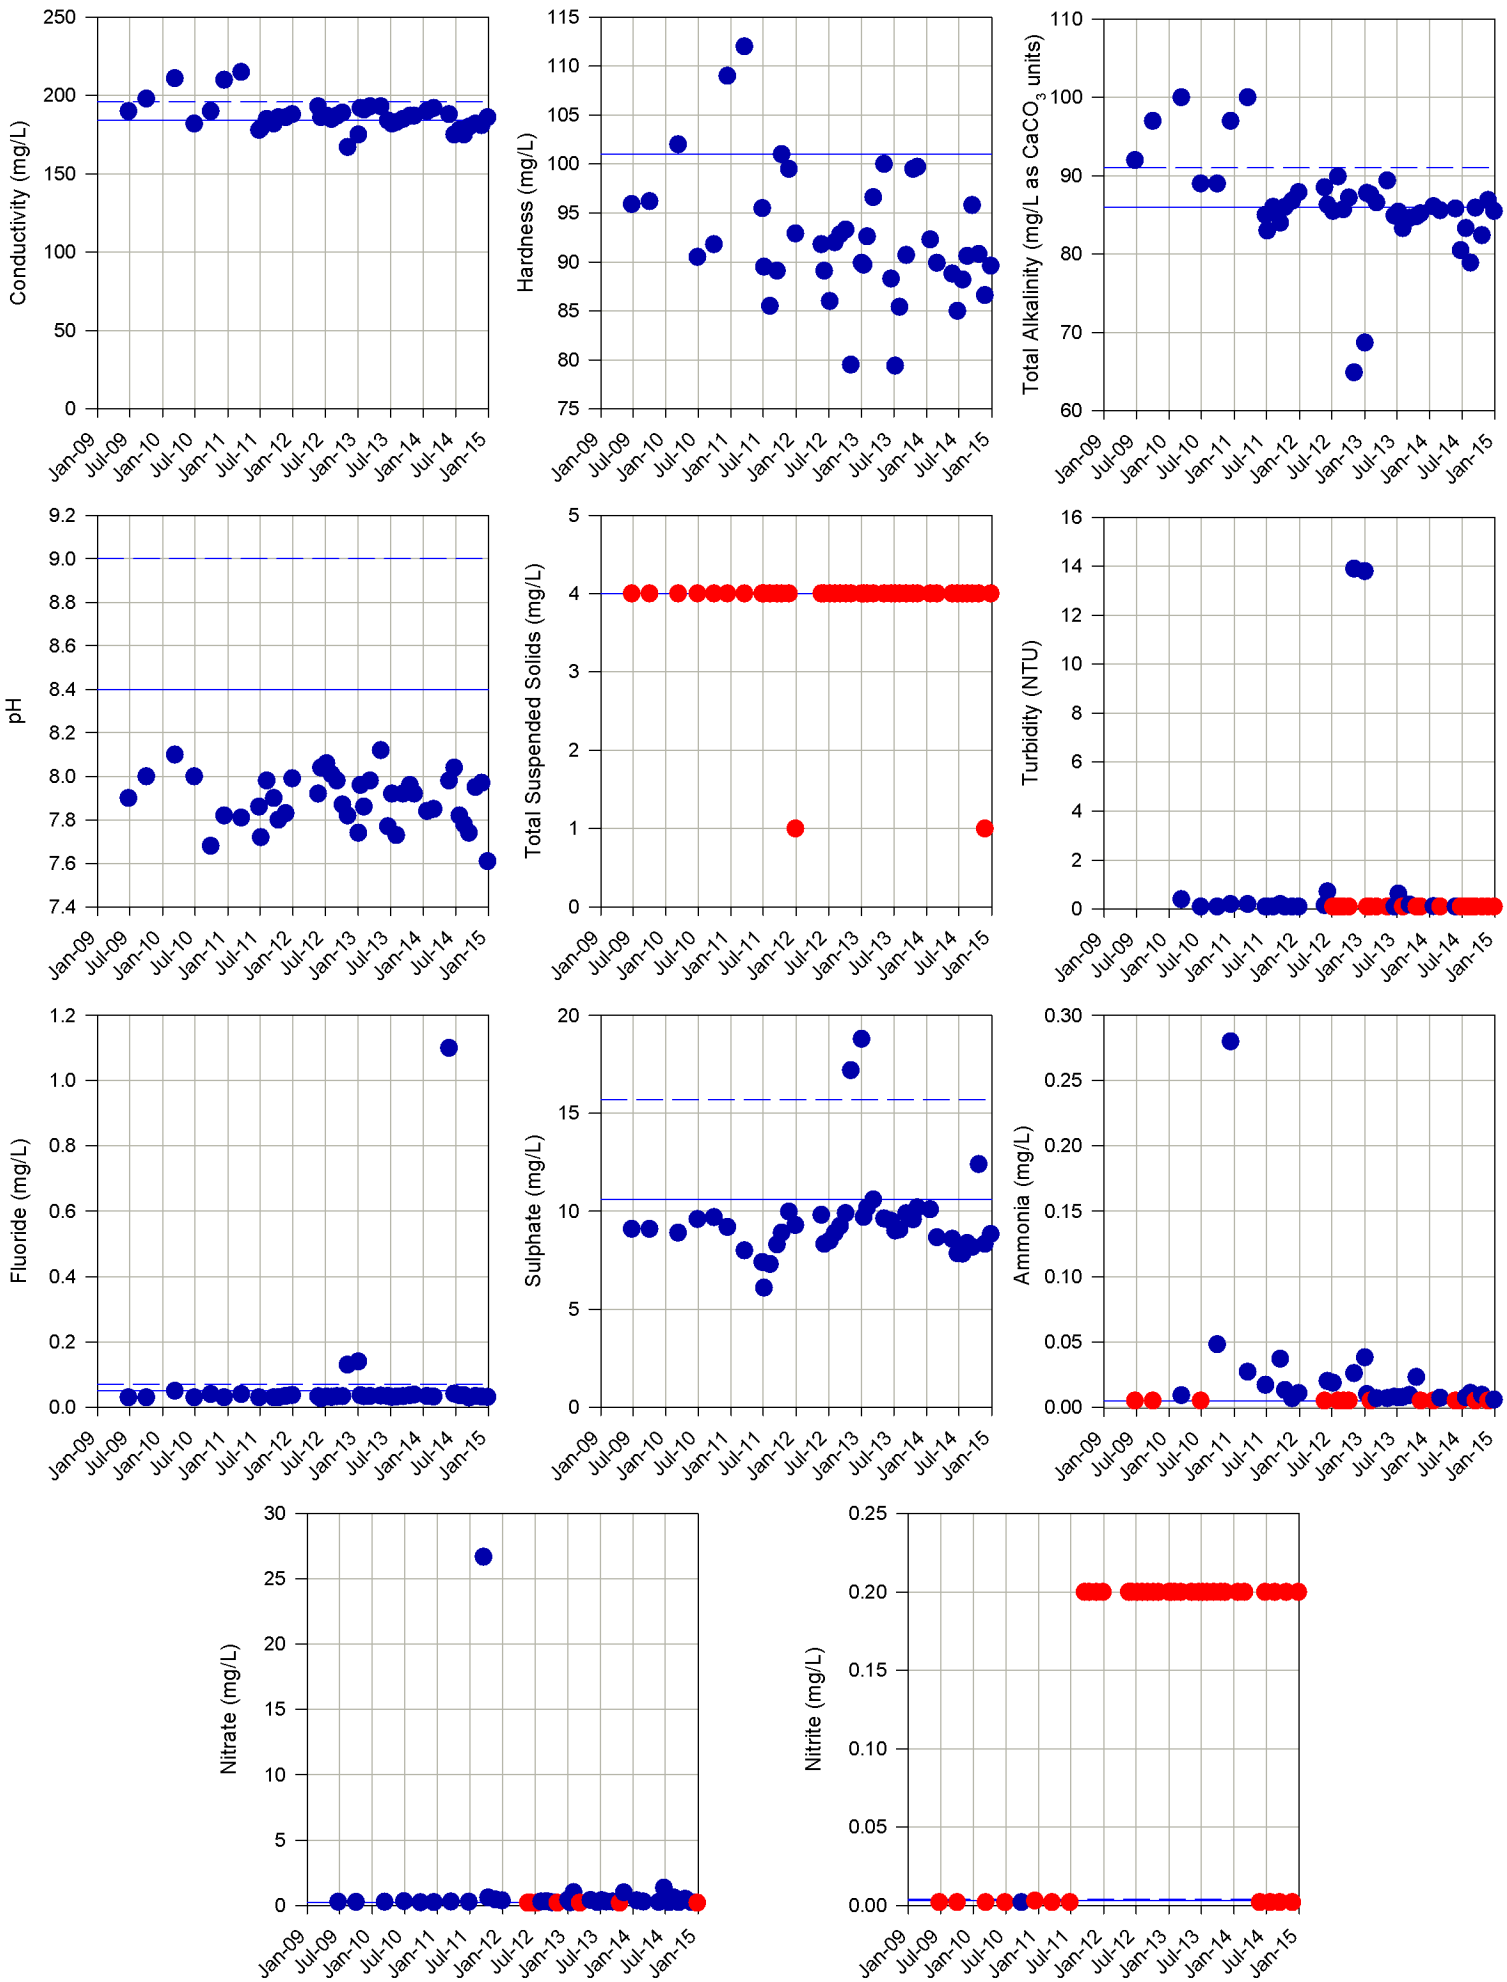

MW05-6B

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

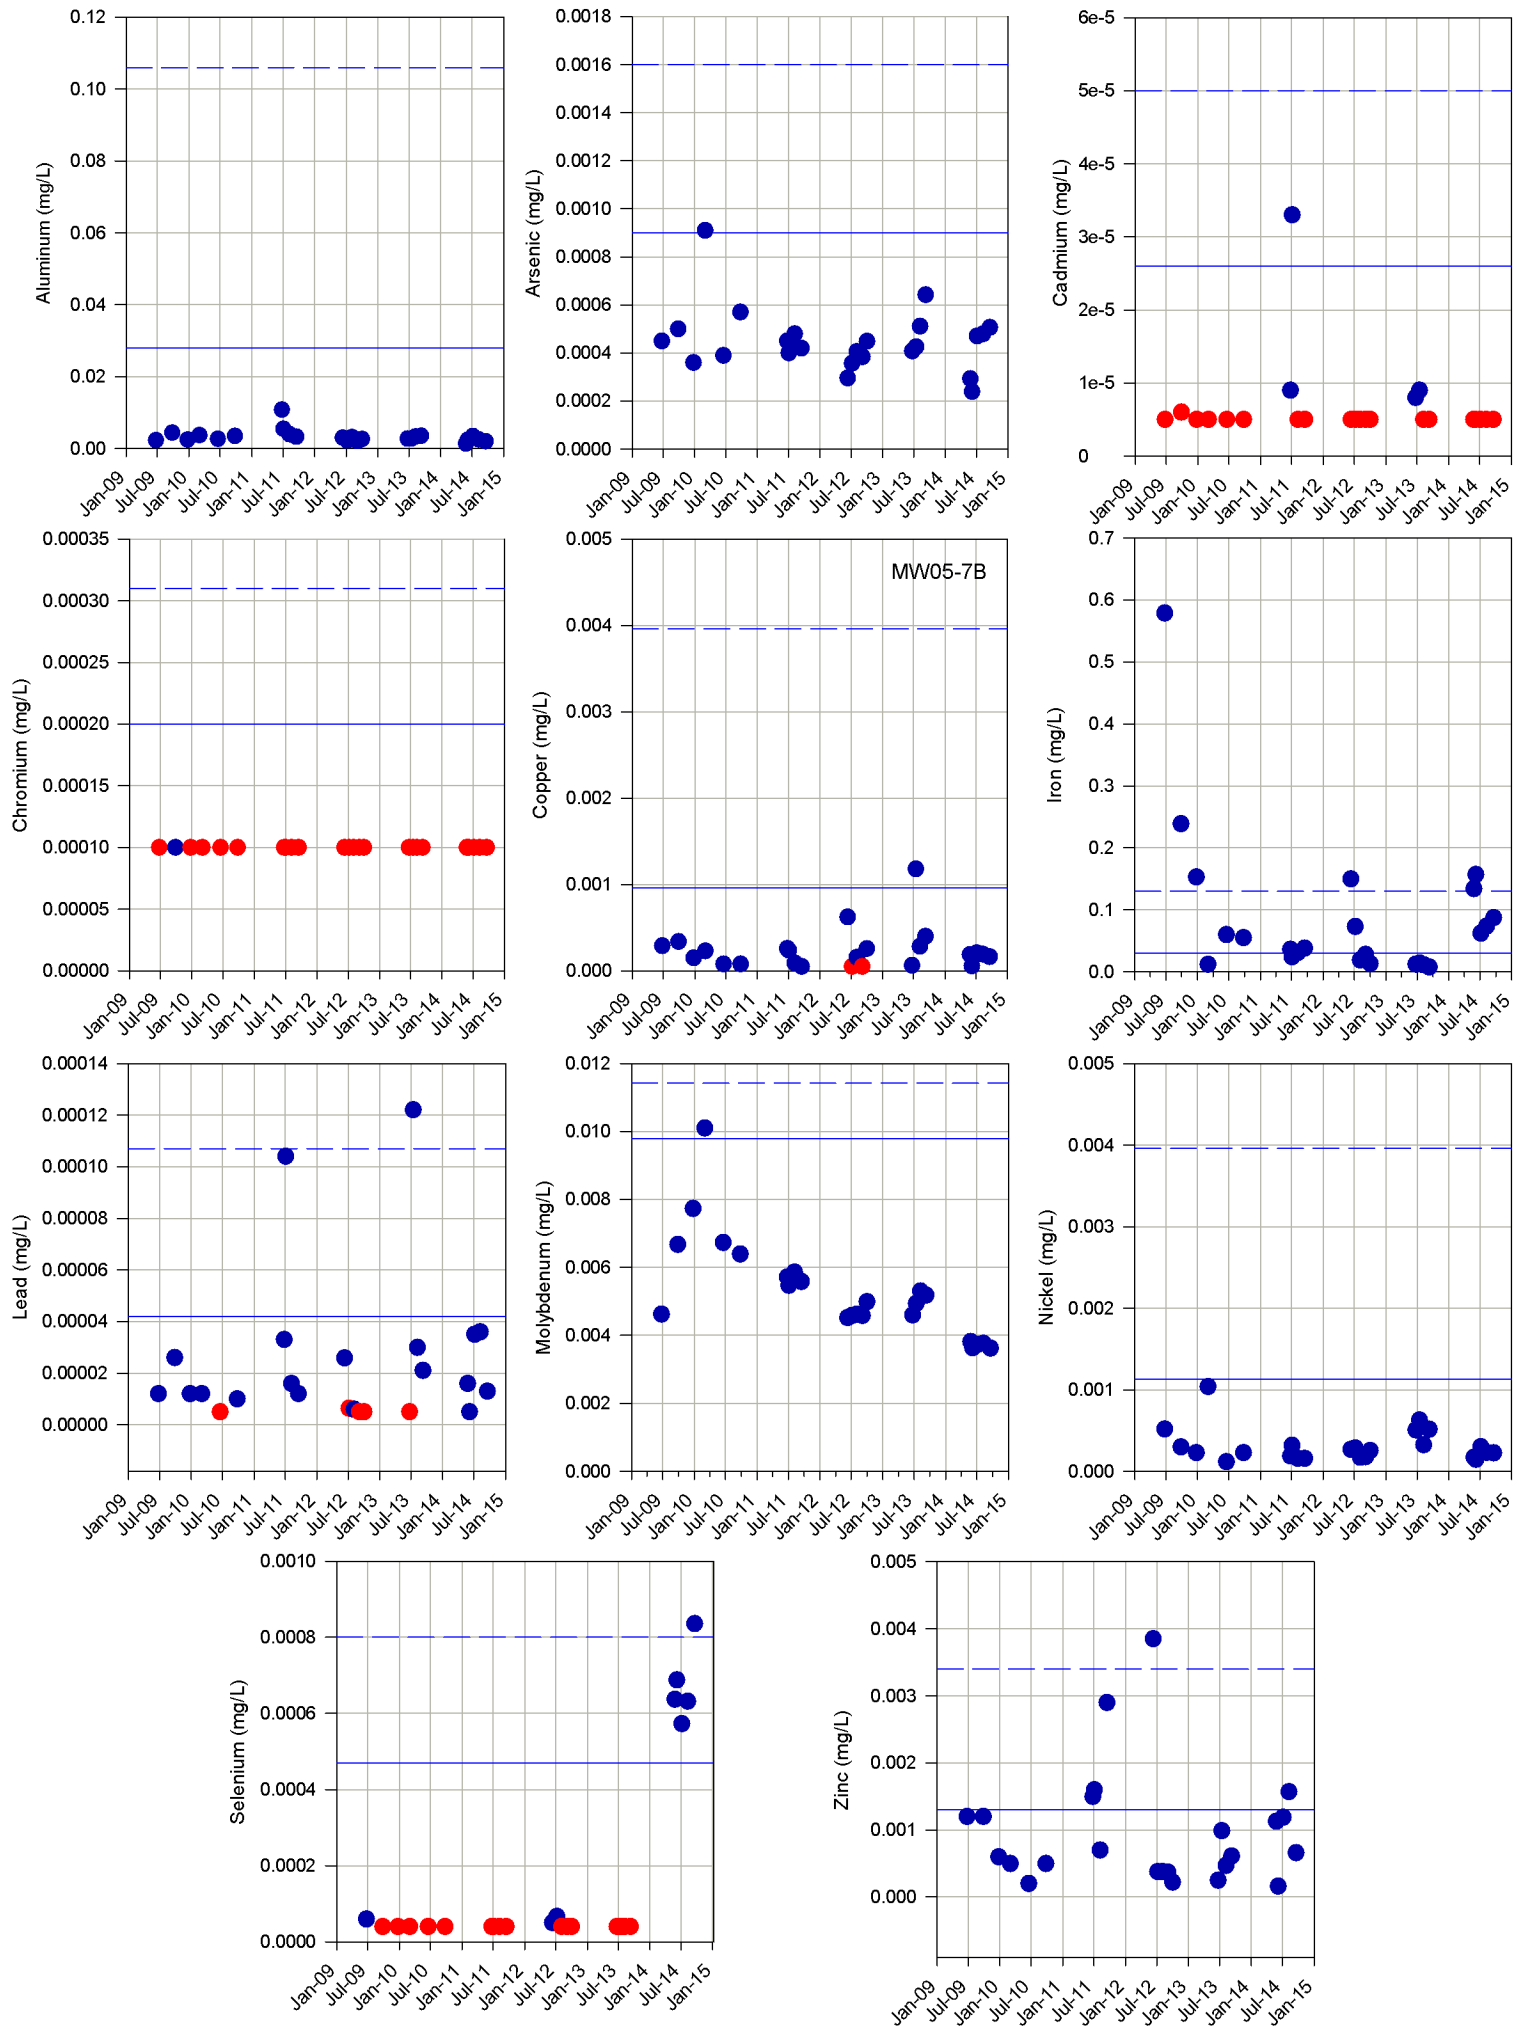

MW05-6B

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

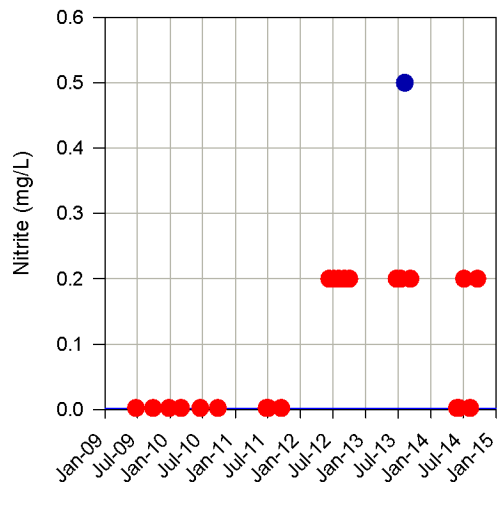

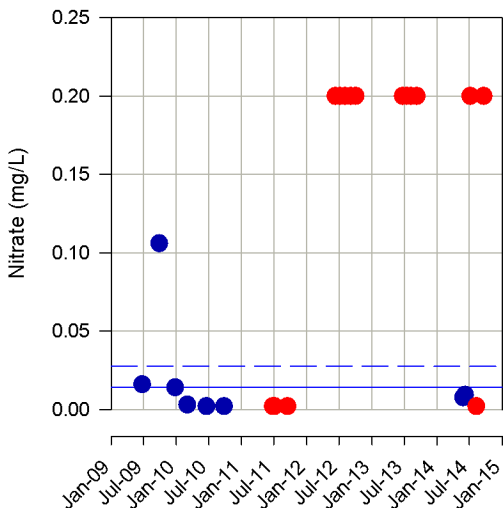

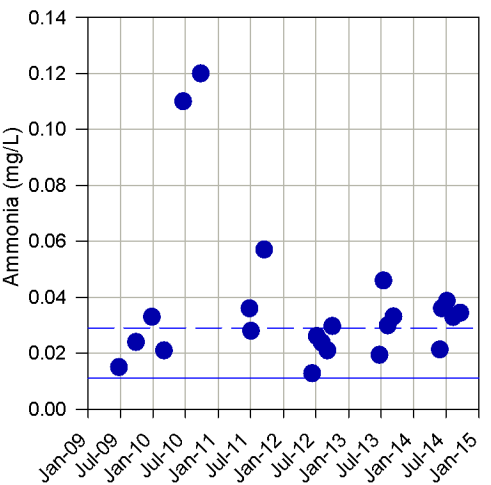

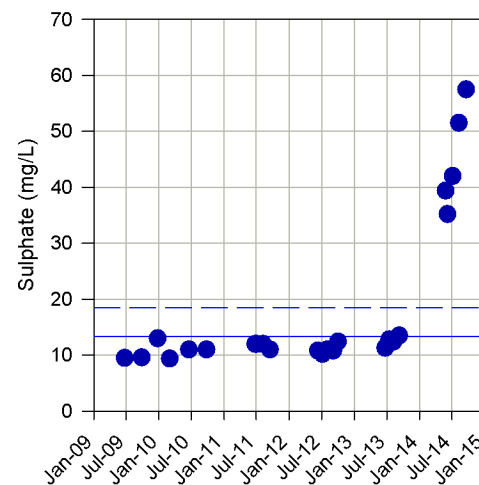

