

AURORA GEOSCIENCES

PEX-18054-YT

DATE:

Monday August 13/2018

PREPARED BY:

Darrell Epp

**LOGISTICS**

Type	Contractor	Hrs or units
Radios	Aurora	4 units
Sat Phone	Aurora	1 units
Garmin GPS	Aurora	4 units
Laptop	Aurora	1 unit
Truck	Aurora	1 unit
IP Gear	Aurora	1 unit

**Comments**

**Weather**

Warm and sunny.

**Notes (production comments, incidents, other)**

**Demob:** Issues with front end of Truck persisted. No mechanic available to assess but suggested driving back to Whitehorse could be achieved safely if done slowly. Crew departed for Whitehorse and received an Aurora Geosciences truck escort between Stewart Crossing and Whitehorse. Demob to Whitehorse from Dawson City completed.

**LOGISTICS**

Type	Contractor	Hrs or units
Radios	Aurora	4 units
Sat Phone	Aurora	1 units
Garmin GPS	Aurora	4 units
Laptop	Aurora	1 unit
Truck	Aurora	1 unit
IP Gear	Aurora	1 units

**Comments**

**Weather**

Cloudy day with strong winds. Rain late afternoon and very poor visibility late afternoon.

**Notes (production comments, incidents, other)**

**IP Survey/Demob:** Crew completed cleanup of grid. Cleanup and packing of trailer extended into the evening. As a result, crew elected to demob to Dawson and spend the night there rather than attempt the drive back to Whitehorse. Issue with front end of truck noticed in the form of strong wobble when driving on highway at highway speed. To be checked out following morning by mechanic.

**LOGISTICS**

Type	Contractor	Hrs or units
Radios	Aurora	4 units
Sat Phone	Aurora	1 units
Garmin GPS	Aurora	4 units
Laptop	Aurora	1 unit
Truck	Aurora	1 unit
IP Gear	Aurora	1 units

**Comments**

**Weather**

Warm, mostly dry day.

**Notes (production comments, incidents, other)**

**IP Survey:** Crew completed survey of 1.9 km on Line 2. One personnel from Fox assisted crew with survey throughout course for the day. Some clean up of Line 2 was completed by the end of day. Crew to return tomorrow to complete clean up of grid and begin demob.

**DATE:**

Friday August 10/2018

**PREPARED BY:**

Darrell Epp

**LOGISTICS**

Type	Contractor	Hrs or units
Radios	Aurora	4 units
Sat Phone	Aurora	1 units
Garmin GPS	Aurora	4 units
Laptop	Aurora	1 unit
Truck	Aurora	1 unit
IP Gear	Aurora	1 units

**Comments**

**Weather**

Cloudy with some minor patches of precipitation. Brief period of hail late in the afternoon.

**Notes (production comments, incidents, other)**

**IP Survey:** Crew completed survey of line 1 during first half of day. Following completion of line 1 crew cleaned up the line and completed most of the setup of line 2 for survey the following day. One Fox personnel assisted at end of day for a couple of hours with clean up of Line 1.

**DATE:**

Thursday August 9/2018

**PREPARED BY:**

Darrell Epp

**LOGISTICS**

Type	Contractor	Hrs or units
Radios	Aurora	4 units
Sat Phone	Aurora	1 units
Garmin GPS	Aurora	4 units
Laptop	Aurora	1 unit
Truck	Aurora	1 unit
IP Gear	Aurora	1 units

**Comments**

**Weather**

Periods of rain over course of the day. Cool temperatures.

**Notes (production comments, incidents, other)**

**IP Survey:** Crew returned to complete survey of Line 1. However poor ground contact conditions and wet cables/broken cables due to rock fall and animals chewing prohibited production for most of day. Crew spent majority of day improving ground contact for better signal and swapping out wet/broken cables.

DATE:

Wednesday August 8/2018

PREPARED BY:

Darrell Epp

**LOGISTICS**

Type	Contractor	Hrs or units
Radios	Aurora	4 units
Sat Phone	Aurora	1 units
Garmin GPS	Aurora	4 units
Laptop	Aurora	1 unit
Truck	Aurora	1 unit
IP Gear	Aurora	1 units

**Comments**

**Weather**

Cool, approx. 5 - 7 degrees. Rain all day.

**Notes (production comments, incidents, other)**

**IP Survey:** Injured crew member demobed today. IP crew began survey of Line 1. Delay getting to grid in the morning due to truck getting stuck on access road on way up the mountain. Crew elected to walk and take care of getting truck unstuck after shift in the evening with the help of Fox personnel.

**DATE:**

Monday August 6/2018

**PREPARED BY:**

Darrell Epp

**LOGISTICS**

Type	Contractor	Hrs or units
Radios	Aurora	4 units
Sat Phone	Aurora	1 units
Garmin GPS	Aurora	4 units
Laptop	Aurora	1 unit
Truck	Aurora	1 unit
IP Gear	Aurora	1 units

**Comments**

**Weather**

Cloudy all day. Minor precipitation in the morning.

**Notes (production comments, incidents, other)**

**IP Survey:** 4 man crew mobed to Clear Creek Camp via Truck from Whitehorse. Crew arrived at approx. 330 pm. Following arrival crew headed up the mountain to grid with IP gear and with the assistance of Fox personnel, carried IP gear and generator up to ridge in preparation for setup and survey of line the following day. One IP crew member strained his back in the process - his duty has been modified accordingly.
