Hi Debbie,

Our products have been Jet A-1, ULS Diesel, and Premium Gasoline.

If you have purchased new drums, they are \$123 + GST, which on a 205 liter drum works out to \$0.60/L

See below breakdown for your pricing FOB Whitehorse (new drums) and FOB Mayo (refilled drums with our fuel truck in Mayo).

FOB WHITEHORSE	DRUM	BASE	FET	YFT	CFT	SUBTOTAL (\$/L)	LITERS/DRUM	SUBTOTAL	GST	TOTAL	VOLUME	TOTAL \$
JET	\$0.6000	\$ 1.0000	\$0.0400	\$0.0110	\$ -	\$ 1.6510	205	\$ 338.46	\$16.92	\$355.38	20,090	\$ 34,827

ULS DIESEL	\$ -	\$ 1.0000	\$0.0400	\$0.0720	\$0.0805	\$ 1.1925	205	\$ 244.46	\$12.22	\$256.69	32,637	\$ 40,866
PREM GAS	\$ -	\$ 1.0000	\$0.1000	\$0.0620	\$0.0663	\$ 1.2283	205	\$ 251.80	\$12.59	\$264.39	-	\$ -
											SUBTOTAL	\$144,085
											GST	\$ 7,204
											TOTAL	\$151,290

Based on our records you have purchased 98 new lined drums (jet) and 100 unlined drums (diesel). So with that I'll put some assumptions to the numbers above based on the liters purchased new (FOB Whitehorse) and refilled (FOB Mayo), see below.

Our accounting shows us you spent \$148,221.45 with us in 2020, so the estimation per above is pretty accurate based on your purchases of drums FOB Whitehorse or FOB Mayo. Note that if you purchased any fuel at the cardlock in Mayo, this would be included in this as well.

Hope this helps & thanks for your business.

Cheers,  
Sean

Hi,

I've been buying fuel off you and to keep my budgets up to date, could you tell me what is the average price per litre for a drum of diesel, gas and Jet A? Also, what is the charge for the drum itself.

Thanks.  
Happy thanksgiving!