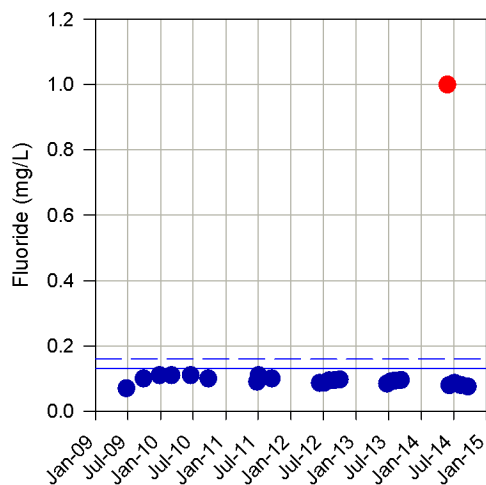

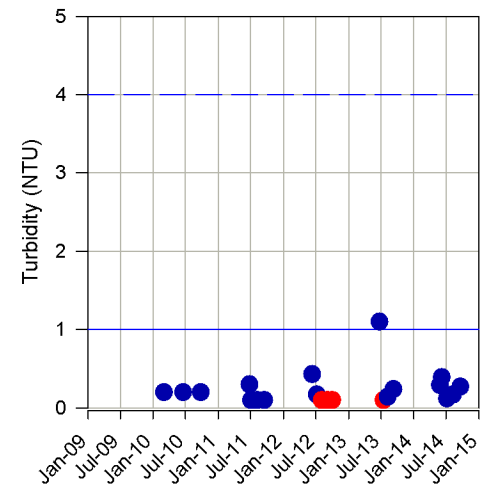

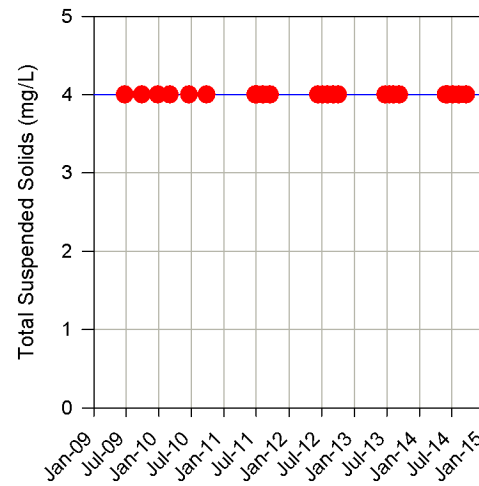

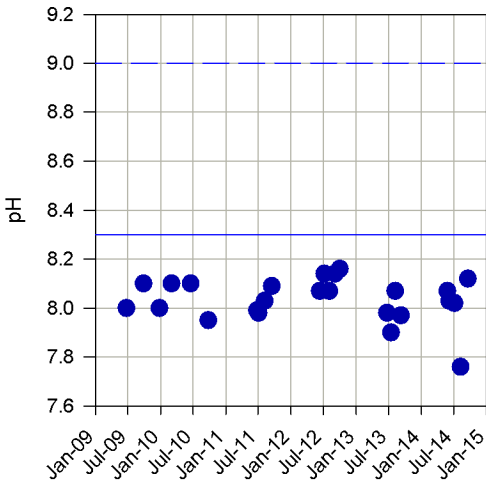

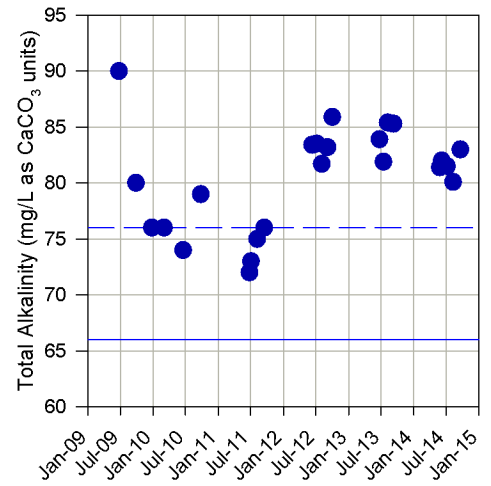

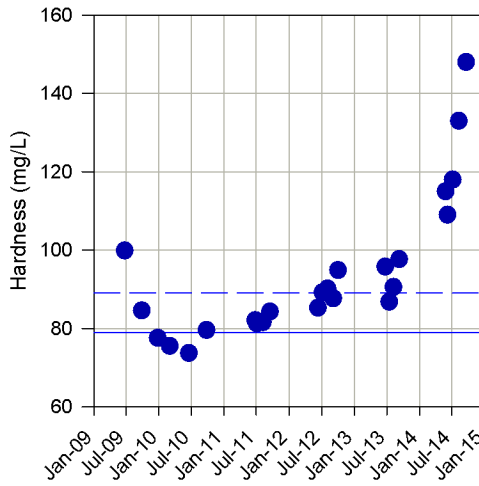

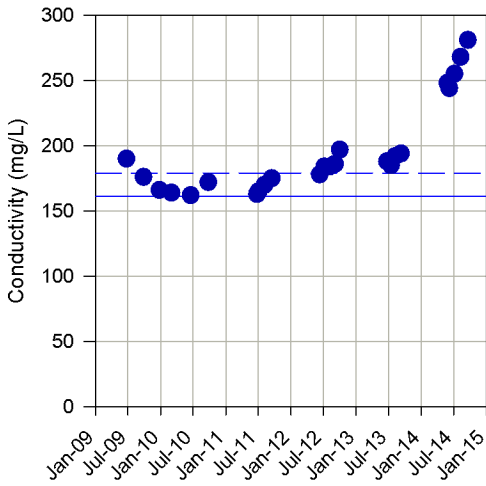

MW05-7B

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

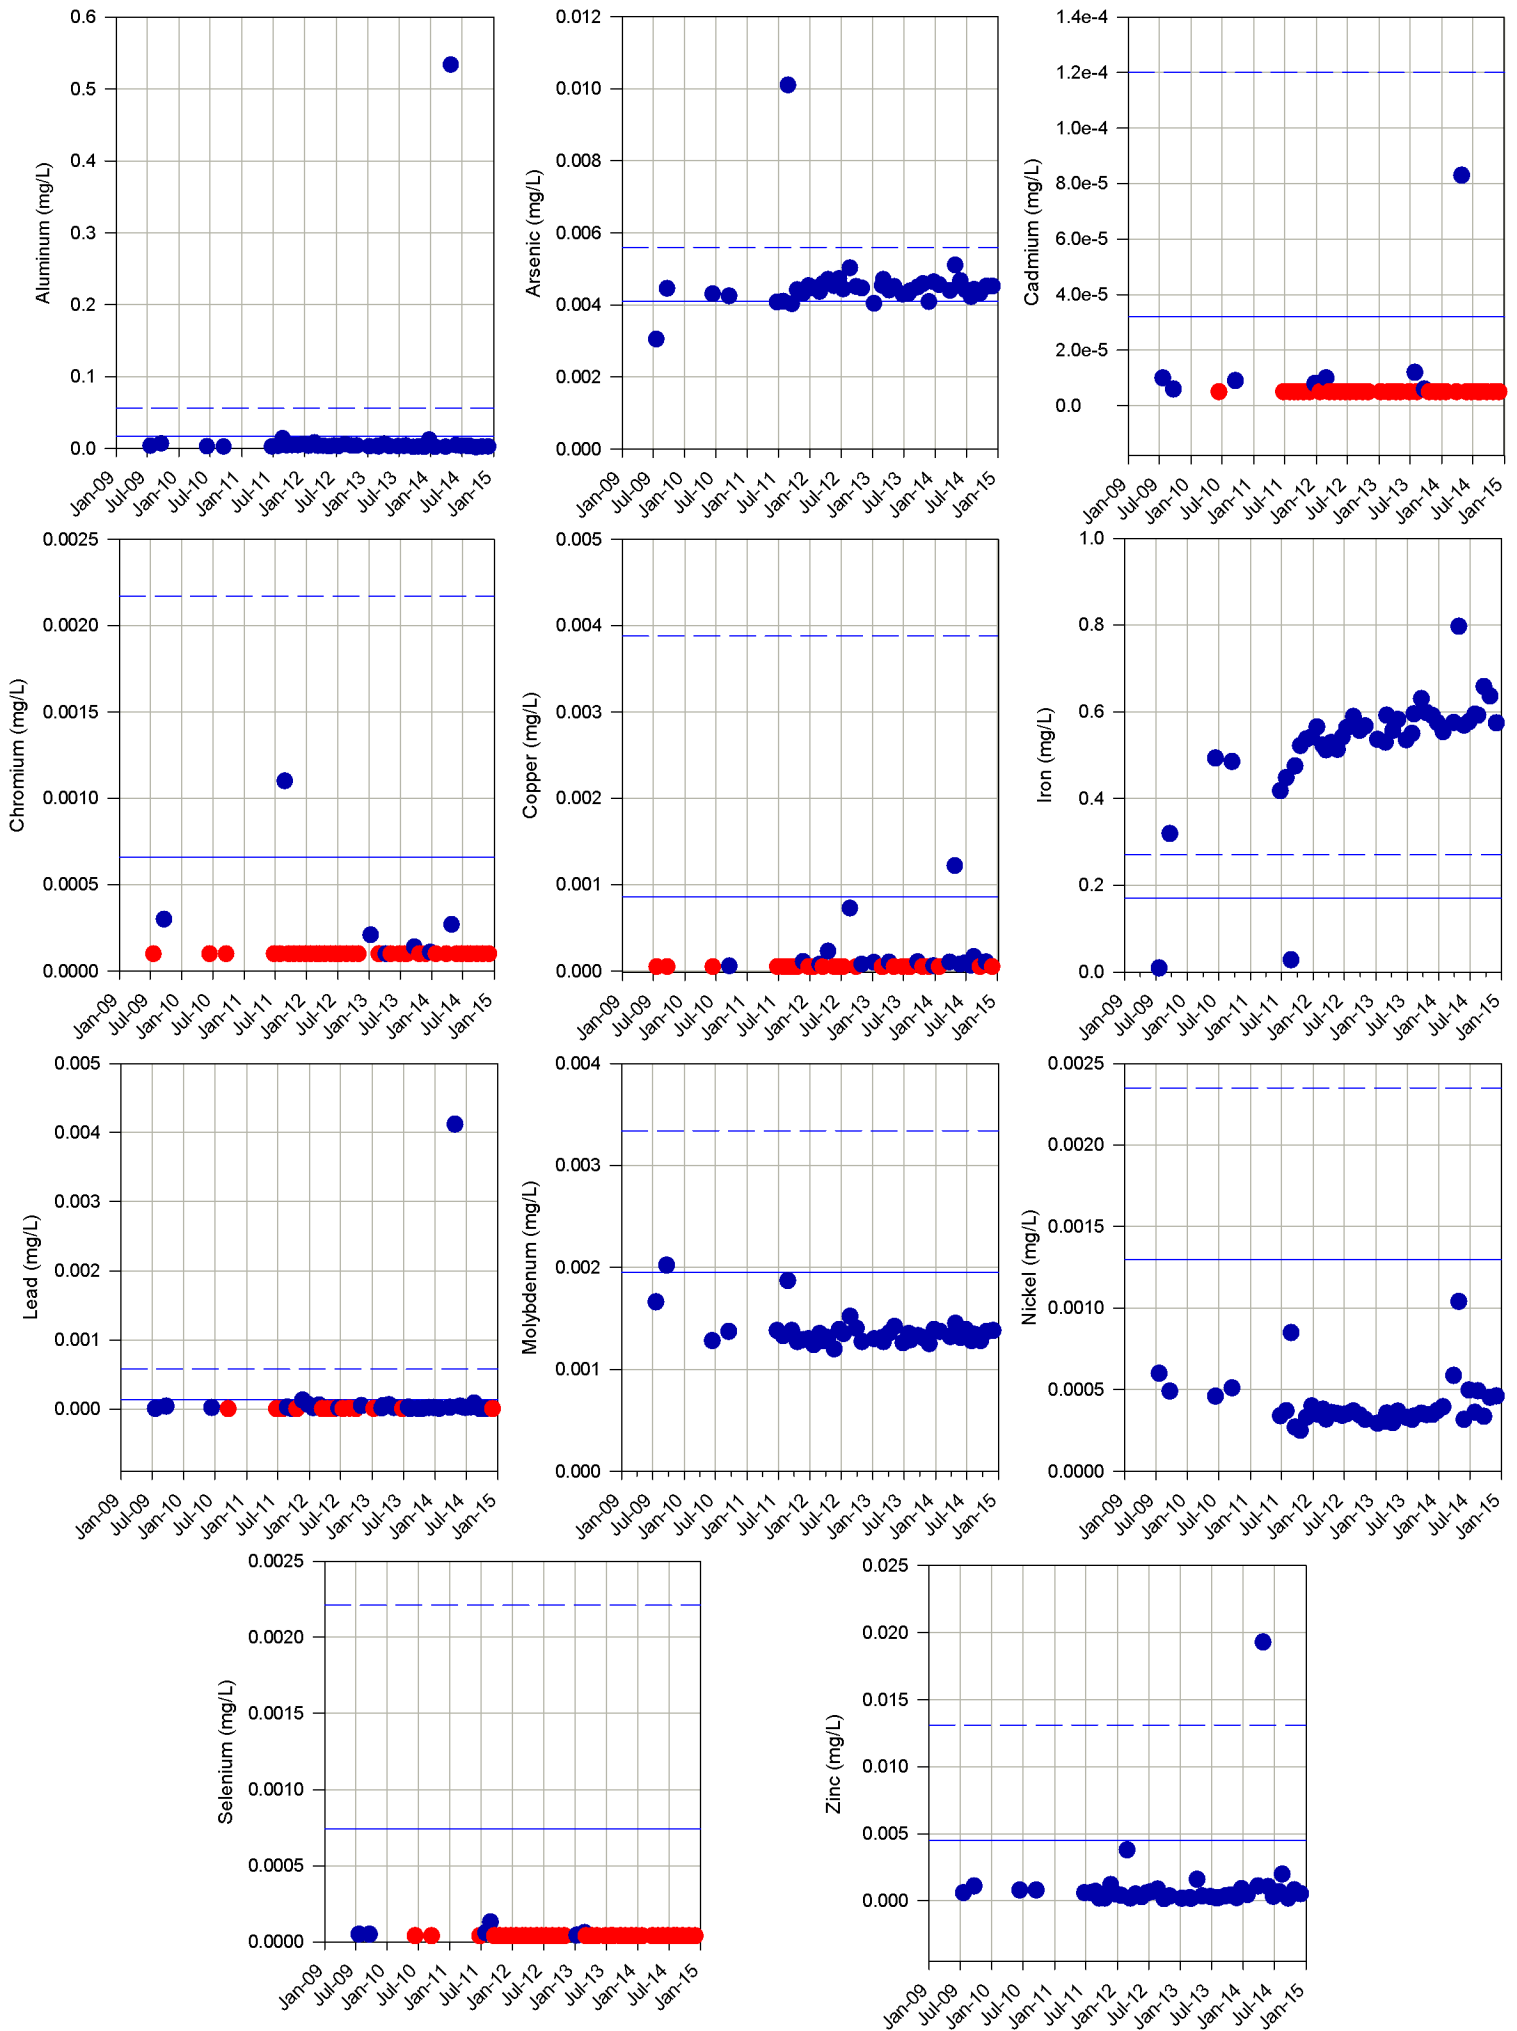

MW05-7B

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

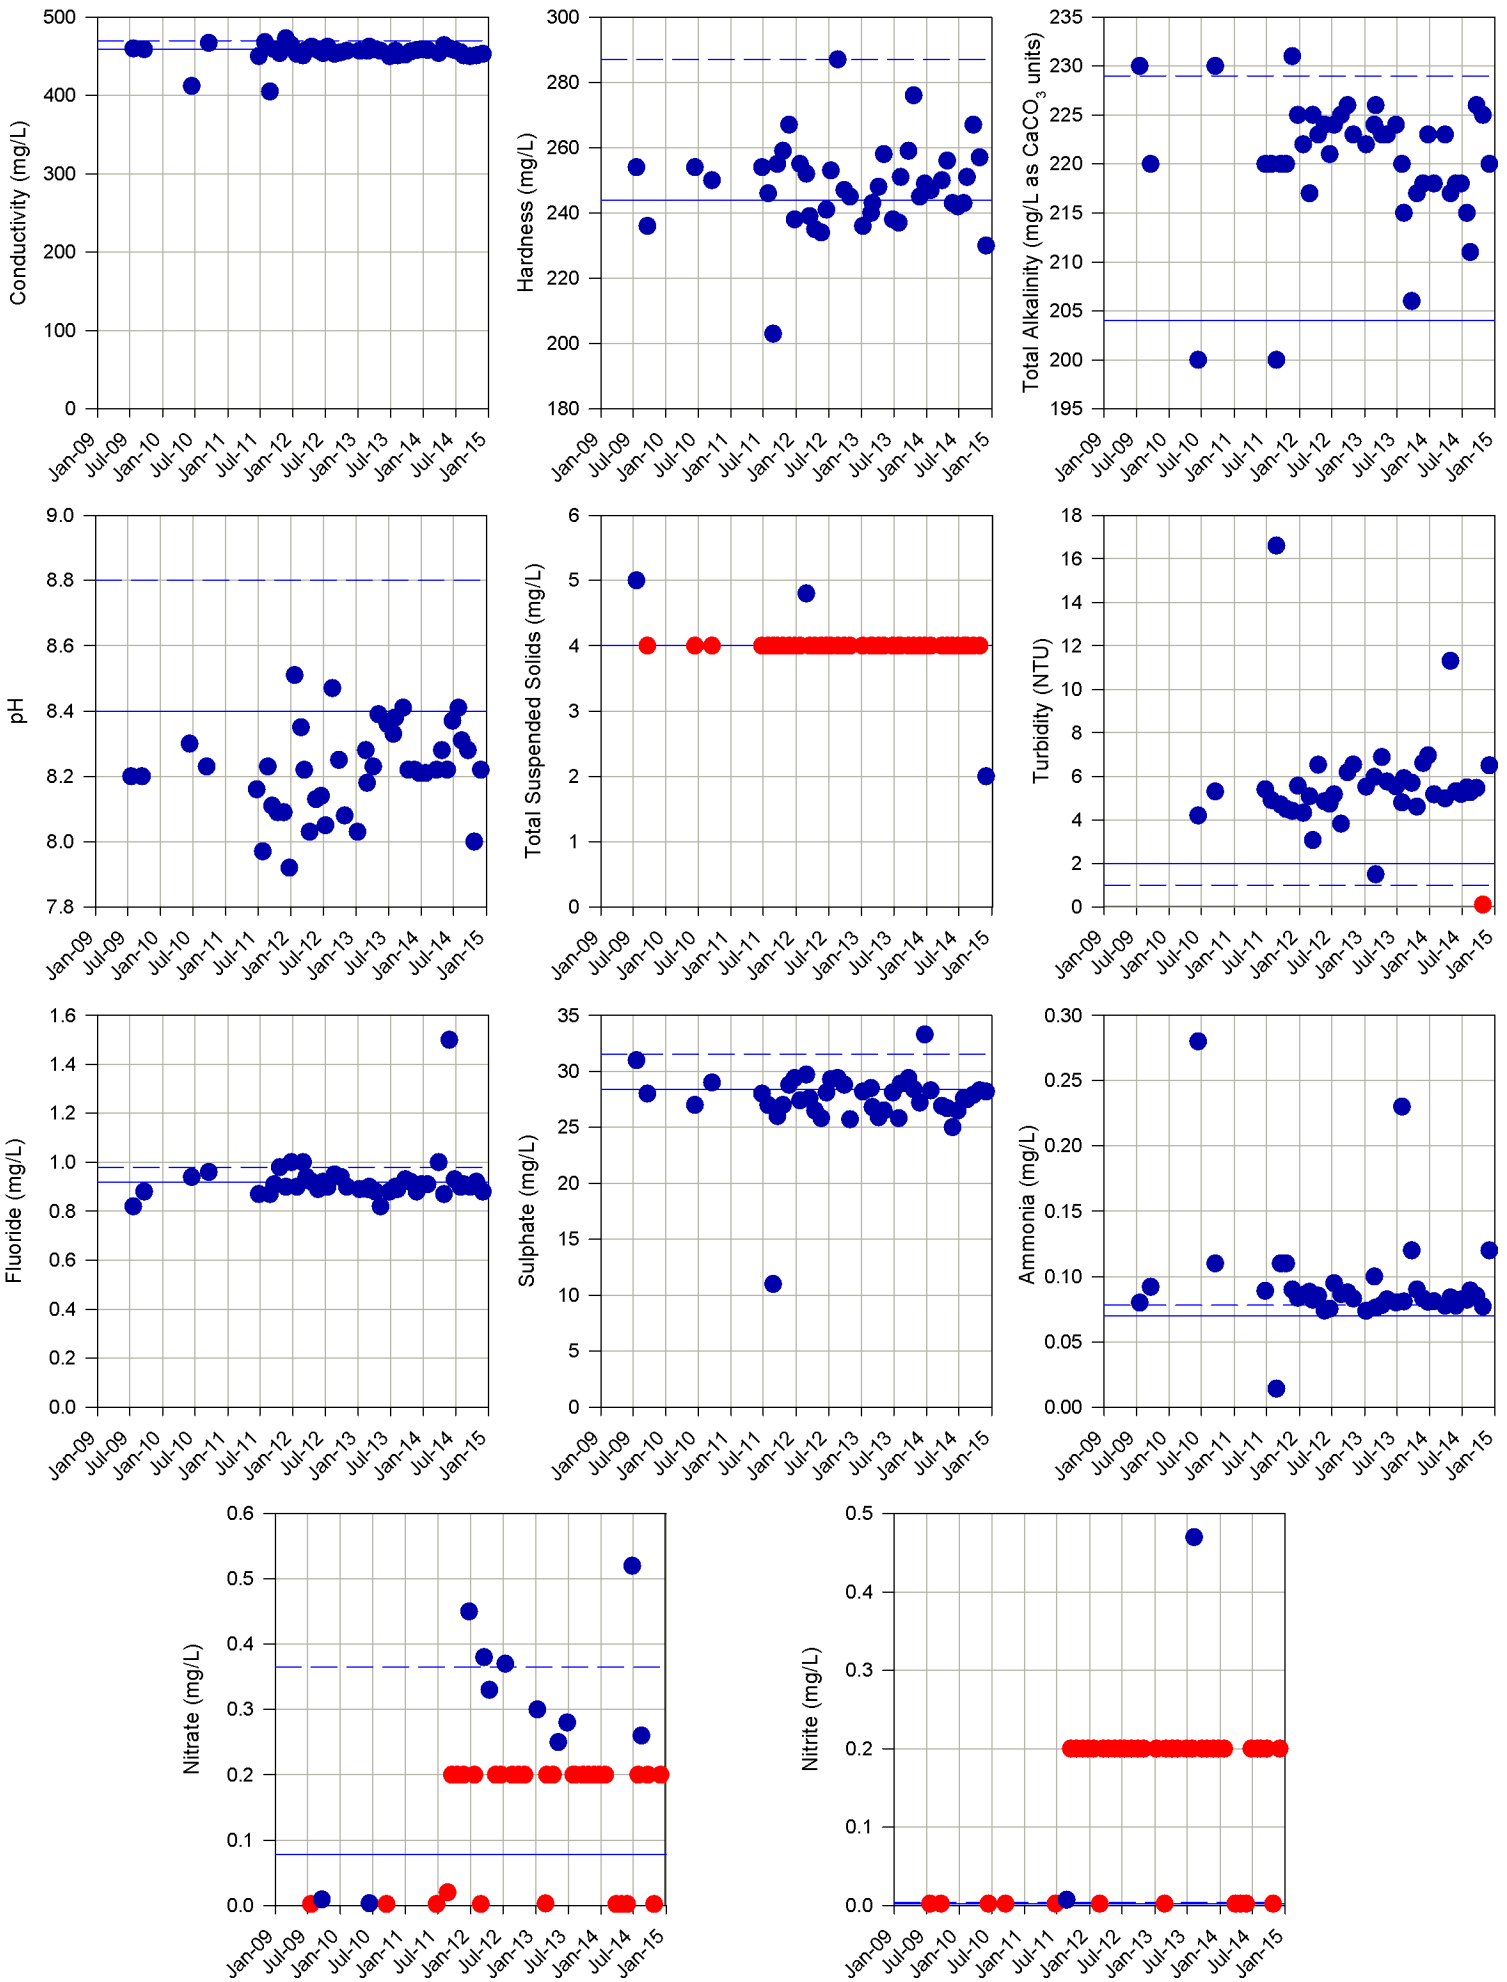

MW06-8D

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

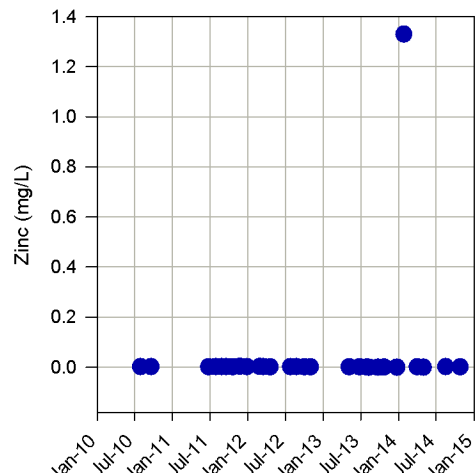

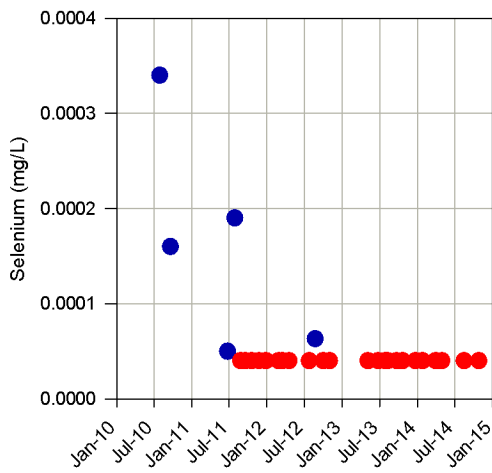

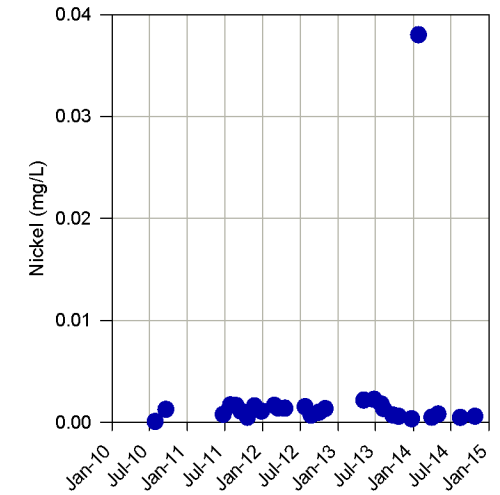

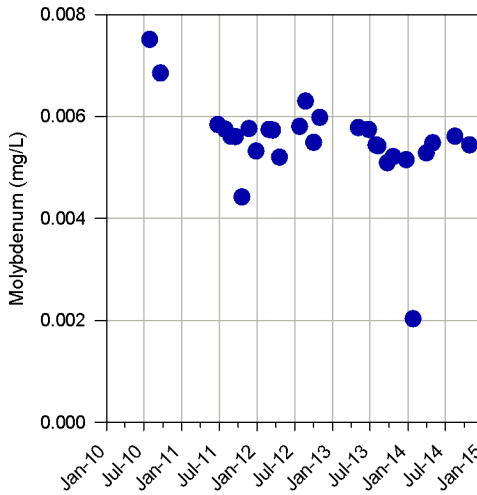

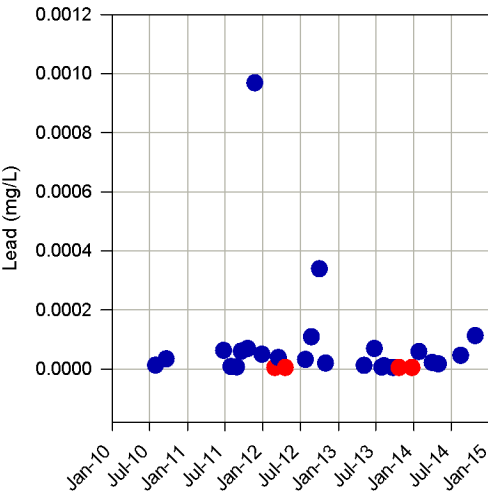

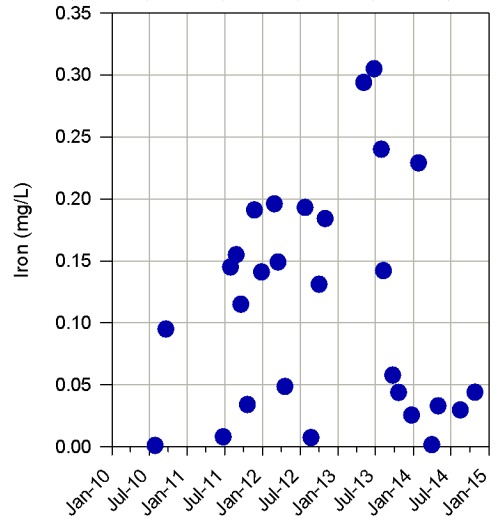

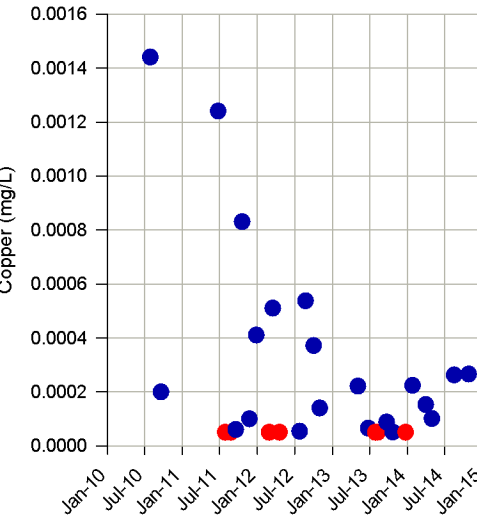

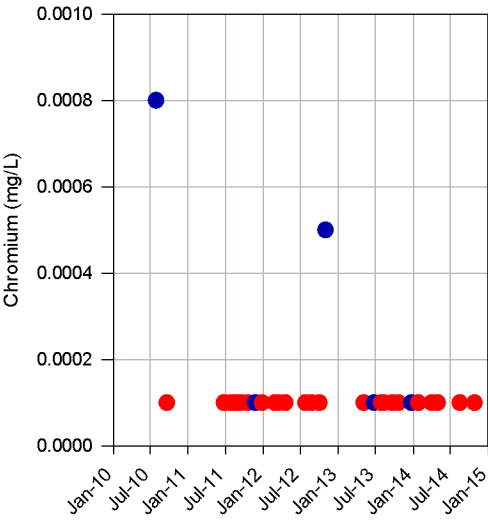

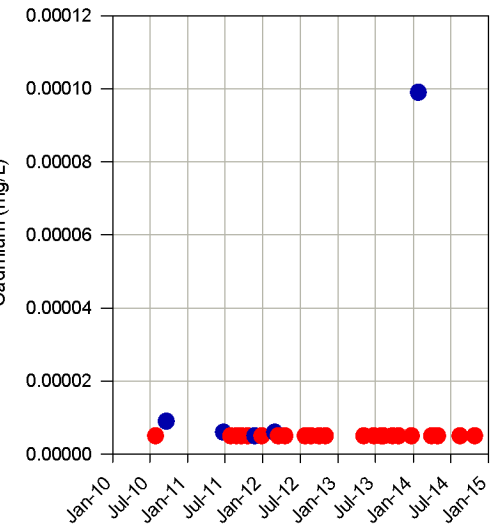

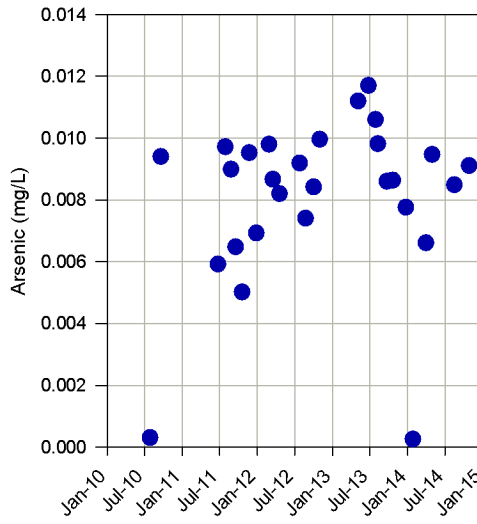

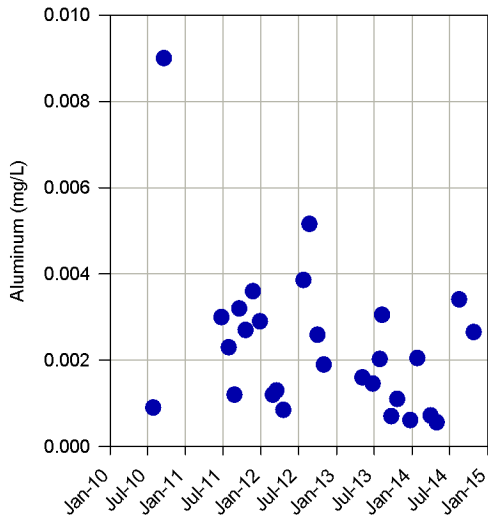

MW06-8D

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-8M

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-8M

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-8S

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-8S

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-9M

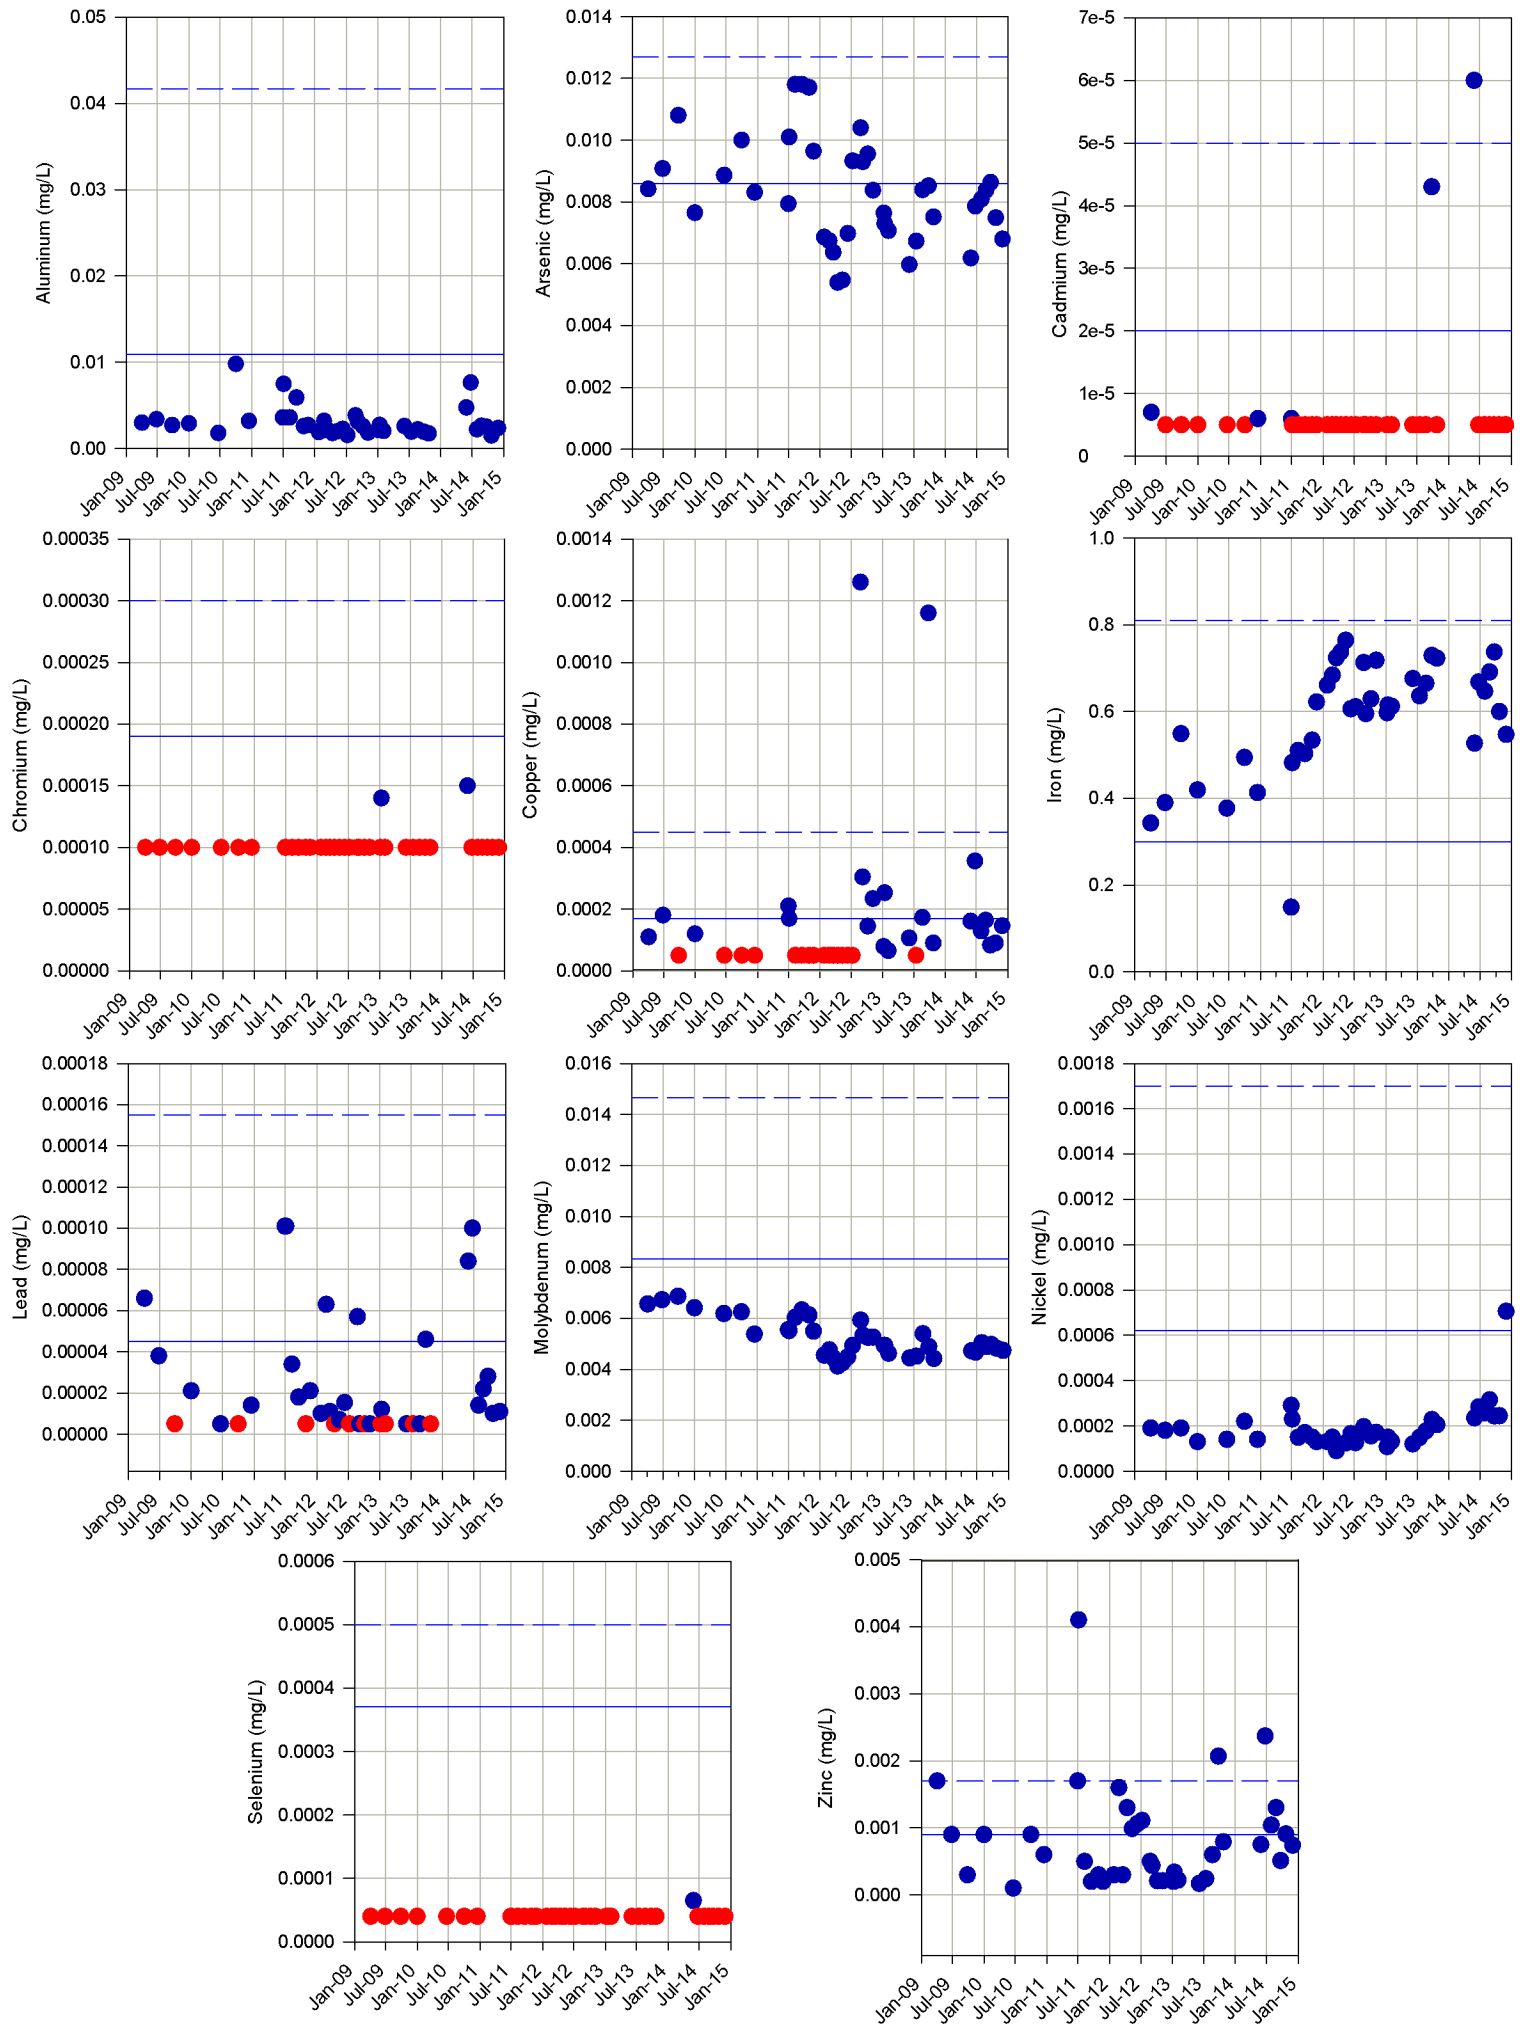

MW06-9M

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-9S

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-9S

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-10D

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-10D

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-10M

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-10M

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-10S

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-10S

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-11S

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-11S

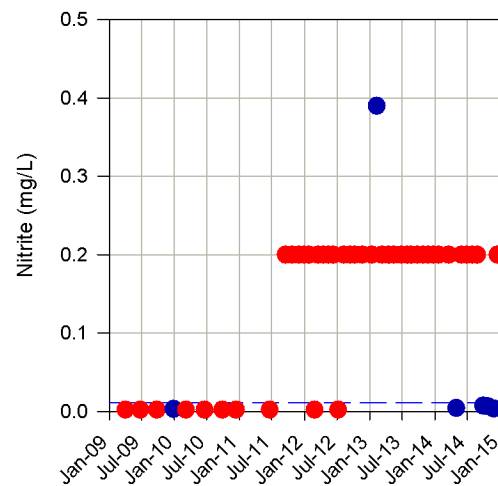

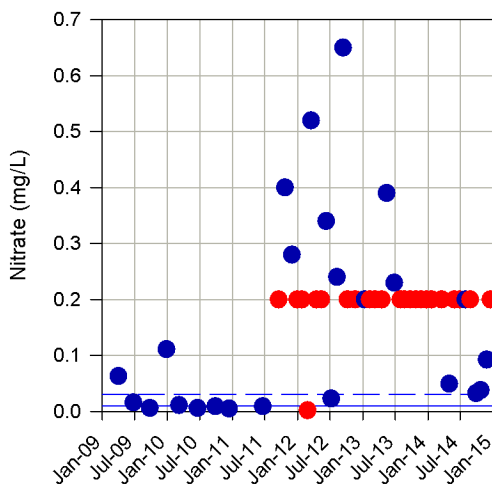

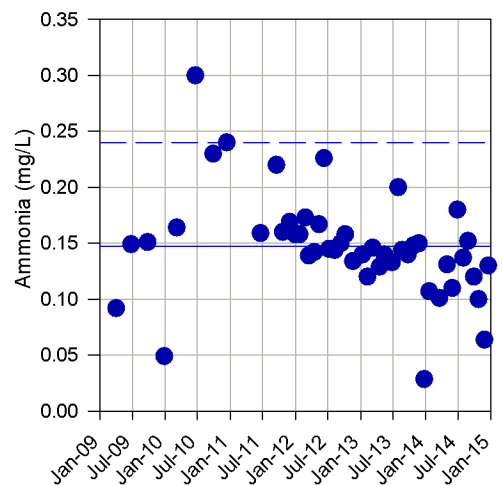

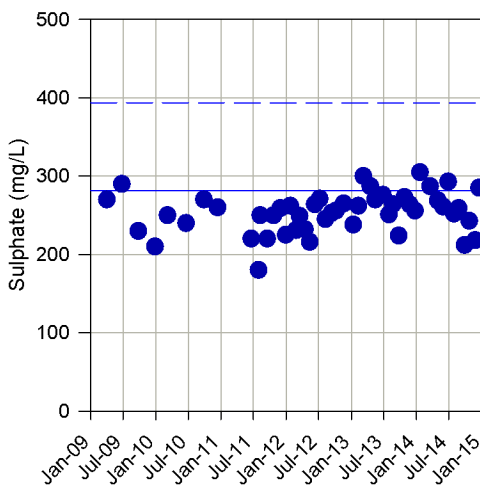

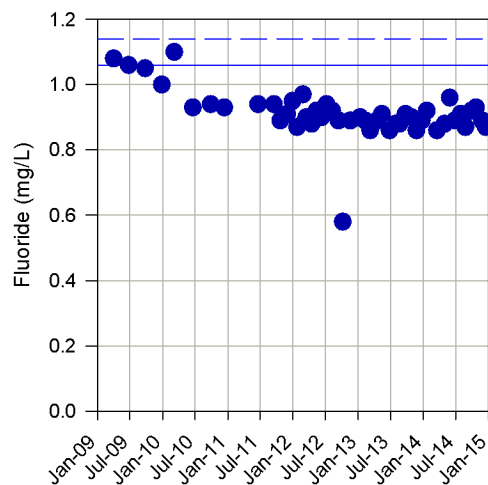

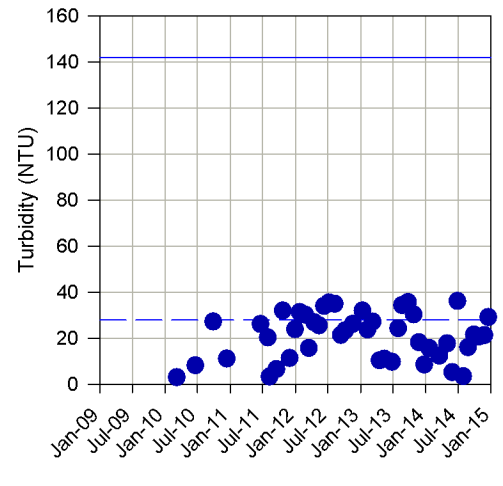

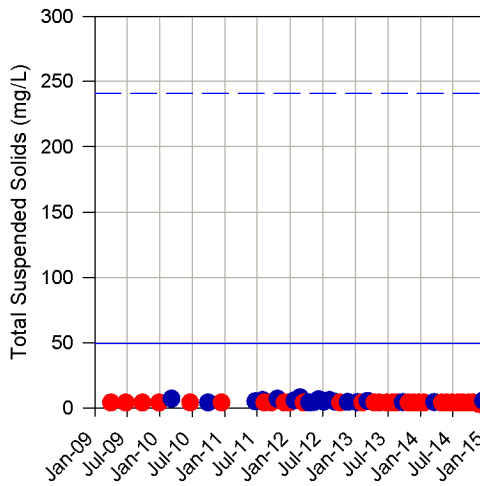

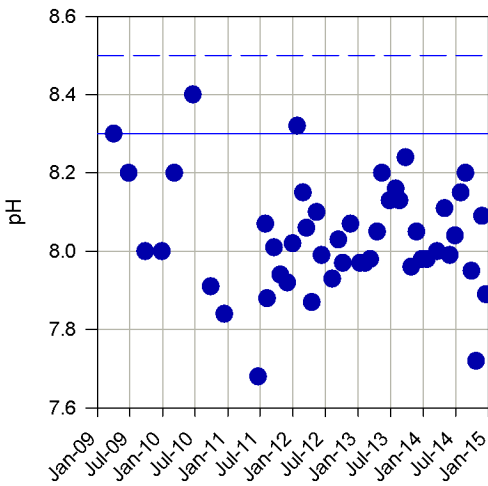

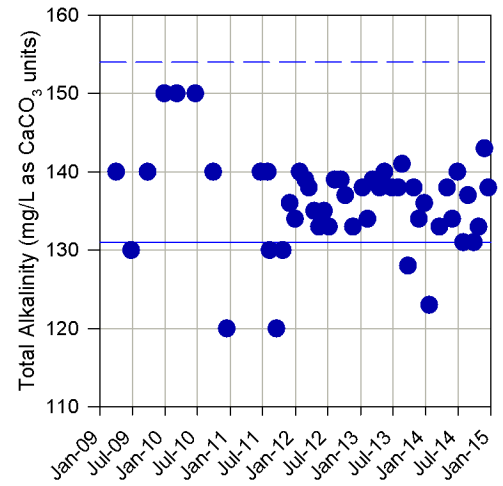

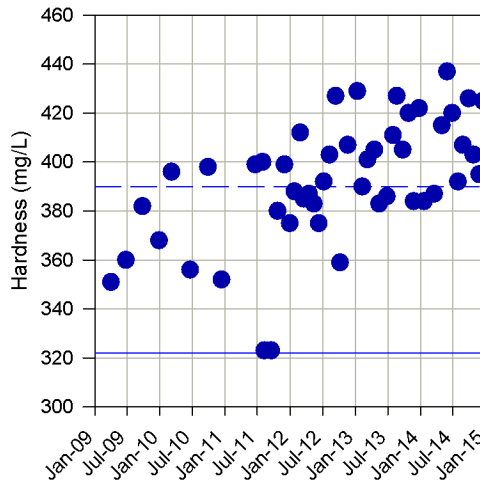

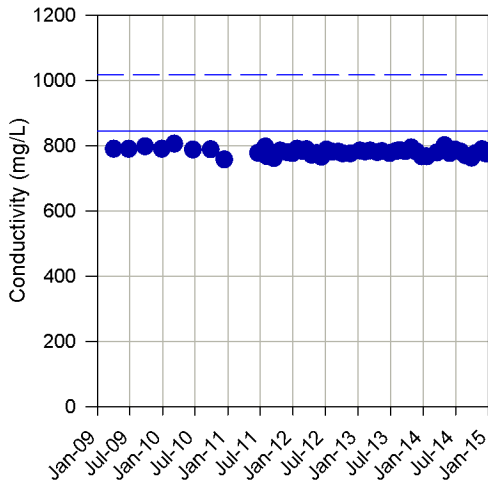

MW06-12S

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-12S

- Parameter Concentration
- Parameter Concentration less than Detection
- Baseline Average Concentration
- - - Baseline 95th Percentile Concentration

MW06-13

MW06-13
